RISK IN RELATION TO THE FIRST ISSUE

This being the first issue of the issuer, there has been no formal market for the securities of the issuer. The face value of the Equity Shares is ₹10 each. The Floor Price, Cap Price and Issue Price determined by our Company, in consultation with the Book Running Lead Manager, on the basis of the assessment of market demand for the Equity Shares by way of the Book Building Process, as stated under **“Basis for Issue Price”** on page 92 should not be considered to be indicative of the market price of the Equity Shares after the Equity Shares are listed. No assurance can be given regarding an active or sustained trading in the Equity Shares nor regarding the price at which the Equity Shares will be traded after listing.

GENERAL RISKS

Investments in Equity and Equity-related securities involve a degree of risk and investors should not invest any funds in this Issue unless they can afford to take the risk of losing their entire investment. Investors are advised to read the risk factors carefully before taking an investment decision in the Issue. For taking an investment decision, investors must rely on their own examination of our Company and the Issue including the risks involved. The Equity Shares issued in the Issue have not been recommended or approved by the Securities and Exchange Board of India (“SEBI”), nor does SEBI guarantee the accuracy or adequacy of the Prospectus. Specific attention of the investors is invited to the section **“Risk Factors”** beginning on page 28 of this Prospectus.

ISSUER’S ABSOLUTE RESPONSIBILITY

The Company, having made all reasonable inquiries, accepts responsibility for and confirms that this Prospectus contains all information with regard to the Company and the Issue, which is material in the context of the Issue, that the information contained in this Prospectus is true and correct in all material aspects and is not misleading in any material respect, that the opinions and intentions expressed herein are honestly held and that there are no other facts, the omission of which makes this Prospectus as a whole or any of such information or the expression of any such opinions or intentions, misleading in any material respect.

LISTING

The Equity Shares Issued through Prospectus are proposed to be listed on the SME Platform of BSE (“BSE SME”). In terms of the Chapter IX of the SEBI (ICDR) Regulations, 2018 as amended from time to time, our Company has received “in-principle” approval letter dated August 11, 2025 from BSE (BSE SME) for using its name in the Offer Document. For the purpose of this Issue, the Designated Stock Exchange will be the BSE Limited (“BSE”).

CERTAIN CONVENTIONS, USE OF FINANCIAL INFORMATION AND MARKET DATA AND CURRENCY
OF FINANCIAL PRESENTATION

Certain Conventions

All references in the Prospectus to “India” are to the Republic of India. All references in the Prospectus to the “U.S.”, “USA” or “United States” are to the United States of America.

In this Prospectus, unless the context otherwise requires, all references to one gender also refers to another gender and the word “Lac / Lakh” means “one hundred thousand”, the word “million (mn)” means “Ten Lac / Lakh”, the word “Crore” means “ten million” and the word “billion (bn)” means “one hundred crore”. In this Prospectus, any discrepancies in any table between total and the sum of the amounts listed are due to rounding-off. All figures in decimals have been rounded off to the second decimal and all percentage figures have been rounded off to two decimal places. In certain instances, (i) the sum or percentage change of such numbers may not conform exactly to the total figure given; and (ii) the sum of the numbers in a column or row in certain tables may not conform exactly to the total figure given for that column or row.

Use of Financial Data

Unless stated otherwise, throughout this Prospectus, all figures have been expressed in Rupees and Lakh. Unless stated otherwise, the financial data in the Prospectus is derived from our restated financial information prepared for the 6 months ended on September 30, 2025 and fiscal ended on March 31, 2025, March 31, 2024 and March 31, 2023 in accordance with Indian GAAP, the Companies Act and SEBI (ICDR) Regulations, 2018 included under Section titled ***“Financial Information of the Company”*** beginning on page 152 of this Prospectus.

Gallard Steel Limited acquired 100% shareholding of Sleeploop India Private Limited on February 16, 2024, thereby making it a wholly-owned subsidiary of the Company. Accordingly, the restated financial information includes consolidated financial information for the financial year 2023-24 & F.Y. 2024-25 and the six-month period ended September 30, 2025 and standalone financial information for the financial year 2022-23.

There are significant differences between Indian GAAP, the International Financial Reporting Standards (“IFRS”) and the Generally Accepted Accounting Principles in the United States of America (“U.S. GAAP”). Accordingly, the degree to which the Indian GAAP financial statements included in this Prospectus will provide meaningful information is entirely dependent on the reader’s level of familiarity with Indian accounting practice and Indian GAAP. Any reliance by persons not familiar with Indian accounting practices on the financial disclosures presented in this Prospectus should accordingly be limited. We have not attempted to explain those differences or quantify their impact on the financial data included herein and we urge you to consult your own advisors regarding such differences and their impact on our financial data.

Any percentage amounts, as set forth in ***“Risk Factors”***, ***“Our Business”***, ***“Management’s Discussion and Analysis of Financial Condition and Results of Operations”*** and elsewhere in the Prospectus unless otherwise indicated, have been calculated on the basis of the Company’s restated financial statements prepared in accordance with the applicable provisions of the Companies Act, Indian GAAP and restated in accordance with SEBI (ICDR) Regulations, 2018, as stated in the report of our Peer Review Auditor, set out in section titled ***“Financial Information of the Company”*** beginning on page 152 of this Prospectus. Our fiscal year commences on April 1 of every year and ends on March 31st of every next year.

For additional definitions used in this Prospectus, see the section ***“Definitions and Abbreviations”*** on page 1 of this Prospectus. In the section titled ***“Main Provisions of the Articles of Association”***, on page 299 of the Prospectus defined terms have the meaning given to such terms in the Articles of Association of our Company.

Use of Industry & Market Data

Unless stated otherwise, industry and market data and forecast used throughout the Prospectus has been obtained from industry publications report as well as Government Publications. Industry publication data and website data generally state that the information contained therein has been obtained from sources believed to be reliable, but that their accuracy and completeness and underlying assumptions are not guaranteed and their reliability cannot be assured.

Although, we believe industry and market data used in the Prospectus is reliable, it has not been independently verified by us or the BRLM or any of their affiliates or advisors. Similarly, internal Company reports and data, while believed by us to be reliable, have not been verified by any independent source. There are no standard data gathering methodologies in the industry in which we conduct our business and methodologies and assumptions may vary widely among different market and industry sources.

In accordance with the SEBI (ICDR) Regulations, 2018 the section titled ***“Basis for Issue Price”*** on page 92 of the Prospectus includes information relating to our peer group companies. Such information has been derived from publicly available sources and neither we, nor the BRLM, have independently verified such information.

Currency of Financial Presentation

All references to “Rupees” or “INR” or “₹” or “₹” are to Indian Rupees, the official currency of the Republic of India. Except where specified, including in the section titled ***“Industry Overview”*** throughout the Prospectus all figures have been expressed in Lakhs.

Any percentage amounts, as set forth in ***“Risk Factors”***, ***“Our Business”***, ***“Management's Discussion and Analysis of Financial Conditions and Results of Operations”*** on page 28, 107 and 220 respectively of this Prospectus, unless otherwise indicated, have been calculated based on our restated financial statements prepared in accordance with Indian GAAP.

The Prospectus contains conversion of certain US Dollar and other currency amounts into Indian Rupees that have been presented solely to comply with the requirements of the SEBI (ICDR) Regulations, 2018. These conversions should not be construed as a representation that those US Dollar or other currency amounts could have been, or can be converted into Indian Rupees, at any particular rate.

FORWARD LOOKING STATEMENTS

This Prospectus includes certain “forward-looking statements”. We have included statements in the Prospectus which contain words or phrases such as “will”, “aim”, “is likely to result”, “believe”, “expect”, “will continue”, “anticipate”, “estimate”, “intend”, “plan”, “contemplate”, “seek to”, “future”, “objective”, “goal”, “project”, “should”, “will pursue” and similar expressions or variations of such expressions, that are “forward-looking statements”. Also, statements which describe our strategies, objectives, plans or goals are also forward looking statements.

All forward looking statements are subject to risks, uncertainties and assumptions about us that could cause actual results to differ materially from those contemplated by the relevant forward-looking statement. Forward-looking statements reflect our current views with respect to future events and are not a guarantee of future performance. These statements are based on our management’s beliefs and assumptions, which in turn are based on currently available information. Although we believe the assumptions upon which these forward-looking statements are based are reasonable, any of these assumptions could prove to be inaccurate and the forward-looking statements based on these assumptions could be incorrect. Important factors that could cause actual results to differ materially from our expectations include but are not limited to:

1. General economic and business conditions in the markets in which we operate and in the local, regional, national and international economies;
2. Any change in government policies resulting in increases in taxes payable by us;
3. Our ability to retain our key managements persons and other employees;
4. Changes in laws and regulations that apply to the industries in which we operate.
5. Our failure to keep pace with rapid changes in technology;
6. Our ability to grow our business;
7. General economic, political and other risks that are out of our control;
8. Inflation, deflation, unanticipated turbulence in interest rates, equity prices or other rates or prices;
9. Company’s ability to successfully implement its growth strategy and expansion plans;
10. Failure to comply with regulations prescribed by authorities of the jurisdictions in which we operate;
11. Inability to successfully obtain registrations in a timely manner or at all;
12. Occurrence of Environmental Problems & Uninsured Losses;
13. Conflicts of interest with affiliated companies, the promoter group and other related parties;
14. Any adverse outcome in the legal proceedings in which we are involved;
15. Concentration of ownership amongst our Promoters;
16. The performance of the financial markets in India and globally;
17. Global distress due to pandemic, war or by any other reason.

For further discussion of factors that could cause our actual results to differ, see the Section titled ***“Risk Factors”, “Our Business” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations”*** beginning on page 28, 107 and 220 respectively of the Prospectus. By their nature, certain market risk disclosures are only estimates and could be materially different from what actually occurs in the future. As a result, actual future gains or losses could materially differ from those that have been estimated.

There can be no assurance to investors that the expectations reflected in these forward-looking statements will prove to be correct. Given these uncertainties, investors are cautioned not to place undue reliance on such forward-looking statements and not to regard such statements to be a guarantee of our future performance.

Neither our Company or our Directors or our Officers or Book Running Lead Manager or Underwriter nor any of their respective affiliates have any obligation to update or otherwise revise any statements reflecting circumstances arising after the date hereof or to reflect the occurrence of underlying events, even if the underlying assumptions do not come to fruition. In accordance with SEBI requirements, our Company and the BRLM will ensure that investors in India are informed of material developments until such time as the grant of listing and trading permission by the Stock Exchange for the Equity Shares allotted pursuant to this Issue.

SECTION II: SUMMARY OF PROSPECTUS

A. OVERVIEW OF BUSINESS

Incorporated in 2015, we are an engineering company engaged in the manufacturing of ready-to-use components, assemblies, and subassemblies for Indian railways, defence, power generation and allied industries. Our product portfolio includes critical components such as traction motor components and bogie assembly components for the railway sector, sub-assemblies for thermal and hydro turbines used in the power generation sector and components for industrial machinery, equipment and the defence sector. These components are manufactured using unmachined and machined castings made from metals including carbon steel, ductile iron, grey cast iron and medium and low alloy steels. Our clientele primarily comprises companies operating in the heavy engineering, railways and defence sector.

B. OVERVIEW OF THE INDUSTRY

India is the world's second-largest producer of crude steel, with an output of 125.32 Million Tonnes(MT) of crude steel and finished steel production of 121.29 MT in FY23. India's domestic steel demand is estimated to grow by 9-10% in FY25 as per ICRA. Under the Union Budget 2023-24, the government allocated Rs. 70.15 crore (US\$ 8.6 million) to the Ministry of Steel. India is home to fifth-highest reserves of iron ore in the world.

SECTION III: RISK FACTORS

An investment in our Equity Shares involves a high degree of financial risk. Prospective investors should carefully consider all the information in the Prospectus, particularly the “Financial Information of the Company” and the related notes, “Our Business” and “Management’s Discussion and Analysis of Financial Condition and Results of Operations” on page 152 , 107 and 220 respectively of this Prospectus and the risks and uncertainties described below, before making a decision to invest in our Equity Shares.

The risk factors set forth below are not exhaustive and do not purport to be complete or comprehensive in terms of all the risk factors that may arise in connection with our business or any decision to purchase, own or dispose of the Equity Shares. This section addresses general risks associated with the industry in which we operate and specific risks associated with our Company. Any of the following risks, individually or together, could adversely affect our business, financial condition, results of operations or prospects, which could result in a decline in the value of our Equity Shares and the loss of all or part of your investment in our Equity Shares. While we have described the risks and uncertainties that our management believes are material, these risks and uncertainties may not be the only risks and uncertainties we face. Additional risks and uncertainties, including those we currently are not aware of or deem immaterial, may also have an adverse effect on our business, results of operations, financial condition and prospects.

Unless the context otherwise requires, in this section, references to “we”, “us” or “our” refers to our Company and our Subsidiary on a consolidated basis. Unless the context otherwise requires, references to our “Company” refers to Gallard Steel Limited on a standalone basis.

This Prospectus contains forward-looking statements that involve risks and uncertainties. Our actual results could differ materially from those anticipated in these forward-looking statements as a result of certain factors, including the considerations described below and elsewhere in this Prospectus. The financial and other related implications of risks concerned, wherever quantifiable, have been disclosed in the risk factors below. However, there are risk factors the potential effects of which are not quantifiable and therefore no quantification has been provided with respect to such risk factors. In making an investment decision, prospective investors must rely on their own examination of our Company and the terms of the Issue, including the merits and the risks involved. You should not invest in this Issue unless you are prepared to accept the risk of losing all or part of your investment and you should consult your tax, financial and legal advisors about the particular consequences to you of an investment in our Equity Shares.

Materiality

The Risk factors have been determined on the basis of their materiality. The following factors have been considered for determining the materiality.

- 1. Some events may not be material individually but may be found material collectively.*
- 2. Some events may have material impact qualitatively instead of quantitatively.*
- 3. Some events may not be material at present but may be having material impact in future.*

Note:

The risk factors as envisaged by the management along with the proposals to address the risk if any. Unless specified or quantified in the relevant risk factors below, we are not in a position to quantify the financial implication of any of the risks described in this section.

In this Prospectus, any discrepancies in any table between total and the sums of the amount listed are due to rounding off. Any percentage amounts, as set forth in “Risk Factors” on page 28 and “Management Discussion and Analysis of Financial Condition and Results of Operations” on page 220 of this Prospectus unless otherwise indicated, has been calculated on the basis of the amount disclosed in the “Restated Financial Statements”.

INTERNAL RISK FACTORS

- 1. We derive a significant portion of our revenue from the sale of traction motors and bogie assembly components to the railway sector and any decline in their demand may adversely affect our business, results of operations and financial condition.*

We manufacture critical components such as traction motor components and bogie assembly components for the railway sector, sub-assemblies for thermal and hydro turbines used in the power generation sector and components for industrial machinery, equipment and the defence sector. These components are produced using unmachined and machined castings made from metals including carbon steel, ductile iron, grey cast iron and medium and low alloy steels.

Our revenue from the sale of our traction motor and bogie assembly components during the half-year ended September 30, 2025 and Fiscal Years 2025, 2024 and 2023, constituted 78.88%, 77.04%, 83.55% and 76.20% of our revenue from operations, respectively. Thus, we are significantly dependent on the performance of the railway sector in India for the sale of our traction motor and bogie assembly components.

Set forth below is the detailed breakup of product-wise revenue for the fiscals as indicated below:

*Others include components used in infrastructure and bridge projects such as Pot Piston, Machining charges, Freight of sale, job work & pattern cost.

For details, please refer to section “Our Business – Product-wise revenue bifurcation” on page 108 of this Prospectus.

Our business is exposed to risks associated with fluctuations in the performance of the railway sector in India, as we derive a significant portion of our revenue from the sale of traction motor and bogie assembly components. Any decline in the sales of these key products, whether due to increased competition, pricing pressures, or fluctuations in demand and supply, may adversely affect our business, results of operations and financial condition. The demand for railway components and related infrastructure is influenced by various factors beyond our control, including changes in budget allocations for railway projects, government policies, transportation priorities, overall economic conditions, demographic shifts, urbanization trends, regulatory requirements, technological developments, labour issues, supply chain disruptions and other macroeconomic and industry-specific factors. Any reduction in demand, delays or cancellations of railway infrastructure projects, regulatory changes, or adverse developments affecting the railway sector could materially and adversely impact our business, operations and financial condition. Furthermore, we cannot assure you that we will be able to maintain the same levels of sales for traction motor and bogie assembly components in the future. Any inability to anticipate and adapt to technological changes, evolving customer preferences, or any decrease in demand for our key products may adversely impact our business prospects and financial performance.

2. Substantial portion of our revenue has been dependent upon few customers with which we do not have any firm commitments. The loss of any one or more of our major customers would have a material adverse effect on our business, cash flows, results of operations and financial conditions.

A substantial portion of our revenues has been dependent upon a few customers. For instance, our top ten customers for the six-month period ended September 30, 2025 and the financial years ended March 31, 2025, March 31, 2024 and March 31, 2023, accounted for 84.74%, 87.48%, 92.20% and 86.33% of our revenue from operations for the respective year/period. Our reliance on a limited number of customers for our business exposes us to risks that may include, but are not limited to, reductions, delays, or cancellation of orders from our significant customers, a failure to negotiate favorable terms with our key customers, or the loss of these customers, all of which would have a material adverse effect on the business, financial condition, results of operations, cash flows and future prospects of our Company.

We do not have firm commitment in the form of long-term supply agreements with our customers and instead rely on purchase orders and accordingly the success of our business is significantly dependent on maintaining good relationship with them. The loss of one or more of these significant customers or a reduction in the amount of business we obtain from them could have an adverse effect on our business, results of operations, financial condition and cash flows.

Further, there is no guarantee that we will retain the business of our existing key customers or maintain the current level of business with each of these customers. In order to retain some of our existing customers, we may also be required to offer terms to such customers which may place restraints on our resources. Additionally, our revenues may be adversely affected if there is an adverse change in any of our customers' supply chain strategies or a reduction in their outsourcing of products we offer, or if our customers decide to choose our competitors over us or if there is a significant reduction in the volume of our business with such customers.

We cannot assure you that we will be able to maintain historic levels of business and/or negotiate and execute long term contracts on terms that are commercially viable with our significant customers or that we will be able to significantly reduce customer concentration in the future. Further, the sales volume may vary due to our customers' attempts to manage their inventory, market demand, product and supply pricing trends, change in customer preferences etc., which may result in decrease in demand or lack of commercial success of our products, which could reduce our sales and adversely affect our business, cash flows, results of operations and financial condition.

In addition, we are exposed to payment delays and/or defaults by our major customers and our financial position and financial performance are dependent on the creditworthiness of our customers. There is no guarantee that all or any of our customers will honor their outstanding amounts in time and whether they will be able to fulfill their obligations, due to any financial difficulties, cash flow difficulties, deterioration in their business performance, or a downturn in the global economy. If such events or circumstances occur from all or any of our major customer, our financial performance and our operating cash flows may be adversely affected.

3. Our Company does not have long-term agreements with suppliers for our input materials and a significant increase in the cost of, or a shortfall in the availability, or deterioration in the quality, of such input materials could have an adverse effect on our business and results of operations.

The principal raw material used by us constitutes steel end cut scrap, steel punching scrap, hydraulic compressed scrap blocks, casting sand, resins, binders, industrial chemicals and machining consumables. These materials are essential to achieving the

desired chemical composition, mechanical properties and precision of our final products. All the raw materials are procured by us through domestic vendors. Our cost of raw materials consumed for six months period ended September 30, 2025 and Fiscal 2025, Fiscal 2024 and Fiscal 2023 was Rs. 1,577.19 Lakhs, Rs. 2986.11 Lakhs, Rs. 1404.99 Lakhs and Rs. 1384.26 Lakhs respectively, which constituted 49.97%, 56.01%, 52.38% and 67.23% of our revenue from operations for the corresponding periods. Steel Scrap is a primary material used by us in processing of unmachined castings and machined castings and fluctuations in the steel price can affect the overall cost structure and profitability of the Company. Steel prices can be influenced by various factors such as supply and demand dynamics, global market conditions, trade policies, transportation costs, indirect taxes and import duties, tariffs and currency exchange rate. Higher steel prices can also impact the production costs associated with processing of our products.

We do not have any contracts with, or long-term arrangements for sourcing input materials from suppliers of input materials. The absence of long-term contracts makes us susceptible inter alia to short-term supply challenges and exposes us to volatility in the prices of input materials. During the period ended September 2025, Fiscal 2025, Fiscal 2024 and Fiscal 2023 our purchase from top 10 suppliers were 1213.85 Lakhs, Rs. 2189.64 Lakhs, Rs. 1044.65 Lakhs and Rs. 975.44 Lakhs constituting 73.44%, 72.71%, 72.67% and 67.12% respectively of our total purchases. For details in relation to our raw materials, please refer to section “Our Business – Raw Materials” on page 116 of this Prospectus.

In case of increase in raw material prices, there can be no assurance that we will be able to pass such cost increases to our customers. Any increase in the cost of inputs to our production could lead to higher costs for our products. If we increase the prices of our products to offset the impact of higher costs, this may cause certain of our customers to cancel orders or refrain from purchasing our products, which may materially and adversely reduce the demand for our products and thus, negatively impact our operating results. If we are unable to pass on cost increases to our customers or are unsuccessful in managing the effects of raw material price fluctuations, our business, financial condition, results of operations and cash flows could be materially and adversely affected.

4. There are outstanding legal proceedings involving our Company, Subsidiary, Directors and Promoters. Any adverse decisions in the above cases could impact our cashflows and profit or loss to the extent of demand amount, interest and penalty, divert management time and attention and have an adverse effect on our business, prospects, results of operations and financial condition.

- Our Company and certain of its Directors have been subject to proceedings before the Hon’ble National Company Law Tribunal (“NCLT”) in connection with compounding application filed by our Company for violation of Section 185 of the Companies Act, 2013, which may result in monetary penalties and could adversely affect our financial condition and reputation.*

Our Company has filed a compounding application before the Hon'ble National Company Law Tribunal, Indore Bench ("NCLT") on July 25, 2025, under Section 441 of the Companies Act, 2013, in connection with a violation of Section 185 of the Companies Act, 2013. The said violation pertains to the advancement of loans to (i) Ms. Zahabiya Kalabhai, Director of the Company ("Default 1") and (ii) Ms. Alifiya Ghantawala, wife of Mr. Hakimuddin Ghantawala, Whole-time Director and Chief Financial Officer of the Company ("Default 2") during the financial years between 2019-20 to 2023-24. As per the compounding application, the Company has admitted to providing a loan of ₹43,42,700 to Ms. Zahabiya Kalabhai and ₹4,77,000 to Ms. Alifiya Ghantawala during the aforesaid financial years, which was in contravention of the provisions of Section 185 of the Act.

Pursuant to the said application, the Hon'ble NCLT referred the matter to the Registrar of Companies ("ROC") for its report. The ROC, vide its report dated September 22, 2025, has mentioned the minimum and maximum penalty amount of Rs. 5.00 lakhs and Rs. 25.00 lakhs respectively, on the Company and on each of below-mentioned defaulters for each instance of default in the following manner:-

For default relating to advancement of loan to Alifiya Ghantawala:-

S. No.	Particulars	Minimum Penalty (Rs. In lakhs)	Maximum Penalty (Rs. In lakhs)
i)	Gallard Steel Limited (Company)	5.00	25.00
ii)	Zahabiya Kalabhai (Officer in default)	5.00	25.00
iii)	Alifiya Ghantawala (defaulter)	5.00	25.00
	Total	15.00	75.00

For default relating to advancement of loan to Zahabiya Kalabhai:-

S. No.	Particulars	Minimum Penalty (Rs. In lakhs)	Maximum Penalty (Rs. In lakhs)
i)	Gallard Steel Limited (Company)	5.00	25.00
ii)	Zahabiya Kalabhai (Officer in default)	5.00	25.00
iii)	Zahabiya Kalabhai (defaulter)	5.00	25.00
	Total	15.00	75.00

Accordingly, a total minimum penalty of ₹ 10.00 lakhs and maximum penalty of ₹ 50.00 lakhs on the Company has been prescribed in the ROC Report. However, the matter remains pending before the Hon'ble NCLT for further proceedings, and the next hearing has been scheduled for December 1, 2025.

Our Company has placed a fixed deposit of ₹ 50.00 lakhs with Yes Bank on November 04, 2025, and has provided an undertaking dated November 08, 2025 confirming that the said penalty shall be paid out of the deposit proceeds (i.e. internal accruals) and not from the Issue Proceeds. Any delay or default in payment of the penalty, or any further observation or direction by the Hon'ble NCLT or Registrar of Companies, may result in the imposition of additional penalties, interest, or other regulatory action. Such events could adversely affect our liquidity position, financial performance, or reputation, and may also attract increased scrutiny from regulatory authorities in the future.

6. Our business operations are majorly concentrated in certain geographical regions and any adverse developments affecting our operations in these regions could have a significant impact on our revenue and results of operations.

Our Company as well as our Subsidiary Company, Sleeploop India Private Limited, operates manufacturing facilities located at Pithampur, Dhar, Madhya Pradesh. For details, please refer to section "Our Business – Properties" on page 117 of this Prospectus. Due to the geographical concentration of our manufacturing operations in Dhar district, our operations are susceptible to local, regional and environmental factors, such as social and civil unrest, regional conflicts, civil disturbances, economic and weather conditions, natural disasters, demographic and population changes and other unforeseen events and circumstances. Such disruptions could result in the damage or destruction of a significant portion of our manufacturing abilities, significant delays in the transport of our products and raw materials, loss of key managerial personnel or senior management personnel and/or otherwise adversely affect our business, financial condition and results of operations. While there have been no such regional disruptions during the period of six month ended September 30, 2025, Fiscals 2025, 2024 and 2023, however, we cannot assure you that there will not be any such disruption in the future.

In addition, we generate major domestic sales through our customers situated in Madhya Pradesh. For the year ended March 2025, the largest share of our revenue, accounting for 52.76% originated from Madhya Pradesh. For details on geographical-wise revenue, please refer to section “Our Business – Our Competitive Strengths – *Wide Geographic Reach*” on page 109 of this Prospectus. Such geographical concentration of our business in these regions heightens our exposure to adverse developments related to competition, as well as economic and demographic changes in these regions, which may adversely affect our business prospects, financial conditions and results of operations.

The following table sets forth the bifurcation of revenue (geography-wise) for the six months period September’25 and fiscal years 2025, 2024 and 2023.

Further, as we enter into new markets and geographical areas, we are likely to compete with not only national players, but also the local players, who might have an established local presence and are more familiar with local business practices and have stronger relationships with local customers, relevant government authorities, suppliers or are in a stronger financial position than us, all of which may give them a competitive advantage over us. Our inability to expand into other areas may adversely affect our business prospects, financial conditions and results of operations. While our management believes that the Company has requisite expertise and vision to grow and mark its presence in other markets going forward, investors should consider our business and prospects in light of the risks, losses and challenges that we face and should not rely on our results of operations for any prior periods as an indication of our future performance.

7. We do not own the existing manufacturing facility & registered office from which we carry out our business activities. In case of non-renewal of lease agreements or dispute in relation to use of the said premise, our business and results of operations can be adversely affected.

Our registered office, located at G-1, Sukh Sneh Apartment, plot no. 168-M, Khatiwala Tank, Indore, is owned by a third party (Nafisa Saifee) and has been rented to us for a period of 11 months starting March 01, 2025. In addition, our existing manufacturing facility, situated at Plot No.66, Sector-3, Industrial Growth Centre, Pithampur, Dhar, (Madhya Pradesh), India is owned by M.P. Audyogik Kendra Vikas Nigam (Indore) Limited and has been leased to us for a period of 30 years, commencing November 4, 2015. Additionally, our subsidiary’s registered office and manufacturing facility at Plot No 821, Sector 3, Industrial Growth Centre, Pithampur, Dhar, Madhya Pradesh is also owned by M.P. Industrial Development Corporation Limited and has been leased to us for 30 years, starting March 11, 2011. For details regarding the duration of these rent/lease agreements, please refer to the section “**Our Business - Properties**” on page 117 of this Prospectus. If any of these agreements are terminated or not renewed, we may be required to vacate the respective premises. Such an event could disrupt our inventory management, corporate affairs and business operations, potentially leading to temporary setbacks until suitable alternative premises are secured.

There can be no assurance that we will, in the future, be able to renew the agreements for the existing locations on same or similar terms, or will be able to find alternate locations for the offices on similar terms favorable to us, or at all. We may also fail to negotiate the renewal of our rent agreements for our premises, either on commercially acceptable terms or at all, which could result in increased rental rates for subsequent renewals or searching of new premises, affecting our financial condition and operations. In the event that the lease deed/rent agreement is terminated or they are not renewed on commercially acceptable terms, we may suffer a disruption in our manufacturing operations which could materially and adversely affect our business, financial condition and results of operations.

8. *Expansion of our manufacturing facility requires substantial capital outlay before we realize any benefits or returns on investments.*

We currently manufacture components from our manufacturing facility located at Plot No.66, Sector-3, Industrial Growth Centre, Pithampur, Dhar, Madhya Pradesh. To drive revenue growth and expand production capabilities, we plan to expand our manufacturing facility to accommodate machining unit at same location. Further, we intend to construct a new office building (G+1) to support administrative functions and operational requirements. Both the expansion of the manufacturing facility and the construction of the new office building will be carried out on our existing leased land and therefore, no additional land acquisition will be required for these developments. For further details, please refer to chapter titled “Objects of the Issue – Funding of capital expenditure towards expansion of our existing manufacturing facility and construction of office Building” on page 82 of this Prospectus.

We expect our long-term capital requirements to increase significantly to fund our intended growth and we cannot assure that we shall efficiently be able to obtain sufficient capital resources for these expansion plans. Our ability to arrange financing and the costs of capital of such financing are dependent on numerous factors, including general economic and capital market conditions, credit availability from banks, investor confidence, the continued success of our operations and other laws that are conducive to our raising capital in this manner. Any downgrade in our credit ratings could increase our borrowing costs and adversely affect our access to capital. Further, in case we decide to raise additional funds through the issuance of equity or equity-linked instruments, the interests of our shareholders may be diluted. Further, if we decide to meet our capital requirements through debt financing, our interest obligations shall increase and we may be subject to additional restrictive covenants under our respective financing arrangements. If we are unable to raise adequate capital in a timely manner and on acceptable terms, or at all, our business, results of operations and financial condition could be adversely affected. Additionally, on account of such expansion, our finance cost, depreciation and other related expenses shall increase in the near future which can adversely impact our results of operations, cash flows and financial condition.

Our expansion plans remain subject to the potential problems and uncertainties that construction projects face including cost overruns or delays, labour shortages, increased costs of equipment or manpower, inadequate performance of the equipment and machinery installed in our manufacturing facilities, delays in completion, defects in design or construction, the possibility of unanticipated future regulatory restrictions, delays in receiving governmental, statutory and other regulatory approvals, incremental pre-operating expenses, environment and ecology costs and other external factors which may not be within the control of our management. There can be no assurance that our budgeted costs may be sufficient to meet our proposed capital expenditure requirements. If our actual capital expenditures significantly exceed our budgets, or even if our budgets were sufficient to cover these projects, we may not be able to achieve the intended economic benefits of these projects, which in turn may materially and adversely affect our financial condition, results of operations, cash flows and prospects.

The proposed expansion will require us to obtain various statutory approvals or amend existing statutory approvals, including consent to establish, consent to operate, factory license etc. There can be no assurance that we will be able to obtain these registrations and approvals including approvals in relations to power and water procurement in a timely manner or at all, which in turn may materially and adversely affect our growth prospects, financial condition, results of operations and cash flows.

Our expansion plans and business growth could also strain our managerial, operational and financial resources. Our ability to manage future growth will depend on our ability to continue to implement and improve operational, financial and management information systems on a timely basis and to attract, expand, train, motivate, retain and manage our workforce. We cannot assure you that our personnel, systems, procedures and controls will be adequate to support our future growth. Failure to effectively manage our expansion may lead to increased costs and reduced profitability and may adversely affect our growth prospects. Any of these factors may cause us to delay, modify or forego some or all aspects of our expansion plans.

Our return on our investment depends upon, among other things, successful implementation of our strategy, competition, demand of our products, government policies, interest rates and general economic conditions. If our return on investment does not meet our or market expectations, this could materially and adversely affect our business, cash flows, results of operations and financial condition.

9. *One of our promoter, Mr. Kaid Johar Kalabhai, was disqualified from being a director by MCA in the past for period from November 01, 2016 to October 31, 2021.*

One of our promoters, Mr. Kaid Johar Kalabhai, was disqualified by the Ministry of Corporate Affairs (MCA) from acting as a director for the period from November 1, 2016, to October 31, 2021, due to the non-filing of financial statements or annual returns for a continuous period of three financial years in relation to Plenum Industries Pvt. Ltd. Any such disqualification in the future, in relation to any other company in which our Promoter or Director is a director, may result in their disqualification from acting as a director in our Company, which can adversely impact the Board Structure, governance and operations of our Company.

10. Our Company had negative cash flows in the past, details of which are given below. Sustained negative cash flow could impact our growth and business.

We have experienced negative cash flows in the past which have been set out below:

Particulars	For 6 months period ended September'25	Fiscal 2025	Fiscal 2024	(Rs. In lakhs)
				Fiscal 2023
Net cash flow from/(used in) operating activities	296.79	418.71	152.21	-202.49

Cash flow of a company is a key indicator to show the extent of cash generated from operations to meet its capital expenditure, pay dividends, repay loans and make new investments without raising finance from external resources. Such negative cash flows lead to a net decrease in cash and cash equivalents. Any negative cash flow in future could adversely affect our operations and financial conditions and the trading price of our Equity Shares. For further details, please refer “*Restated Financial Statements*” and “*Management’s Discussion and Analysis of Financial Condition and Results of Operations*” on pages 152 and 220 respectively.

11. Any disruptions or shutdown of our manufacturing operations at our existing facility could have an adverse effect on our business, financial condition and results of operations.

Our Company carries its manufacturing operations from its manufacturing facility located at Plot No.66, Sector-3, Industrial Growth Centre, Pithampur, Dhar, Madhya Pradesh. Our business is dependent upon our ability to effectively manage our facility, which is subject to various operating risks, including those beyond our control, such as the machinery breakdown, failure of equipment or industrial accidents, labour disputes, severe weather conditions, fire, power interruption, natural disasters etc. While there have been no such instances during the six-month ended September 30, 2025, Fiscals 2025, 2024 and 2023, any significant malfunction or breakdown of our machinery, our equipment, our production setup, our IT systems or any other part of our manufacturing processes or systems may entail significant repair and maintenance costs and cause delays in our operations. If we are unable to repair or properly maintain manufacturing assets in a timely manner or at all, our operations may need to be suspended until we repair or replace them and there can be no assurance that the new manufacturing assets will be repaired, procured and/or integrated in a timely manner.

We also require substantial electricity for our facilities which is sourced from state electricity board. In case, the supply is not available for any reason, our production schedule may be hampered or if our electricity suppliers increase the price for electricity, our cost of production and profitability would be materially adversely affected. Further, natural disasters or adverse conditions may occur in the geographical areas in which we operate including severe weather, tropical storms, floods, excessive rainfalls as well as other events beyond our control. If for any reason electricity is not available, we may need to shut down our plants until an adequate supply of electricity is restored. Interruptions of electricity supply can also result in production shutdowns, increased costs associated with restarting production and the loss of production in progress. While there have been no significant electricity disruptions during the six-month ended September 30, 2025, Fiscals 2025, 2024 and 2023, however, we cannot assure you that there will not be any electricity disruption in the future.

Our customers rely significantly on the timely delivery of our products and our ability to provide an uninterrupted and timely supply of our products is critical to our business. While we seek to ensure a continuous supply of our products to our customers, our customer relationships, business and financial results may be adversely affected by any disruption of operations at our manufacturing facility due to any of the factors mentioned above.

12. We require certain approvals, licenses, registrations and permits to operate our business and failure to obtain or renew them in a timely manner or maintain the statutory and regulatory permits and approvals required to operate our business may adversely affect our operations and financial conditions.

We require certain statutory and regulatory permits, licenses and approvals to operate our business. Except as described below and as mentioned in the chapter titled “*Government and Other Approvals*”, we believe that we have obtained requisite permits and licenses which are adequate to run our business, however we cannot assure that there is no other statutory/regulatory requirement which we are required to comply with. Further, some of these approvals are granted for fixed periods of time and need renewal from time to time. We are required to renew such permits, licenses and approvals. There can be no assurance that the relevant authorities will issue any of such permits or approvals in time or at all.

We've made an application dated 22nd April 2024 with respect to registration of trademark under Class 6 & 7 with the Registrar of Trademarks, the status of which is objected as of the date of this Prospectus. Failure by us to renew, maintain or obtain the required permits or approvals in time may result in the interruption of our operations and may have a material adverse effect on our business, financial condition and results of operations.

We cannot assure you that the approvals, licenses, registrations and permits required will be issued to us and those already issued will not be suspended or revoked in the event of non-compliance with any terms or conditions thereof, or pursuant to any regulatory action. Any denial, suspension or revocation of the approvals, licenses, registrations and permits that has been or may be issued to us may affect our business and results of operations. For further details regarding the material approvals, licenses, registrations and permits, which have not been obtained by our Company or are, pending to be obtained, see **"Government and Other Approvals"** on page 242 of this Prospectus.

13. There have been instances of delays and non-deposit of certain statutory dues, including ESIC, PF and Professional Tax. Any cognizance being taken by respective authorities on non-compliance in payment of statutory obligations may result in penalties, interest liabilities, or regulatory actions, which could adversely impact our business, financial condition, results of operations and cash flows.

Our Company is required to pay certain statutory dues including employee provident fund contributions and employee state insurance contributions under the Employees' Provident Funds and Miscellaneous Provisions Act, 1952 and the Employees' State Insurance Act, 1948, respectively, GST and professional taxes. In compliance with the provisions of the Income-tax Act, we are also required to deduct taxes at source at prescribed rates.

There have been certain instances of delays in payment of statutory dues in the past by our Company, which have been belatedly paid by us with an additional fee or an interest. Instances of such delays are set out below:

GST Returns Delay Filings:

Financial Year/Period	Month	No. of Days Delay
2022-2023	May	21
	June	5
	July	4
	September	2
	October	5
	December	13
	February	1
	March	21
2023-2024	May	13
	November	5
	December	3
2024-2025	-	-
April'25 – Sept'25	-	-

ESIC payment delays:

Financial Year/Period	Month	Number of days delayed
2022-23	Dec'22	1
2024-25	September	1
April'25 – Sept'25	-	-

PF payment delays:

Financial Year/Period	Month	Number of days delayed
2022-23	Dec'22	1
April'25 – Sept'25	-	-

While our Company has subsequently made payment of all pending dues, we cannot assure you that there will not be any delays in the future. Any delay in payment of statutory dues or non-payment of statutory dues in future, may result in the imposition of penalties and in turn may have an adverse effect on our business, financial condition, results of operation and cash flows.

In addition, the Company has not been deducting and depositing Professional Tax (PT) for its employees as required under applicable state law. However, the Company has recently obtained registration under Professional tax and accordingly will be deducting and depositing professional tax of its employees from March'25 onwards. Any non-compliance with PT regulations may result in penalties, interest liabilities, or regulatory actions, which could have an adverse impact on the Company's financial condition and reputation.

Further, our Company was required to register under the Employees' State Insurance Act, 1948 once the employee count exceeded 10 employees. However, despite the applicability threshold being exceeded in F.Y. 2020-21, the Company obtained the ESIC registration in December 2022. In case of any cognizance being taken by the respective authorities, our Company may be subject to penalties, interest liabilities or demands for retrospective contributions, which could adversely impact our financial condition and cash flows. For details, please refer to section "Government and Other Statutory Approvals - Details of ESIC & PF Registration and Contributions of our Company" on page 244 of this Prospectus.

14. We intend to utilize a portion of the Net Proceeds for funding our capital expenditure requirements. While we have shortlisted vendors and obtained quotations from them, we are yet to place orders or enter into definitive agreements with the vendors in relation to such capital expenditure requirements, except for the Horizontal Center Nexus 8800 machine.

We intend to utilize up to ₹ 2,073.01 lakhs out of the Net Proceeds for funding capital expenditure requirements for the proposed expansion of our facility at Plot No.66, Sector-3, Pithampur, Dhar, Madhya Pradesh. Out of ₹ 2,073.01 lakhs earmarked for funding capital expenditure requirements for the proposed facility, shed and office building construction cost constitutes ₹ 617.06 lakhs (comprising ₹ 440.06 lakhs for civil works for shed construction and ₹ 177.00 lakhs for office building), plant and machinery amounts to ₹ 1,413.17 lakhs, electric installation and accessories constitute ₹ 42.78 lakhs. Contingency if any to be paid by company internal accruals. The Company has already incurred ₹96.89 lakh towards Civil Works for Shed Construction. The total quotation for the Shed Construction, including both PEB Structure and Civil Works, amounts to ₹536.95 lakh. Accordingly, the balance amount of ₹440.06 lakh will be met out of the Net Proceeds of the Issue.

In respect of the building, plant and machinery and electric installation, although we have obtained quotations from various vendors in relation to the aforesaid objects, we have not yet placed orders, except for the Horizontal Center Nexus 8800 machine, for which an order has been placed with Yamazaki Mazak Singapore Pte. Ltd. The quotations obtained are valid for a specified period and may be subject to revisions based on commercial and technical considerations. Accordingly, orders worth ₹ 1,561.09 lakhs, constituting 75.31% of the total estimated costs related to building, plant and machinery and electric installation, are yet to be placed.

Further, the actual amount and timing of our future capital requirements may differ from our estimates as a result of, among other things unforeseen delays or cost overruns, unanticipated expenses, regulatory changes and technological changes. There may also be possibility that the proposed sellers of the plant, machinery and equipment's may not be in a position to provide the equipment/machineries or execute the civil building and construction work in a timely manner. In the event of any delay in placing the purchase orders or an escalation in the cost of acquisition of the assets or in the event the sellers are not able to provide the equipment and services in a timely manner, we may encounter time and cost overruns.

For details, please refer to section Objects of the Issue – Funding of capital expenditure towards expansion of our existing manufacturing facility and construction of office Building on page 82 of this Prospectus

15. Dependence on third-party job work to meet excess production demands may adversely impact our operations and financial performance.

While the majority of our manufacturing activities are carried out in-house, including at our wholly-owned subsidiary, Sleeploop India Private Limited, there are instances where at times certain large or unanticipated orders exceed our available machining capacity. In such cases, we engage third-party vendors to perform job work to address temporary production shortfalls and ensure timely fulfillment of customer orders.

Our reliance on external vendors for job work may expose us to risks such as delays in delivery, variations in product quality, increased production costs, and dependency on third parties for meeting critical timelines. There can be no assurance that such vendors will consistently meet our specifications or delivery schedules. Any failure by third-party vendors to deliver as per agreed terms could lead to customer dissatisfaction, cancellation of orders, financial liabilities, or reputational harm. Additionally, sustained reliance on job work may impact our cost efficiency and margins. However, there has not been any such instance in the past three financial years ended March 31, 2023, 2024 and 2025 and six months period ended September 30, 2025.

While part of the proceeds from this Issue is intended to enhance our manufacturing capacity, future circumstances may still necessitate outsourcing to third-party vendors. If we are unable to effectively manage these dependencies, it could have a material adverse effect on our business, financial condition, results of operations, and prospects.”

16. Past Delays in Statutory Filings with the Registrar of Companies and Associated Regulatory Risks

The Company has, in the past, experienced delays in filing certain statutory documents and returns with the Registrar of Companies (“RoC”) as required under the Companies Act, 2013. The Company has subsequently rectified these delays by filing the relevant forms and returns and has also submitted a compounding application to the RoC. The penalty amount in respect of such compounding application is yet to be finalized and remains unpaid as on date. While the Company has taken measures to strengthen and streamline its compliance processes, there can be no assurance that such past delays will not attract further regulatory scrutiny or remarks. Any future non-compliance or adverse observations by regulatory authorities may affect the Company’s compliance track record, reputation, or result in penalties.

17. We are subject to strict quality requirements and any failure to comply with quality standards may lead to cancellation of existing and future orders, product recalls, product liability, warranty claims and other disputes and claims.

All our manufacturing processes are subject to stringent quality standards and specifications. Any failure on our part to maintain the applicable standards and manufacture products according to prescribed specifications, may lead to loss of reputation and goodwill of our Company, cancellation of orders and even lead to loss of customers. Our customers may reject our products, cancel their orders or choose our competitors over us if we fail to perform our contractual obligations or meet the quality or performance standards set out with our customers, which may in-turn harm our reputation. Failure by us to comply with applicable quality standards could also result in our products failing to perform as expected, or alleged to result in property damage if our products are defective or are used incorrectly by our customers. The occurrence of any such events could expose us to product warranty, product recall or product liability claims.

We may also be required to indemnify customers against losses occurring as a result of defective products and reimburse our customers for administrative, labour, material and other such costs. We may also become subject to legal proceedings and commercial or contractual disputes. Potential product recalls could cause disruption to our business and result in reputational harm and the costs and expenses associated with warranties, product recalls and product liability claims could adversely affect our results of operations and financial condition. If we incur significant liabilities for which there is no or insufficient insurance coverage our business, financial condition and results of operations could be adversely affected.

However, during the last three fiscal years being Fiscal 2024, Fiscal 2024 and Fiscal 2025 and for the six-month period ended September 30, 2025, there have been no instances of product recall, material product liability claims, or warranty claims against us that had a material adverse impact on our business, operations or financial condition.

18. Our failure to identify and understand evolving industry trends and preferences and to develop new products to meet our customers' demands may materially adversely affect our business.

Our ability to anticipate changes in technology and regulatory standards and to successfully develop and introduce new and enhanced components on a timely basis is a significant factor in our ability to remain competitive. However, there can be no assurance that we will be able to secure the necessary technological knowledge, through technical assistance agreements or otherwise, that will allow us to develop our product portfolio in this manner. If we are unable to obtain such knowledge in a timely manner, or at all, we may be unable to effectively implement our strategies and our business and results of operations may be adversely affected. Moreover, we cannot assure you that we will be able to achieve the technological advances that may be necessary for us to remain competitive or that certain of our solutions will not become obsolete. We are also subject to the risks generally associated with new product introductions and applications, including lack of market acceptance, delays in product development and failure of products to operate properly.

19. Trade receivables form a major part of our current assets and net worth. Failure to manage our trade receivables could have an adverse effect on our net sales, profitability, cash flow and liquidity.

Trade receivables form a major part of our current assets and net worth. As on September 30, 2025, our trade receivables amounted to Rs. 1,390.20 lakhs. We cannot assure that our Company will be able to effectively manage its trade receivables in future. Any such failure in management of trade receivables could result into bad debts, delays in recoveries and / or write-offs which could lead to a liquidity crunch, thereby adversely affecting our business and results of operations. A liquidity crunch may also result in case of increased working capital borrowings and, consequently, higher finance cost which will adversely impact our profitability. We may be subject to working capital risks due to delays or defaults in payment by clients, which may restrict our ability to procure raw materials and make payments when due.

20. Our insurance coverage may not be adequate to protect us against certain operating hazards and this may have a material adverse effect on our business.

Our operations are subject to risks inherent in manufacturing activities, including risks associated with machinery breakdown, industrial accidents, fire, earthquakes, floods and other natural calamities, as well as force majeure events, acts of terrorism and explosions. These hazards may result in injury or loss of life, significant damage to or destruction of property, plant and machinery and environmental damage. In order to mitigate such risks, the Company has availed certain insurance policies, including, among others, an Industry Care Package Insurance Policy primarily covering fire and allied perils and burglary. This policy also provides nominal coverage for machinery breakdown, electronic equipment, money in safe and limited third-party liability, which is not adequate to fully cover potential losses arising from such risks. Additionally, the Company has availed vehicle insurance.

Our insurance policies do not cover all risks, specifically risks such as goods in transit, keyman insurance, employee compensation and product liability insurance. Failure to effectively cover ourselves against the associated risks may potentially lead to material losses. There can be no assurance that our insurance policies will be adequate to cover the losses/ damages suffered or that such insurance coverage will continue to be available on reasonable terms or will be available in sufficient amounts to cover one or more large claims, or that the insurer will not disclaim coverage as to any future claim. If we suffer a significant uninsured loss or if insurance claim in respect of the subject matter of insurance is not accepted or any insured loss suffered by us significantly exceeds our insurance coverage, our business, financial condition and results of operations may be materially and adversely affected.

21. Under-utilization of our manufacturing capacities and an inability to effectively utilize our expanded manufacturing capacities could have an adverse effect on our business, future prospects and future financial performance.

As of the date of this Prospectus, we operate from our manufacturing facility located at Plot No.66, Sector-3, Industrial Growth Centre, Pithampur, Dhar and our subsidiary's manufacturing facility at Plot No 821, Sector 3, Industrial Growth Centre, Pithampur, Dhar. Below are the details of the installed capacity and actual utilization of our Company and Subsidiary:–

**The installed capacity has been derived based on certain assumptions. For details, please refer to risk factor “Information relating to our production capacities and the historical capacity utilization of our production facilities included in this Prospectus is based on certain assumptions and has been subjected to rounding off and future production and capacity utilization may vary.” on page 46 of this Prospectus.*

Our capacity utilization levels are dependent on our ability to carry out uninterrupted operations at manufacturing facility, the availability of raw materials, industry/ market conditions, product demand and procurement practice followed by our customers. In the event we face prolonged disruptions at our facility including due to interruptions in the supply of power or as a result of labour unrest, or are unable to procure sufficient raw materials, we would not be able to achieve full capacity utilization of our current manufacturing facility, resulting in operational inefficiencies which could have a material adverse effect on our business and financial condition.

22. *Certain statutory registration certificates, which including the Professional Tax registration certificates, is currently not traceable.*

The Company has obtained various statutory registrations required for conducting its business operations. However, certain original registration certificates, which is Professional Tax registration certificates, is presently not traceable. While the relevant registrations are valid and active in government records, and the Company continues to comply with the applicable statutory provisions under these registrations, the absence of original certificates may result in administrative inconvenience or delays in furnishing documentation for regulatory or contractual purposes. There can be no assurance that the Company will not face any compliance-related queries or procedural delays due to the non-availability of these physical certificates.

23. *Any failure to accurately forecast demand for our products and accordingly manage our inventory, may have an adverse effect on our business, cash flows, financial condition and results of operations.*

Any failure to accurately forecast demand for our products and manage our inventory may have an adverse effect on our business, cash flows, financial condition and results of operations. We do not have firm commitment long term supply agreements with our customers and instead rely on short term purchase orders to govern the volume and other terms of the sales of products. Accordingly, we plan our production volumes based on our forecast of the demand for our products. Any error in forecasting could result in surplus stock which would have an adverse effect on our profitability.

We maintain a high level of inventories consisting of raw materials, consumables, WIP and finished goods. As on September 30, 2025, our inventories amounted to Rs. 632.11 Lakhs. Our high level of inventory increases the risk of loss and storage costs to us as well as increasing the need for working capital to operate our business. Further, as our customers are not obliged to purchase our products or provide us with a binding long-term commitment, there can be no assurance that customer demand will match our production levels.

On the other hand, in the event that the demand we have forecasted is lower than the actual demand of our products and we are unable to ramp up production to match such demand, we may be unable to supply the requisite quantity of products to our customers in a timely manner. Any increase in our turn-around time could affect our production schedules and disrupt our supply, which could have an adverse effect on our business, cash flows, financial condition and results of operations.

24. *Our Company is in use of trademark, which is not registered under the Trademarks Act, 1999 as on date of Prospectus. Thus, we may be subject to claims alleging breach of third party intellectual property rights.*

Our Company has applied for registration of trademark and logo under class 6 and 7 with the Registrar of Trademarks, which has been objected for registration. Thus, as such, we do not enjoy the statutory protections accorded to a registered trademark as on date. There can be no assurance that we will be able to register the said trademark and the logo in future or that, third parties who have filed objection will not infringe our intellectual property, causing damage to our business prospects, reputation and goodwill. Our efforts to protect our intellectual property may not be adequate and may lead to erosion of our business value and our operations could be adversely affected. We may need to litigate in order to determine the validity of such claims and the scope of the proprietary rights of others. Any such litigation could be time consuming and costly and the outcome cannot be guaranteed. We may not be able to detect any unauthorized use or take appropriate and timely steps to enforce or protect our intellectual property. For further details on above and other trademarks, please refer to chapter titled “Our Business – Intellectual properties” beginning on page 117 of this Prospectus.

25. *We are dependent upon the experience and skill of our Promoters, Key Managerial Personnel and Senior Management Personnel for conducting our business and undertaking our day-to-day operations. The loss of or our inability to retain, such persons could materially and adversely affect our business performance. In addition, excess rate of attrition amongst the personnel engaged by our Company may have an adverse impact on our business operations.*

Our business is dependent upon our Promoters, Key Managerial Personnel and Senior Management Personnel, who oversee and supervise our day-to-day operations, strategy and growth of our business. For details pertaining to the profile of our directors please refer to heading titled ‘Brief Biographies of our Directors’ in chapter ‘Our Management’ on page 133 of this Prospectus and for details pertaining to the Key Management Personnel and Senior Management Personnel of our Company and their respective functions, please refer to chapter ‘Our Management’ on page 132 of this Prospectus.

In the event, any of our Promoters or one or more members of our Key Managerial Personnel and Senior Management Personnel are unable or unwilling to continue in their present positions, it would be challenging for us to replace such person in a timely and cost-effective manner or at all. There can be no assurance that we will be able to retain or replace these personnel. The loss of any of such personnel or our inability to replace them may restrict our growth prospects, affect our ability to make strategic decisions and to manage the overall running of our operations, which would have a material adverse impact on our business, results of operations, financial position and cash flows.

In addition, our attrition rate has been consistently high over the past few years, specifically in the F.Y. 2023-24, it was 60%. This elevated level of employee turnover can impact our productivity by increasing training costs and disrupting operational efficiency. Furthermore, replacing skilled personnel can be time-consuming and expensive, potentially hindering our ability to execute our business strategy effectively. These factors could ultimately have an adverse impact on our business, results of operations and overall financial condition.

The following table outlines the attrition rate of employees for the specified periods:

Particulars	Apr.-Sept'25	F.Y. 2024-25	F.Y. 2023-24	F.Y. 2022-23
Attrition rate*	Nil	14.74%	60.00%	13.33%

* Calculated as the number of employees who left during the period divided by the average of the opening and closing number of employees for the respective financial year/period.

26. *There are certain non-compliances made by our Company in respect of the provisions of Companies Act, 2013. Any penalty or action taken by regulatory authorities in the future for these or other corporate or legal non-compliances could impact the financial position of the Company.*

There are certain non-compliances made by our Company in respect of the provisions of Companies Act, 2013. For instance, the Company has extended loans to Directors and relatives of Director in the past which is in contravention of Section 185 of the Companies Act, 2013, however, no such outstanding amount exists as per last audited financial statements on September 30, 2025. Our Company has made a compounding application with NCLT with respect to such contravention. For details, please refer to Risk Factor 5 *“Our Company and certain of its Directors have been subject to proceedings before the Hon’ble National Company Law Tribunal (“NCLT”) in connection with compounding application filed by our Company for violation of Section 185 of the Companies Act, 2013, which may result in monetary penalties and could adversely affect our financial condition and reputation.”*

Additionally, the Company has obtained certain convertible loans from its directors, however, the agreements for such convertible loan was not executed on the stamp paper, potentially affecting its enforceability. In case of any action being taken by the regulatory authorities against the Company and/or its officers, the same may have an adverse effect on our business, financial conditions and result of operations.

27. *We have in the past entered into related party transactions and may continue to do so in the future.*

Our Company has entered into various transactions with our Directors, Promoters, Subsidiary and Promoter Group members/entities. These transactions, inter-alia includes, purchase, remuneration, loans and advances etc. For details, please refer to Annexure 31 - Related Party Disclosures” under Section titled ***“Financial Information of the Company”*** and Chapter titled ***“Capital Structure”*** beginning on page 152 and 68 respectively of this Prospectus.

While our Company trust that all such transactions have been conducted on an arm’s length basis and are accounted as per AS 18 and are in compliance with the provisions of the Companies Act, 2013 and other applicable laws, however there can be no assurance that we could not have achieved more favorable terms had such transactions not been entered into with related parties. Our Company has entered into such transactions due to easy proximity and quick execution.

Although all related-party transactions that we may enter into in the future are subject to approval by Board or shareholders, as required under the Companies Act, we cannot assure you that such future transactions or any other future transactions, individually or in aggregate, will not have an adverse effect on our financial condition and results of operations or that we could not have achieved more favorable terms if such transactions are not entered into with related parties. Furthermore, it is likely that we may enter into related party transactions in the future. Any future transactions with our related parties could potentially involve conflicts of interest. Accordingly, there can be no assurance that such transactions, individually or in the aggregate, will not have a material adverse effect on our business, financial condition, cash flows, results of operations and prospects.

28. *We operate in a competitive industry and increased competition may lead to a reduction in our revenues, reduced profit margins or a loss of market share.*

The steel casting industry in which we operate is competitive and fragmented, with numerous small and medium-sized domestic and international players. Some of our current and potential competitors include large entities that have longer operating histories,

better name recognition, greater ability to influence industry standards, access to larger customer bases and significantly greater financial, sales and marketing, etc. Some of our significant competitors in the organized segment includes Porwal Auto Components Ltd, Nipha Engineers Pvt Ltd & Cast Profiles Pvt. Ltd.

A number of our competitors are larger than we are and some competitors have greater financial and other resources than we do and other economic advantages as compared to our business, such as patents, existing underutilized capacity, lower labor costs, lower health care costs, lower tax rates and, in some cases, export or raw materials subsidies. In the auto components segment, our customers may change their outsourcing strategy due to various reasons. Among other things, our competitors may:

- have presence, or expand their presence, in higher number of geographic markets than we are present in;
- reduce, or offer discounts on, their prices for similar products as ours; while we may respond by matching their prices, by offering comparable or more attractive commercial terms or by increasing our advertising and promotions in order to retain or attract customers, it may increase our costs and limit our ability to maintain our operating margins or growth rate;
- target the same products or applications as us or develop different products that compete with our current solutions;
- attract or retain a key managerial or senior personnel with relationships with a key customer or confidential information regarding our future product pipeline and growth plans;
- be able to source raw materials at more competitive prices;
- harness better process technology or improved process yield and respond more quickly and effectively than we do to new or changing opportunities, applications, technologies, standards, or customer requirements;
- benefit from a wider range of products and services and a broader customer base needed to bring competitive solutions to the market;
- possess greater economies of scale if they are larger than us and operating efficiencies such as higher production capacities; or
- possess greater financial resources than we do and may be able to devote greater resources to pricing and promotional programs.

If any or a combination of the foregoing factors occur, we may not be able to maintain our growth rate and our revenues and operating margins may decline. We cannot assure you that we will continue to effectively compete with our competitors in the future and our inability to compete effectively could affect our ability to retain our existing customers or attract new customers, which may in turn materially and adversely affect our business, financial condition, results of operations and prospects.

29. Changes in technology may render our current technologies obsolete or require us to make substantial investments.

Modernization and technology up gradation is essential to reduce costs and increase the output. Our technology and machineries may become obsolete or may not be upgraded timely, hampering our operations and financial conditions and we may lose our competitive edge. Although we believe that we have installed updated technology, we shall continue to strive to keep our technology, plant and machinery in line with the latest technological standards. In case of a new found technology in the steel casting industry, we may be required to implement new technology or upgrade the machineries and other equipment's employed by us. Further, the costs in upgrading our technology and modernizing the plant and machineries are significant which could substantially affect our finances and operations. However, no such incident has occurred for the Fiscal 2025, 2024, 2023 and six months period ended September'25.

30. Adverse publicity regarding our products could negatively impact us.

Adverse publicity regarding any of our products or similar products marketed or sold by others could negatively affect us. If any studies raise or substantiate concerns regarding the efficacy or safety of our products or other concerns, our reputation could be harmed and demand for our products could diminish, which could have a material adverse effect on growth in new customers and sales of our product, leading to a decline in revenues, cash collections and ultimately our ability to meet operating cash flow requirements. However, no such incident has occurred for the Fiscal 2025, 2024, 2023 and six months period ended September'25.

31. If we are not able to successfully manage our growth, our business and results of operations may be adversely affected.

Continued growth of our business and customer base requires us to expand our product portfolio, strengthen our product quality, expand and enhance our sales channels, better manage our supply chain, upgrade our information systems and technologies and devote other resources to our business expansions, among others. As we continue to grow, managing our business will become more complicated as we develop a wider product mix, some of which we may have less experience in. In addition, as we increase our product offerings, we will need to work with a larger number of clientele and maintain and expand mutually beneficial relationships with our existing and new clientele. Our inability to manage the expansion of our products range, customer base

and manufacturing capacities and execute our growth strategy in a timely manner or within budget estimates, or our inability to meet the expectations to track the changing preferences of our customers or other stakeholders could have an adverse effect on our business, results of operations and financial condition. For details in respect of our business strategies, please refer to section “Business – Strategies” on page 110 of this Prospectus.

We cannot assure you that we will be able to effectively manage our growth, that our current personnel, infrastructure, systems, procedures and controls or any measures to enhance them will be adequate and successful to support our expanding operations or that our strategies and new business initiatives will be executed successfully. Our failure to manage our anticipated growth effectively could reduce our ability to execute our business strategies, recruit and retain personnel, innovate and manage costs all of which could adversely affect our business, results of operations, cash flows and financial condition.

32. The average cost of acquisition of Equity Shares by our Promoters could be lower than the Issue price.

Our Promoters average cost of acquisition of Equity Shares in our Company may be lower than the Issue Price as may be decided by the Company in consultation with the Book Running Lead Manager. For further details regarding average cost of acquisition of Equity Shares by our Promoters in our Company and build-up of Equity Shares by our Promoters in our Company, please refer to the chapters “Risk Factors” and “Capital Structure” beginning on pages 28 and 68 respectively of this Prospectus.

33. Our Promoters or directors do not possess experience in managing publicly listed companies.

None of our existing Promoters or Directors has an experience of managing a listed Company. While they bring significant expertise in private company operations, the unique requirements and regulatory obligations of managing a listed entity, such as shareholder relations, market disclosures and compliance with stock exchange norms, may pose challenges. This lack of prior exposure could impact our company’s ability to effectively meet these demands, potentially affecting investor confidence and may attract notices, fines or penalties from regulatory authorities which may divert the Management’s attention and may have an adverse impact on the financial performance of the Company.

34. Our industry is labour intensive and our business operations may be materially adversely affected by strikes, work stoppages or increased wage demands by our employees or those of our suppliers.

We believe that the industry in which we operate faces competitive pressures in recruiting and retaining skilled and unskilled labour. Our industry being labour intensive is highly dependent on labour force for carrying out its manufacturing operations. Shortage of skilled / unskilled personnel or work stoppages caused by disagreements with employees could have an adverse effect on our business and results of operations. We have not experienced any major disruptions in our business operations due to disputes or other problems with our work force in the past, however there can be no assurance that we will not experience any such disruptions in the future. Such disruptions may adversely affect our business and results of operations and may also divert the management's attention and result in increased costs.

India has stringent labour legislation that protects the interests of workers, including legislation that sets forth detailed procedures for the establishment of unions, dispute resolution and employee removal and legislation that imposes certain financial obligations on employers upon retrenchment. We are also subject to laws and regulations governing relationships with employees, in such areas as minimum wage and maximum working hours, overtime, working conditions, hiring and terminating of employees and work permits. Although our employees are not currently unionized, there can be no assurance that they will not unionize in the future. If our employees unionize, it may become difficult for us to maintain flexible labour policies and we may face the threat of labour unrest, work stoppages and diversion of our management's attention due to union intervention, which may have a material adverse impact on our business, results of operations and financial condition.

35. Our company is majorly dependent on third-party logistics service providers for the transportation of raw materials and finished products.

Except for the One (Eicher truck) commercial vehicle, we do not maintain an in-house transportation facility and depend on third-party transportation and logistics services at every stage of our business activities, including procurement from suppliers and delivering finished products to customers. While we engage transportation companies as needed, we have established definitive agreements with any third-party transport service providers.

The transportation solutions available in the markets where we operate are typically fragmented and the cost incurred for goods transported by third-party carriers often exceeds the contracted transportation fees. Consequently, recovering compensation for damaged, delayed, or lost goods can be challenging. Recent instances, such as transportation vehicles being on strike due to fuel price increases, resulted in delays and potential disruptions in handling and procurement processes, which could have led to possible damage to products in transit. However, we have not experienced any such instances of disruption or delay in Fiscal 2025, Fiscal 2024, Fiscal 2023 and the six-month period ended September 30, 2025.

36. Our operations are subject to high working capital requirements. Our inability to maintain an optimal level of working capital required for our business may impact our operations adversely.

Our business requires significant amount of working capital and major portion of our working capital is utilized towards trade receivables, inventories and payment to creditors. The working capital requirements of our Company (based on restated standalone financial statements) is as under:-

(Rs. in lakhs)				
Particulars	Six months period ended September 30, 2025	Fiscal 2025	Fiscal 2024	Fiscal 2023
Current Assets (excluding cash and cash equivalents)	2,433.46	2,300.65	1,869.84	849.06
Current Liabilities (excluding short term borrowings)	964.71	1,119.49	841.35	409.96
Working Capital	1,468.74	1,181.16	1,028.49	439.10

Our growing scale and expansion may result in increase in the quantum of current assets. Our inability to maintain sufficient cash flow, credit facility and other sources of funding, in a timely manner, or at all, to meet the requirement of working capital or pay out debts, could adversely affect our financial condition and result of our operations. However, we intend to utilize net proceeds to an extent of Rs. 720 lakhs towards repayment of borrowings, which is going to strengthen our debt equity ratio. However, there can be no assurance that our estimated working capital requirements will not increase in the future or that we will not require additional financing, and any inability to secure such financing on commercially acceptable terms, or at all, may adversely impact our business, financial condition, and results of operations. For further details regarding repayment of borrowings, please refer to the section ***“Objects of the Issue – Repayment of borrowings”*** on page 88 of this Prospectus.

37. Our Promoters (including Promoter Group), Directors, KMP's and Senior Management Personnel hold 67.16% of the Equity Shares of our Company and are therefore interested in the Company's performance in addition to their remuneration and reimbursement of expenses.

Our Promoters (including Promoter Group), Directors, KMP's and Senior Management Personnel are interested in our Company, in addition to regular remuneration or benefits and reimbursement of expenses, to the extent of their shareholding in our Company or their relatives, dividend entitlement, or loans advanced by them to the Company and benefits deriving from the directorship in our Company. There can be no assurance that our Promoter will exercise their rights as shareholders to the benefit and best interest of our Company. Our Promoters will continue to exercise significant control over us, including being able to control the composition of our Board of Directors and determine decisions requiring simple or special majority voting of shareholders and our other shareholders may be unable to affect the outcome of such voting. For further information, please refer to the chapters/section titled ***“Our Business”***, ***“Our Promoter and Promoter Group”*** and ***“Annexure 31 - Related Party Disclosures”***, beginning on pages 107, 145 and 198 respectively of this Prospectus.

38. We have incurred significant indebtedness which exposes us to various risks which may have an adverse-affect on our business and results of operations

Our ability to borrow and the terms of our borrowings will depend on our financial condition, the stability of our cash flows, general market conditions, economic and political conditions in the markets where we operate and our capacity to service debt. As on September 30, 2025, our total outstanding indebtedness was 1,913.14 Lakhs.

Our significant indebtedness in future may result in substantial amount of debt service obligations which could lead to:

1. increasing our vulnerability to general adverse economic, industry and competitive conditions;
2. limiting our flexibility in planning for, or reacting to, changes in our business and the industry;
3. affecting our credit rating;
4. limiting our ability to borrow more money both now and in the future; and
5. increasing our interest expenditure and adversely affecting our profitability.

If the loans are recalled on a short notice, we may be required to arrange for funds to fulfil the necessary requirements. The occurrence of these events may have an adverse effect on our cash flow and financial conditions of the company. For further details regarding our indebtedness, see ***“Statement of Financial Indebtedness”*** on page 214 of this Prospectus.

39. Fraud, theft, employee negligence or similar incidents may adversely affect our results of operations and financial condition.

Our operations may be subject to incidents of theft or damage to inventory. The business may also encounter some inventory part/components loss on account of employee theft, vendor fraud and general administrative error. While we have not experienced any such instance in the Fiscal 2025, 2024, 2023 and for the six months period ended September 30, 2025, there can be no assurance that we will not experience any fraud, theft, employee negligence, security lapse or similar incidents in the

future, which could adversely affect our results of operations and financial condition. Though we have insurance losses due to theft, fire, breakage or damage caused by other casualties, could adversely affect our results of operations and financial condition.

40. We could be harmed by employee misconduct or errors that are difficult to detect and any such incidences could adversely affect our financial condition, results of operations and reputation.

Employee misconduct or errors could expose us to business risks or losses, including regulatory sanctions and serious harm to our reputation. There can be no assurance that we will be able to detect or deter such misconduct. Moreover, the precautions we take to prevent and detect such activity may not be effective in all cases. Our employees may also commit errors that could subject us to claims and proceedings for alleged negligence, as well as regulatory actions on account of which our business, financial condition, results of operations and goodwill could be adversely affected. While we have not experienced any such instance in the past, there can be no assurance that we will not experience any such adverse event in future.

41. Loans availed by our Company has been secured on personal guarantees of our Promoters. Our business, financial condition, results of operations, cash flows and prospects may be adversely affected in case of invocation of any personal guarantees provided by our Promoters.

Our Promoters and Directors Kaid Johar Kalabhai, Mariya Zakiuddin Sujauddin, Hakimuddin Ghantawala, Zakiuddin Sujauddin and Zahabiya Kalabhai has provided personal guarantee to secure a significant portion of our existing borrowings taken from the banks and may continue to provide such guarantees and other security post listing. In case of a default under our loan agreements, any of the personal guarantees provided by the aforesaid may be invoked which could negatively impact their reputation and net worth. Also, we may face certain impediments in taking decisions in relation to our Company, which in turn would result in a material adverse effect on our financial condition, business, results of operations and prospects and would negatively impact our reputation. We may also not be successful in procuring alternate guarantees/ alternate security satisfactory to the lenders, as a result may need to repay outstanding amounts under such facilities or seek additional sources of capital, which could affect our financial condition and cash flows. For further details regarding loans availed by our Company, please refer ***“Statement of Financial Indebtedness”*** on page 214 of this Prospectus.

42. We have not identified any alternate source of funding and hence any failure or delay on our part to mobilize the required resources or any shortfall in the Issue proceeds may delay the implementation schedule.

The proposed fund requirement for working capital, repayment of borrowings and capital expenditure, as detailed in the section titled ***“Objects of the Issue”*** is to be funded from the proceeds of this Issue. We have not identified any alternate source of funding and hence any failure or delay on our part to mobilize the required resources or any shortfall in the Issue proceeds may delay the implementation schedule. We therefore, cannot assure that we would be able to execute our future plans/strategy within the given timeframe. For details, please refer to the Chapter titled ***“Objects of the Issue”*** beginning on page 81 of this Prospectus.

43. Our Company engages contract labour at its manufacturing facility and we may be liable for or exposed to litigations, sanctions, penalties or losses arising from accidents or damages caused by our workers or contractors.

We engage independent contractors through whom we engage contract labourers for performance of certain functions at our Dhar manufacturing facility for the performance of various manufacturing related tasks. As of September 30, 2025, we had a total of 53 contractual workers in our Company. Although we do not engage these laborers directly, we are responsible for any wage and statutory payments to be made to such laborers in the event of default by such independent contractors. Any requirement to fund their wage requirements may have an adverse impact on our results of operations and our financial conditions. Although as on date of this Prospectus, our Company is not involved in any legal proceedings, neither any penalty or regulatory action has been imposed or taken against our Company, neither there have been any instances of default on behalf of the Company towards payment of expenditure for contract labour activities, we may be liable for or exposed to litigations, sanctions, penalties or losses arising from accidents or damages caused by our workers or contractors.

44. We are subject to the restrictive covenants of banks in respect of the Loans/ Credit Limits and other banking facilities availed from them.

Our financing arrangements contain restrictive covenants whereby we are required to obtain approval from our lender, regarding, among other things such as major changes in share capital, management, changes in fixed assets, creation of any other charge, undertake any guarantee obligation etc. There can be no assurance that such consents will be granted or that we will be able to comply with the financial covenants under our financing arrangements. In the event we breach any financial or other covenants contained in any of our financing arrangements, we may be required under the terms of such financing arrangements to immediately repay our borrowings either in whole or in part, together with any related costs. This may adversely impact our results of operations and cash flows. For further details on the Cash Credit Limits and other banking facilities, please see ***“Statement of Financial Indebtedness”*** on page 214 of the Prospectus.

45. Any variation in the utilization of the Net Proceeds would be subject to certain compliance requirements, including prior shareholders' approval.

We intend to use Net Proceeds from the Issue towards (a) expansion of our existing manufacturing facility and construction of office Building; (b) repayment of portion of certain borrowings availed by our Company and (c) general corporate purposes. For further details of the proposed objects of the Issue, see “Objects of the Issue - Details of Utilization of Net Proceeds” on page 82. At this stage, we cannot determine with any certainty if we would require the Net Proceeds to meet any other expenditure or fund any exigencies arising out of competitive environment, business conditions, economic conditions or other factors beyond our control. In accordance with Section 13(8) and 27 of the Companies Act, 2013, we cannot undertake any variation in the utilization of the Net Proceeds without obtaining the shareholders’ approval by way of a special resolution. In the event of any such circumstances that require us to undertake variation in the disclosed utilization of the Net Proceeds, we may not be able to obtain the shareholders’ approval in a timely manner, or at all. Any delay or inability in obtaining such shareholders’ approval may adversely affect our business or operations.

Further, our Promoters would be required to provide an exit opportunity to the Shareholders who do not agree with our proposal to change the objects of the Issue or vary the terms of such contracts, at a price and manner as prescribed by SEBI. Additionally, the requirement on Promoters or controlling shareholders to provide an exit opportunity to such dissenting shareholders may deter the Promoters or controlling shareholders from agreeing to the variation of the proposed utilization of the Net Proceeds, even if such variation is in the interest of our Company. Further, we cannot assure you that the Promoters or the controlling shareholders of our Company will have adequate resources at their disposal at all times to enable them to provide an exit opportunity at the price prescribed by SEBI.

In light of these factors, we may not be able to undertake variation of objects of the Issue to use any unutilized proceeds of the Issue, if any, or vary the terms of any contract referred to in this Prospectus, even if such variation is in the interest of our Company. This may restrict our Company’s ability to respond to any change in our business or financial condition by re-deploying the unutilized portion of Net Proceeds, if any, or varying the terms of contract, which may adversely affect our business and results of operations.

46. The Objects of the Issue for which funds are being raised, are based on our management estimates and have not been appraised by any bank or financial institution or any independent agency.

The deployment of funds will be entirely at our discretion, based on the parameters as mentioned in the chapter titled “Objects of the Issue”. The fund requirement and deployment, as mentioned in the “***Objects of the Issue***” on page 81 of this Prospectus is based on the estimates of our management and has not been appraised by any bank or financial institution or any other independent agency. These fund requirements are based on our current business plan. We cannot assure that the current business plan will be implemented in its entirety or at all. In view of the highly competitive and dynamic nature of our business, we may have to revise our business plan from time to time and consequently these fund requirements. The deployment of the funds as stated under chapter “Objects of the Issue” is at the discretion of our Board of Directors and is not subject to monitoring by any external independent agency. Further, we cannot assure that the actual costs or schedule of implementation as stated under chapter “Objects of the Issue” will not vary from the estimated costs or schedule of implementation. Any such variance may be on account of one or more factors, some of which may be beyond our control. Occurrence of any such event may delay our business plans and/or may have an adverse bearing on our expected revenues and earnings.

47. Information relating to our production capacities and the historical capacity utilization of our production facilities included in this Prospectus is based on certain assumptions and has been subjected to rounding off and future production and capacity utilization may vary.

Information relating to our production capacities and the historical capacity utilization of our production facilities included in this Prospectus is based on various assumptions and estimates of our management, including proposed operations, assumptions relating to availability and quality of raw materials and assumptions relating to operational efficiencies. Actual production levels and utilization rates may differ significantly from the estimated production capacities or historical estimated capacity utilization information of our facilities. Undue reliance should therefore not be placed on our production capacity or historical estimated capacity utilization information for our existing facilities included in this Prospectus. For further information, see the section titled “***Our Business***” on page 107 of this Prospectus.

48. Our ability to pay any dividends will depend upon future earnings, financial condition, cash flows, working capital requirements and capital expenditures.

We may retain all our future earnings, if any, for use in the operations and expansion of our business. As a result, we may not declare dividends in the foreseeable future. Any future determination as to the declaration and payment of dividends will be at the discretion of our Board of Directors and will depend on factors that our Board of Directors deem relevant, including among others, our results of operations, financial condition, cash requirements, business prospects and any other financing arrangements. Accordingly, realization of a gain on shareholders investments may largely depend upon the appreciation of the price of our Equity Shares. There can be no assurance that our Equity Shares will appreciate in value. For details of our Dividend history refer to the Section “***Dividend Policy***” on page 151 of the Prospectus.

49. Certain key performance indicators for certain listed industry peers included in this Prospectus have been sourced from public sources and there is no assurance that such financial and other industry information is complete

Pursuant to the requirements of the SEBI ICDR Regulations, we have included certain key performance indicators, comprising financial and operational information, for certain listed industry peers, in the “**Basis for Issue Price**” beginning on page 92 of the Prospectus. Although this information is sourced from and relied upon on the consolidated audited financial statements of the relevant listed industry peers as available on the websites of the Stock Exchanges, including the annual reports of the respective companies submitted to Stock Exchanges, there is no assurance that this information with respect to industry peers is either complete. There may be different methodologies and formulas used to compute the various ratios.

50. There is no monitoring agency appointed by Our Company to monitor the utilization of the Issue proceeds.

As per SEBI (ICDR) Regulations, 2018, as amended, appointment of monitoring agency is required only for Issue size above ₹ 5,000.00 Lakhs. Hence, we have not appointed any monitoring agency to monitor the utilization of Issue proceeds. However, the audit committee of our Board will monitor the utilization of Issue proceeds in terms of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015. Further, our Company shall inform about material deviations in the utilization of Issue proceeds to the stock exchange and shall also simultaneously make the material deviations / adverse comments of the audit committee public.

51. Our Promoter and the Promoter Group will jointly continue to retain majority shareholding in our Company after the issue, which will allow them to determine the outcome of the matters requiring the approval of shareholders.

Our promoter along with the promoter group will continue to hold collectively 67.16 % of the Equity share capital of the company. As a result of the same, they will be able to exercise significant influence over the control of the outcome of the matter that requires approval of the majority shareholders vote. Such a concentration of the ownership may also have the affect of delaying, preventing or deterring any change in the control of our company. In addition to the above, our promoter will continue to have the ability to take actions that are not in, or may conflict with our interest or the interest of some or all of our minority shareholders and there is no assurance that such action will not have any adverse effect on our future financials or results of operations.

52. Any future issuance of Equity Shares may dilute your shareholdings and sale of the Equity Shares by our major shareholders may adversely affect the trading price of our Equity Shares.

Any future equity issuance by our Company may lead to the dilution of investors’ shareholdings in our Company. In addition, any sale of substantial Equity Shares in the public market after the completion of this Issue, including by our major shareholders, or the perception that such sales could occur, could adversely affect the market price of the Equity Shares and could significantly impair our future ability to raise capital through offerings of the Equity Shares. We cannot predict what effect, if any, market sales of the Equity Shares held by the major shareholders of our Company or the availability of these Equity Shares for future sale will have on the market price of our Equity Shares.

53. Certain data mentioned in this Prospectus has not been independently verified.

We have not independently verified data from industry publications contained herein and although we believe these sources to be reliable, we cannot assure that they are complete or reliable. Such data may also be produced on a different basis from comparable information compiled with regard to other countries. Therefore, discussions of matters relating to India and its economy are subject to the limitation that the statistical and other data upon which such discussions are based have not been verified by us and may be incomplete or unreliable.

54. There can be no assurance that the Equity Shares offered through this Issue will be listed on the SME Platform of BSE.

While the Company has received in-principle approval from BSE for the listing of its Equity Shares on the SME Platform, the listing is subject to the Company satisfying all the conditions prescribed by BSE and other regulatory authorities. There can be no assurance that such conditions will be satisfied in a timely manner or at all. Any delay or failure in obtaining final listing and trading approvals from BSE may restrict investors from trading in the Equity Shares, thereby affecting the liquidity and market price of the Equity Shares.

EXTERNAL RISK FACTORS

55. A slowdown in economic growth in India could have a negative impact on cause our business, results of operations and financial conditions to suffer.

The economy and securities markets in India are influenced by economic developments and volatility in securities markets in other nations across the globe. Investors’ responses to developments in one country may have adverse effects on the market price

of securities of companies located in other countries, including India. Negative developments in the economy, such as increase in trade deficits, decline in India's foreign exchange reserves or a default on national debt, in other emerging countries may also affect investor confidence and cause increase in volatility in Indian securities markets and affect the Indian economy in general. Any financial instability across the globe may also have a negative impact on the Indian economy, including the movement of exchange rates and interest rates in India and may adversely affect our business, financial performance and the price of our Equity Shares. Any other global economic developments or the probability of their occurrence may continue to have an adverse effect on global economic conditions and the stability of financial markets across the globe and may significantly reduce global market liquidity and restrict the ability of key market participants to operate in certain financial markets. Any of these factors could decrease economic activity and restrict our access to capital, which could have an adverse effect on our business, financial condition and results of operations and reduce the price of our equity shares. Any financial disruption could have an adverse effect on our business, cash flows, future financial performance, shareholders' equity and the price of our Equity Shares.

56. Natural disasters, acts of war, terrorist attacks and other events could materially and adversely affect our business and profitability.

Natural disasters (such as earthquakes, fire, typhoons, cyclones, hurricanes and floods), pandemics, epidemics, strikes, civil unrest, terrorist attacks and other events, which are beyond our control, may lead to global or regional economic instability, which may in turn materially and adversely affect our business, financial condition, cash flows and results of operations. Any of these occurrences could cause severe disruptions to our daily operations and may warrant a temporary closure of our Devarapalli Facility. Such closures may disrupt our business operations and adversely affect our results of operations. Such an outbreak or epidemic may significantly interrupt our business operations as health or governmental authorities may impose quarantine and inspection measures on us or our clients.

Moreover, certain regions in India have witnessed terrorist attacks and civil disturbances and it is possible that future terrorist attacks or civil unrest, as well as other adverse social, economic and political events in India could have a negative effect on us. Transportation facilities, including vehicles, can be targets of terrorist attacks, which could lead to, among other things, increased insurance and security costs. Regional and global political or military tensions or conflicts, strained or altered foreign relations, protectionism and acts of war or the potential for war could also cause damage and disruption to our business, which could materially and adversely affect our business, financial condition, cash flows and results of operations. Such incidents could create the perception that investments in Indian companies involve a higher degree of risk and such perception could adversely affect our business and the price of the Equity Shares.

Developments in the ongoing conflict between Russia and Ukraine, between Israel and Hamas, Hezbollah and Iran and between Houthi rebels and certain western countries, have resulted in and may continue to result in a period of sustained instability across global financial markets, induce volatility in commodity prices, adversely impact availability of natural gas, increase in supply chain, logistics times and costs, increase borrowing costs, cause outflow of capital from emerging markets and may lead to overall slowdown in economic activity in India.

If we are unable to successfully anticipate and respond to changing economic and market conditions, our business, results of operations and financial condition may be adversely affected.

57. Financial instability in other countries may cause increased volatility in Indian and other financial markets.

The Indian financial market and the Indian economy are influenced by economic and market conditions in other countries, particularly in emerging market in South - East Asian countries. Although economic conditions are different in each country, investors' reactions to developments in one country can have an adverse effect on the securities of companies in other countries, including India. A loss in investor confidence in the financial systems of other emerging markets may cause increased volatility in Indian financial markets and, indirectly, in the Indian economy in general. Any global financial instability, including further deterioration of credit conditions in the U.S. market, could also have a negative impact on the Indian economy. Financial disruptions may occur again and could harm our results of operations and financial condition.

The Indian economy is also influenced by economic and market conditions in other countries. This includes, but is not limited to, the conditions in the United States, Europe and certain economies in South East Asia. Any worldwide financial instability may cause increased volatility in the Indian financial markets and, directly or indirectly, adversely affect the Indian economy and financial sector and its business.

58. The Equity Shares have never been publicly traded and, after the Issue, the Equity Shares may experience price and volume fluctuations and an active trading market for the Equity Shares may not develop. Further, the price of the Equity Shares may be volatile and you may be unable to resell the Equity Shares at or above the Issue Price, or at all.

Prior to the Issue, there has been no public market for the Equity Shares and an active trading market on the Stock Exchanges may not develop or be sustained after the Issue. Listing and quotation does not guarantee that a market for the Equity Shares will develop, or if developed, the liquidity of such market for the Equity Shares. The Issue Price of the Equity Shares is proposed to be determined through the book building process in accordance with the SEBI ICDR Regulations and may not be indicative of the market price of the Equity Shares at the time of commencement of trading of the Equity Shares or at any time thereafter. The market price of the Equity Shares may be subject to significant fluctuations in response to, among other factors, variations in our operating results of our Company, market conditions specific to the industry we operate in, developments relating to India, volatility in securities markets in jurisdictions other than India, variations in the growth rate of financial indicators, variations in revenue or earnings estimates by research publications and changes in economic, legal and other regulatory factors.

59. Our business is substantially affected by prevailing economic, political and other prevailing conditions in emerging markets.

Political, economic or other factors that are beyond our control may have an adverse effect on our business, financial condition, results of operations and cash flows.

The Indian economy and capital markets are influenced by economic, political and market conditions in India and globally. We are incorporated in and currently functioning only in India and, as a result, are dependent on prevailing economic conditions in India. Our results of operations are significantly affected by factors influencing the Indian economy. Factors that may adversely affect the Indian economy and hence our results of operations, may include:

- the macroeconomic climate, including any increase in Indian interest rates or inflation;
- any exchange rate fluctuations, the imposition of currency controls and restrictions on the right to convert or repatriate currency or export assets;
- any scarcity of credit or other financing in India, resulting in an adverse effect on economic conditions in India and scarcity of financing for our expansions;
- volatility in and actual or perceived trends in trading activity on, India's principal stock exchanges;
- changes in India's tax, trade, fiscal or monetary policies;
- political instability, terrorism or military conflict in India or in countries in the region or globally, including in India's various neighboring countries;
- ongoing conflict between Russia and Ukraine, between Israel and Hamas, Hezbollah and Iran and between Houthi rebels and certain western countries
- occurrence of natural or man-made disasters (such as hurricanes, typhoons, floods, earthquakes, tsunamis and fires) which may cause us to suspend our operations;
- civil unrest, acts of violence, terrorist attacks, regional conflicts or situations or war may adversely affect the Indian markets as well as result in a loss of business confidence in Indian companies;
- epidemics, pandemics or any other public health concerns in India or in countries in the region or globally, including in India's various neighboring countries, such as the highly pathogenic H7N9, H5N1 and H1N1 strains of influenza in birds and swine and more recently, the COVID-19 pandemic;
- any downgrading of India's debt rating by a domestic or international rating agency;
- international business practices that may conflict with other customs or legal requirements to which we are subject, including anti-bribery and anti-corruption laws;
- protectionist and other adverse public policies, including local content requirements, import/export tariffs,
- increased regulations or capital investment requirements; and
- being subject to the jurisdiction of foreign courts, including uncertainty of judicial processes and difficulty enforcing contractual agreements or judgments in foreign legal systems or incurring additional costs to do so.

While our results of operations may not necessarily track India's economic growth figures, the Indian economy's performance nonetheless affects the environment in which we operate. Any slowdown or perceived slowdown in the Indian economy, or in specific sectors of the Indian economy, could adversely affect our business, financial condition and results of operations and the price of the Equity Shares.

60. Changing laws, rules and regulations and legal uncertainties, including tax laws and regulations, may adversely affect our business and financial performance.

The governmental and regulatory bodies in India and other jurisdictions where we operate may notify new regulations and/or policies, which may require us to obtain approvals and licenses from the government and other regulatory bodies, or impose onerous requirements and conditions on our operations, in addition to those which we are undertaking currently. Any such changes and the related uncertainties with respect to the implementation of new regulations may have a material adverse effect on our business, financial condition, results of operations and cash flows. In addition, unfavourable changes in or interpretations

of existing, or the promulgation of new, laws, rules and regulations including foreign investment laws governing our business, operations and investments in our Company by non-residents, could result in us being deemed to be in contravention of such laws and/or may require us to apply for additional approvals. Tax and other levies imposed by the central and state governments in India that affect our tax liability include central and state taxes and other levies, income tax, turnover tax, goods and services tax, stamp duty and other special taxes and surcharges which are introduced on a temporary or permanent basis from time to time. The final determination of our tax liabilities involves the interpretation of local tax laws and related regulations in each jurisdiction as well as the significant use of estimates and assumptions regarding the scope of future operations and results achieved and the timing and nature of income earned, and expenditures incurred. Moreover, the central and state tax scheme in India is extensive and subject to change from time to time. Further, the Government of India announced the union budget for Fiscal 2026, pursuant to which the Finance Act, 2025 (“Finance Act, 2025”), has introduced various amendments to taxation laws in India. There is no certainty on the impact of the Finance Act, 2025 and any amendments made to it in the future, may have on our business operations or the industry in which we operate. Unfavourable changes in or interpretations of existing, or the promulgation of new, laws, rules and regulations including foreign investment and stamp duty laws governing our business and operations could result in us being deemed to be in contravention of such laws and may require us to apply for additional approvals. It may also lead to we incurring more expenses relating to compliance with such new requirements, which may require support from our management and other resources and failure to comply may adversely affect our business and results of operations.

61. Increase in Indian inflation may lead to increased costs and a decline in profits.

We may experience inflation volatility in India and continue to face historically persistent high inflation rates. Escalating inflation may increase interest rates and operational costs, including transportation, salaries and other business-related expenses, negatively impacting our financial health. Inflationary pressures could also complicate cost estimation and management. Should operating expenses rise due to inflation, our inability to fully transfer these costs to customers could adversely affect our profitability and financial standing. Moreover, inflation-induced interest rate rises could slow economic growth and credit expansion, further straining our financial performance. Our future success depends on our ability to increase revenue to counterbalance inflation-related cost hikes, failing which our business prospects, financial condition, operational results and cash flow could suffer. Although the Government of India has implemented measures to mitigate inflation, there can be no assurance that these measures remain effective.

62. Volatile conditions in the Indian securities market may affect the price or liquidity of the Equity Shares.

The Indian securities markets have experienced significant volatility from time to time. The regulation and monitoring of the Indian securities market and the activities of investors, brokers and other participants differ, in some cases significantly, from those in the United States, Europe and certain economies in Asia. Instability in the global financial markets has negatively affected the Indian economy in the past and may cause increased volatility in the Indian financial markets and, directly or indirectly, adversely affect the Indian economy, financial sector and business in the future. For instance, recent concerns relating to the United States and China trade tensions have led to increased volatility in the global capital markets. In addition, the United States, the United Kingdom and Europe are some of India’s major trading partners and there are rising concerns of a possible slowdown in these economies.

Although economic conditions vary across markets, loss of investor confidence in one emerging economy may cause increased volatility across other economies, including India. Financial instability in other parts of the world could have a global influence and thereby impact the Indian economy. Financial disruptions in the future could adversely affect our business, prospects, financial condition and results of operations. In response to such developments, legislators and financial regulators in the United States and other jurisdictions, including India, have implemented a number of policy measures designed to improve the stability of the global financial markets. However, the overall long-term impact of these and other legislative and regulatory efforts is uncertain and they may not have had the intended stabilising effects. Adverse economic developments overseas in countries where we have operations or other significant financial disruptions could have a material adverse effect on our business, future financial performance and the trading price of the Equity Shares.

Book Building Process

Book Building, with reference to the Issue, refers to the process of collection of Bids on the basis from bidders of the Prospectus and the Bid Cum Application Forms and the Revision Forms within the Price Band. The Price Band which was determined by our Company in consultation with the Book Running Lead Manager in accordance with the Book Building Process and which was advertised in in all editions of the English national newspaper Financial Express, all editions of Hindi national newspaper Jansatta and all edition of Regional newspaper Hamara Swaraj where our registered office is situated at least two working days prior to the Bid/ Issue Opening date. The Issue Price has been determined by our Company in consultation with the Book Running Lead Manager in accordance with the Book Building Process after the Bid/ Issue Closing Date. Principal parties involved in the Book Building Process are:-

- Our Company
- The Book Running Lead Manager in this case being Seren Capital Private Limited,
- The Syndicate Member(s) who are intermediaries registered with SEBI/ registered as brokers with BSE and eligible to act as Underwriters. The Syndicate Member(s) were appointed by the Book Running Lead Manager;
- The Registrar to the Issue and;
- The Designated Intermediaries and Sponsor bank

The SEBI (ICDR) Regulations have permitted the Issue of securities to the public through the Book Building Process, wherein allocation to the public has been made as per Regulation 253 of the SEBI ICDR Regulations.

The Issue is being made through the Book Building Process wherein not more than 50% of the Net Issue shall be available for allocation on a proportionate basis to QIBs, provided that our Company, in consultation with the BRLM allocate upto 60% of the QIB Portion to Anchor Investors on a discretionary basis in accordance with the SEBI (ICDR) Regulations (the “Anchor Investor Portion”), out of which one third shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the Anchor Investor Issue Price. 5% of the QIB Portion shall be available for allocation on a proportionate basis to Mutual Funds only and the remainder of the QIB Portion shall be available for allocation on a proportionate basis to all QIB Bidders, including Mutual Funds, subject to valid Bids being received at or above the Issue Price. Further, not less than 15% of the Net Issue shall be available for allocation on a proportionate basis to Non-Institutional Bidders and not less than 35% of the Net Issue shall be available for allocation to individual investors who applies for minimum application size, in accordance with the SEBI Regulations, subject to valid Bids being received at or above the Issue Price. All potential Bidders may participate in the Issue through an ASBA process by providing details of their respective bank account which will be blocked by the SCSBs. All Bidders are mandatorily required to utilize the ASBA process to participate in the Issue. Under-subscription if any, in any category, except in the QIB Category, would be allowed to be met with spill over from any other category or a combination of categories at the discretion of our Company in consultation with the BRLM and the Designated Stock Exchange.

All Bidders, except Anchor Investors, are mandatorily required to use the ASBA process for participating in the Issue. In accordance with the SEBI ICDR Regulations, none of the bidders/investors are allowed to withdraw or lower the size of their Bids (in terms of the quantity of the Equity Shares or the Bid Amount) at any stage. Further, Anchor Investors cannot withdraw their Bids after the Anchor Investor Bid/Issue Period. Allocation to the Anchor Investors will be on a discretionary basis.

In terms of SEBI ICDR Regulations, QIBs and Non-Institutional Investors were not permitted to withdraw their Bid(s) or lower the size of their Bid(s) (in terms of number of Equity Shares or the Bid Amount) at any stage. RIIs Bidding could revise their Bid(s) during Bid/ Issue Period and withdraw their Bid(s) until Bid/ Issue Closing date. Allocation in the issue will be made on a proportionate basis.

In terms of SEBI Circular No. CIR/CFD/POLICYCELL/11/2015 dated November 10, 2015 and the SEBI (Issue of Capital and Disclosure Requirements) Regulations, 2018, all the investors (except Anchor Investors) applying in a public Issue shall use only Application Supported by Blocked Amount (ASBA) process for application providing details of the bank account which will be blocked by the Self Certified Syndicate Banks (SCSBs) for the same. Further, pursuant to SEBI Circular No. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 01, 2018, individual investors who applies for minimum application size applying in public Issue may use either Application Supported by Blocked Amount (ASBA) facility for making application or also can use UPI as a payment mechanism with Application Supported by Blocked Amount for making application. For details in this regards, specific attention are invited to the chapter titled “**Issue Procedure**” beginning on page 275 of the Prospectus.

The process of Book Building under the SEBI ICDR Regulations is subject to change from time to time and the investors are advised to make their own judgment about investment through this process prior to making a Bid or application in the Issue.

For further details on the method and procedure for Bidding, please see section entitled “**Issue Procedure**” on page 275 of this Prospectus.

Illustration of the Book Building and Price Discovery Process: Bidders should note that this example is solely for illustrative purposes and is not specific to the Issue; it also excludes Bidding by Anchor Investors. Bidders can bid at any price within the Price Band. For instance, assume a Price Band of ₹20 to ₹ 24 per share, Issue size of 3,000 Equity Shares and receipt of five Bids from Bidders, details of which are shown in the table below. The illustrative book given below shows the demand for the Equity Shares of the Issuer at various prices and is collated from Bids received from various investors.

Bid Quantity	Bid Amount (₹)	Cumulative Quantity	Subscription
500	24	500	16.67%
1,000	23	1,500	50.00%
1,500	22	3,000	100.00%
2,000	21	5,000	166.67%
2,500	20	7,500	250.00%

The price discovery is a function of demand at various prices. The highest price at which the Issuer is able to Issue the desired number of Equity Shares is the price at which the book cuts off, i.e., ₹ 22.00 in the above example. The Issuer, in consultation with the BRLM, may finalise the Issue Price at or below such Cut-Off Price, i.e., at or below ₹ 22.00. All Bids at or above this Issue Price and cut-off Bids are valid Bids and are considered for allocation in the respective categories.

Steps to be taken by the Bidders for Bidding:

- Check eligibility for making a Bid (see section titled “**Issue Procedure**” on page 275 of this Prospectus);

- Ensure that you have a demat account and the demat account details are correctly mentioned in the Bid cum Application Form;
- Ensure correctness of your PAN, DP ID and Client ID mentioned in the Bid cum Application Form. Based on these parameters, the Registrar to the Issue will obtain the Demographic Details of the Bidders from the Depositories.
- Except for Bids on behalf of the Central or State Government officials, residents of Sikkim and the officials appointed by the courts, who may be exempt from specifying their PAN for transacting in the securities market, for Bids of all values ensure that you have mentioned your PAN allotted under the Income Tax Act in the Bid cum Application Form. The exemption for Central or State Governments and officials appointed by the courts and for investors residing in Sikkim is subject to the Depository Participant's verification of the veracity of such claims of the investors by collecting sufficient documentary evidence in support of their claims.
- Ensure that the Bid cum Application Form is duly completed as per instructions given in this Prospectus and in the Bid cum Application Form;

Bid/Issue Program:

Event	Indicative Dates

⁽¹⁾ Our Company in consultation with the Book Running Lead Manager has consider participation by Anchor Investors in accordance with the SEBI (ICDR) Regulations. The Anchor Investor Bid/ Issue Period , was closed on November 18, 2025 in accordance with the SEBI (ICDR) Regulations.

The above timetable is indicative and does not constitute any obligation on our Company or the Book Running Lead Manager. Whilst our Company shall ensure that all steps for the completion of the necessary formalities for the listing and the commencement of trading of the Equity Shares on the Stock Exchange are taken within 3 Working Days of the Bid/ Issue Closing Date, the timetable may change due to various factors, such as extension of the Bid/Issue Period by our Company, revision of the Price Band or any delays in receiving the final listing and trading approval from the Stock Exchange. The Commencement of trading of the Equity Shares will be entirely at the discretion of the Stock Exchange and in accordance with the applicable laws.

Bid Cum Application Forms and any revisions to the same will be accepted only between 10.00 A.M. to 5.00 P.M. (IST) during the Issue Period (except for the Bid/ Issue Closing Date). On the Bid/ Issue Closing Date, the Bid Cum Application Forms will be accepted only between 10.00 A.M. to 3.00 P.M. (IST) for individual investors who applies for minimum application size and non-institutional Bidders. The time for applying for individual investors who applies for minimum application size on Bid/Issue Closing Date maybe extended in consultation with the BRLM, RTA and BSE taking into account the total number of applications received up to the closure of timings.

Due to the limitation of time available for uploading the Bid Cum Application Forms on the Bid/Issue Closing Date, Bidders are advised to submit their applications one (1) day prior to the Bid/ Issue Closing Date and, in any case, not later than 3.00 P.M. (IST) on the Bid/ Issue Closing Date. Any time mentioned in this Prospectus is IST. Bidders are cautioned that, in the event a large number of Bid Cum Application Forms are received on the Bid/Issue Closing Date, as is typically experienced in public Issue, some Bid Cum Application Forms may not get uploaded due to the lack of sufficient time. Such Bid Cum Application Forms that cannot be uploaded will not be considered for allocation under this Issue. Applications will be accepted only on Working Days, i.e., Monday to Friday (excluding any public holidays). Neither our Company nor the BRLM is liable for any failure in uploading the Bid Cum Application Forms due to faults in any software/hardware system or otherwise.

In accordance with SEBI (ICDR) Regulations, none of the bidders/investors are allowed to withdraw or lower the size of their Application (in terms of the quantity of the Equity Shares or the Application amount) at any stage. Allocation to individual investors who applies for minimum application size, in this issue was on a proportionate basis.

In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical Bid Cum Application Form, for a particular Bidder, the details as per the file received from Stock Exchange may be taken as the final data for the purpose of Allotment. In case of discrepancy in the data entered in the electronic book vis-à-vis the data contained in the physical or electronic Bid Cum Application Form, for a particular ASBA Bidder, the Registrar to the Issue shall ask the relevant SCSBs/ RTAs / DPs / stock brokers, as the case may be, for the rectified data.

Withdrawal of the Issue

Our Company in consultation with the Book Running Lead Manager, reserve the right to not to proceed with the Issue anytime after the Bid/ Issue Opening Date but before the allotment of Equity Shares, and in such case a public notice within 2 (two) working days of the Bid/ Issue Closing Date, providing reasons for not proceeding with the Issue shall be issued by our Company. The notice of withdrawal will be issued in the same newspapers where the pre- Issue advertisements have appeared and the Stock Exchange will also be informed promptly. The BRLM, through the Registrar to the Issue, will instruct the SCSBs to unblock the ASBA Accounts within 1 (one) working Day from the day of receipt of such instruction.

If our Company withdraws the Issue after the Bid/ Issue Closing Date and subsequently decides to proceed with an Issue of the Equity Shares, our Company will have to file a fresh Draft Red Herring Prospectus with the stock exchange where the Equity Shares may be proposed to be listed.

Notwithstanding the foregoing, the Issue is subject to obtaining (i) the final listing and trading approvals of the Stock Exchange with respect to the Equity Shares issued through the Prospectus, which our Company will apply for only after Allotment; and (ii) the registration of Red Herring Prospectus/ Prospectus with RoC.

Our Company and the BRLM has entered into Market Making Agreement dated August 02, 2025 with the following Market Maker, to fulfill the obligations of Market Making for this Issue:

Name	Asnani Stock Broker Private Limited
Correspondence Address	103, Sindhi Colony, Pratap Nagar, Chittorgarh, Rajasthan- 312001
Tel No.	+91-9828100345
E-mail	kamal@asnanionline.com
Website	www.asnanionline.com
Contact Person	Kamal Asnani
SEBI Registration No.	INZ000190431

In accordance with Regulation 261 of the SEBI (ICDR) Regulations, we have entered into an agreement with the Book Running Lead Manager and the Market Maker (duly registered with BSE to fulfill the obligations of Market Making) dated August 02, 2025 to ensure compulsory Market Making for a minimum period of three years from the date of listing of equity shares offered in this Issuer.

Asnani Stock Broker Private Limited, registered with BSE act as the Market Maker and has agreed to receive or deliver of the specified securities in the market making process for a period of three years from the date of listing of our Equity Shares or for a period as may be notified by any amendment to SEBI (ICDR) Regulations.

The Market Maker shall fulfill the applicable obligations and conditions as specified in the SEBI ICDR Regulations, as amended from time to time and the circulars issued by BSE and SEBI in this matter from time to time.

Following is a summary of the key details pertaining to the Market making arrangement:

- The Market Maker(s) (individually or jointly) shall be required to provide a 2-way quote for 75% of the time in a day. The same shall be monitored by the stock exchange. Further, the Market Maker(s) shall inform the exchange in advance for each and every black out period when the quotes are not being offered by the Market Maker(s).
- The prices quoted by Market Maker shall be in compliance with the Market Maker Spread Requirements and other particulars as specified or as per the requirements of the BSE SME and SEBI from time to time.
- The investors with holdings less than the minimum lot size shall be allowed to Issue their holding to the Market Maker(s) (individually or jointly) in that scrip provided that he sells his entire holding in that scrip in one lot along with a declaration to the effect to the selling broker.
- The Market Maker shall not sell in lots less than the minimum contract size allowed for trading on the SME platform of BSE (in this case currently the minimum trading lot size is 1000 equity shares; however the same may be changed by the SME platform of BSE from time to time).
- After a period of three (3) months from the market making period, the Market Maker would be exempted to provide quote if the Shares of Market Maker in our company reaches to 25% of Issue Size. Any Equity Shares allotted to Market Maker under this Issue over and above 25% of Issue Size would not be taken in to consideration of computing the threshold of 25% of Issue Size. As soon as the Shares of Market Maker in our Company reduces to 24% of Issue Size, the Market Maker will resume providing 2 way quotes.
- There shall be no exemption/threshold on downside. However, in the event the Market Maker exhausts his inventory through market making process, BSE may intimate the same to SEBI after due verification.
- Execution of the order at the quoted price and quantity must be guaranteed by the Market Maker(s), for the quotes given by him.
- There would not be more than five Market Makers for a script at any point of time and the Market Makers may compete with other Market Makers for better quotes to the investors.
- On the first day of the listing, there will be pre-opening session (call auction) and there after the trading will happen as per the equity market hours. The circuits will apply from the first day of the listing on the discovered price during the pre-open call auction.
- The Market maker may also be present in the opening call auction, but there is no obligation on him to do so.
- There will be special circumstances under which the Market Maker may be allowed to withdraw temporarily/fully from the market- for instance due to system problems, any other problems. All controllable reasons require prior approval from the Exchange, while *force-majeure* will be applicable for non-controllable reasons. The decision of the Exchange for deciding controllable and non-controllable reasons would be final.
- The Market Maker(s) shall have the right to terminate said arrangement by giving a six months' notice or on mutually acceptable terms to the Merchant Banker, who shall then be responsible to appoint a replacement Market Maker(s) and execute a fresh arrangement.

In case of termination of the above mentioned Market Making agreement prior to the completion of the compulsory Market Making period, it shall be the responsibility of the BRLM to arrange for another Market Maker in replacement during the term of the notice period being served by the Market Maker but prior to the date of releasing the existing Market Maker from its duties in order to ensure compliance with the requirements of regulation 261 of the SEBI (ICDR) Regulations, 2018, as amended. Further our Company and the BRLM reserve the right to appoint other Market Makers either as a replacement of the current Market Maker or as an additional Market Maker subject to the total number of Designated Market Makers does not exceed five or as specified by the relevant laws and

regulations applicable at that particular point of time. The Market Making Agreement is available for inspection at our office from 10.00 a.m. to 5.00 p.m. on working days.

- **Risk containment measures and monitoring for Market Makers:** BSE SME will have all margins, which are applicable on BSE main board viz., Mark-to-Market, Value-At-Risk (VAR) Margin, Extreme Loss Margin, Special Margins and Base Minimum Capital etc. BSE can impose any other margins as deemed necessary from time-to-time.
- **Punitive Action in case of default by Market Makers:** BSE will monitor the obligations on a real time basis and punitive action will be initiated for any exceptions and/or non-compliances. Penalties/ fines may be imposed by the Exchange on the Market Maker, in case he is not able to provide the desired liquidity in a particular security as per the specified guidelines. These penalties/ fines will be set by the Exchange from time to time. The Exchange will impose a penalty on the Market Maker in case he is not present in the market (offering two way quotes) for at least 75% of the time. The nature of the penalty will be monetary as well as suspension in market making activities / trading membership. The Department of Surveillance and Supervision of the Exchange would decide and publish the penalties/ fines/ suspension for any type of misconduct/ manipulation/ other irregularities by the Market Maker from time to time.
- **Price Band and Spreads:** The SEBI Circular bearing reference no: CIR/MRD/DP/ 02/2012 dated January 20, 2012, has laid down that for Issue size up to Rs. 250 crores, the applicable price bands for the first day shall be:
 - i. In case equilibrium price is discovered in the Call Auction, the price band in the normal trading session shall be 5% of the equilibrium price.
 - ii. In case equilibrium price is not discovered in the Call Auction, the price band in the normal trading session shall be 5% of the Issue price.

Additionally, the trading shall take place in TFT segment for first 10 days from commencement of trading. The price band shall be 20% and the market maker spread (difference between the sell and the buy quote) shall be within 10% or as intimated by Exchange from time to time.

The following spread will be applicable on the SME platform:

S. No.	Market Price Slab (in Rs.) Proposed Spread (in % to sale price)	Market Price Slab (in Rs.) Proposed Spread (in % to sale price)
1.	Up to 50	9
2.	50 to 75	8
3.	75 to 100	6
4.	Above 100	5

- Pursuant to SEBI Circular number CIR/MRD/DSA/31/2012 dated November 27, 2012, limits on the upper side for market makers during market making process has been made applicable, based on the Issue size and as follows:

Issue Size	Buy quote exemption threshold (including mandatory initial inventory of 5% of the Issue Size)	Re-Entry threshold for buy quote (including mandatory initial inventory of 5% of the Issue Size)
Up to ₹20 Crore	25%	24%
₹20 to ₹50 Crore	20%	19%
₹50 to ₹80 Crore	15%	14%
Above ₹80 Crore	12%	11%

The Market Making arrangement, trading and other related aspects including all those specified above shall be subject to the applicable provisions of law and/or norms issued by SEBI/ BSE from time to time.

All the above-mentioned conditions and systems regarding the Market Making Arrangement are subject to change based on changes or additional regulations and guidelines from SEBI and Stock Exchange from time to time.

Explanation: It is clarified that the price per share for determining securities ineligible for minimum promoters' contribution has been determined after adjusting the same for corporate actions such as share split, bonus issue, etc. undertaken by the issuer.

In terms of Regulation 241 of the SEBI (ICDR) Regulations, 2018, the Equity Shares which are subject to lock-in shall carry inscription '**non-transferable**' along with the Ratio of specified non-transferable period mentioned in the face of the security certificate. The shares which are in dematerialized form, if any, shall be locked-in by the respective depositories. The details of lock-in of the Equity Shares shall also be provided to the Designated Stock Exchange before the listing of the Equity Shares.

Other requirements in respect of lock-in:

1. In terms of Regulation 242 of the SEBI (ICDR) Regulations, the locked in Equity Shares held by the Promoters, as specified above, can be pledged with any scheduled commercial bank or public financial institution or a systemically important non-banking finance company or a housing finance company as collateral security for loan granted by such bank or institution provided that the pledge of Equity Shares is one of the terms of the sanction of the loan. Provided that securities locked in as minimum promoter's contribution may be pledged only if, in addition to fulfilling the above requirements, the loan has been granted by such bank or institution, for the purpose of financing one or more of the objects of the Issue.
 2. In terms of Regulation 243 of the SEBI (ICDR) Regulations, the Equity Shares held by persons other than the Promoters prior to the Issue may be transferred to any other person holding the Equity Shares which are locked in as per Regulation 239 of the SEBI (ICDR) Regulations, subject to continuation of the lock-in in the hands of the transferees for the remaining period and compliance with the SEBI (Substantial Acquisition of Shares and Takeovers) Regulations, 2011, as applicable.
 3. Further in terms of Regulation 243 of the SEBI (ICDR) Regulations, the specified securities held by the promoters and locked-in as per regulation 238 may be transferred to another promoters or any person of the Promoter Group or a new promoters or a person in control of the issuer subject to continuation of the lock-in in the hands of the transferees for the remaining period and compliance with SEBI (Substantial Acquisition of Shares and Takeovers) Regulations, 2011, as applicable.
20. Neither, we nor our Promoters, Directors and the BRLM to this Issue have entered into any buyback and/ or standby arrangements and/ or similar arrangements for the purchase of our Equity Shares from any person.
 21. As on the date of this Prospectus, the entire Issued Share, Subscribed and Paid-up Share Capital of our Company is fully paid up. Since the entire Issue price in respect of the Issue is payable on application, all the successful applicants will be allotted fully paid up Equity Shares.
 22. The BRLM i.e. Seren Capital Private Limited and their associates do not hold any Equity Shares in our Company as on the date of filing of this Prospectus.
 23. As on the date of this Prospectus, we do not have any Employees Stock Option Scheme/ Employees Stock Purchase Scheme and we do not intend to allot any shares to our employees under Employee Stock Option Scheme/ Employee Stock Purchase Plan from the proposed Issue. As and when, options are granted to our employees under the Employee Stock Option Scheme, our Company shall comply with the SEBI (Share Based Employee Benefits) Regulations, 2014.
 24. We have 10 (Ten) shareholders as on the date of filing of this Prospectus.
 25. As on the date of filing of this Prospectus, there are no outstanding warrants, options or rights to convert debentures, loans or other instruments which would entitle Promoters or any shareholders or any other person any option to acquire our Equity Shares after this Initial Public Offer.
 26. Our Company has not raised any bridge loan against the proceeds of the Issue.
 27. As on the date of this Prospectus, none of the shares held by our Promoters/ Promoter Group are subject to any pledge.
 28. We hereby confirm that there will be no further issue of capital whether by way of issue of bonus shares, preferential allotment, rights issue or in any other manner during the period commencing from the date of the Prospectus until the Equity Shares Issued have been listed or application money unblocked on account of failure of Issue.
 29. An over-subscription to the extent of 1% of the Issue, subject to the maximum post Issue paid up capital of Rs. 25 Cr., can be retained for the purpose of rounding off to the nearest integer during finalizing the allotment, subject to minimum allotment, which is the minimum application size in this Issue. Consequently,

the actual allotment may go up by a maximum of 1% of the Issue, as a result of which, the post-Issue paid up capital after the Issue would also increase by the excess amount of allotment so made. In such an event, the Equity Shares held by the Promoter and subject to 3-year lock- in shall be suitably increased; so as to ensure that 20% of the post Issue paid-up capital is locked in.

30. At any given point of time there shall be only one denomination of the Equity Shares, unless otherwise permitted by law.
31. Our Company shall comply with such disclosure and accounting norms as may be specified by BSE, SEBI and other regulatory authorities from time to time.
32. There are no Equity Shares against which depository receipts have been issued.
33. Other than the Equity Shares, there is no other class of securities issued by our Company.
34. There are no safety net arrangements for this public Issue.
35. As per RBI regulations, OCBs are not allowed to participate in this Issue.
36. Our Promoters and Promoter Group will not participate in this Issue.
37. This Issue is being made through Book Building Process.
38. Our Company has not made any public issue of any kind or class of securities since its incorporation.
39. In terms of Rule 19(2)(b)(i) of the Securities Contracts (Regulation) Rules, 1957, as amended, (the SCRR) the Issue is being made for at least 25% of the post-Issue paid-up Equity Shares Share capital of our Company. Further, this Issue is being made in terms of Chapter IX of the SEBI (ICDR) Regulations, 2018, as amended from time to time.
40. No person connected with the Issue shall offer any incentive, whether direct or indirect, in the nature of discount, commission and allowance, or otherwise, whether in cash, kind, services or otherwise, to any Applicant.

We shall ensure that transactions in Equity Shares by the Promoters and members of the Promoter Group, if any, between the date of filing the Prospectus with the Registrar of companies and the Issue Closing Date are reported to the Stock Exchanges within 24 hours of such transactions being completed.

OBJECTS OF THE ISSUE

Our Company intends to utilize the proceeds of the net issue to meet the following objects:

1. Funding of capital expenditure towards expansion of our existing manufacturing facility and construction of office Building;
2. Repayment of a portion of certain borrowings availed by our Company;
3. General Corporate Purpose

(Collectively referred as the “Objects”)

In addition, we believe that listing will enhance our corporate image and visibility of brand name of our Company. We also believe that our Company will receive the benefits from listing of Equity Shares on the BSE SME platform. It will also provide liquidity to the existing shareholders and will also create a public trading market for the Equity Shares of our Company.

The main objects clause of our Memorandum enables our Company to undertake its existing activities and the activities for which the funds are being raised by our Company in the Fresh Issue.

Net Proceeds

The details of the Net Proceeds are set forth below:

Particulars	Amount (₹ in Lakhs)
Gross Proceeds of the Issue	3750.00
Less: Issue related expenses in relation to Issue	490.88
Net Proceeds	3,259.12

Requirement of Funds and Utilization of Net Proceeds

The Net Proceeds are proposed to be used in accordance with the details as set forth below:

S. No.	Particulars	Amount (₹ in Lakhs)
1.	Funding of capital expenditure towards expansion of our existing manufacturing facility and construction of office Building	2,073.01
2.	Repayment of a portion of certain borrowings availed by our Company	720.00
3.	General Corporate Purpose	466.11
	Total	3,259.12

Means of Finance

The fund requirements for the Objects above are proposed to be entirely funded from the Net Proceeds and hence, no amount is proposed to be raised through any other means of finance. We intend to fund the entire cost from the Net Proceeds. Accordingly, we confirm that there are no requirements to make firm arrangements of finance under Regulation 7(1)(e) of the SEBI ICDR Regulations through verifiable means towards at least 75% of the stated means of finance, excluding the amount to be raised from the Fresh Issue.

In case of any increase in the actual utilization of funds earmarked for the Objects, such additional funds for a particular activity will be met by way of means available to our Company, including from internal accruals. If the actual utilization towards any of the Objects is lower than the proposed deployment such balance will be used for future growth opportunities including funding existing objects, if required. In case of delays in raising funds from the Issue, our Company may deploy certain amounts towards any of the above-mentioned Objects through a combination of Internal Accruals or Unsecured Loans (Bridge Financing) and in such case the Funds raised shall be utilized towards repayment of such unsecured Loans or recouping of Internal Accruals. However, we confirm that no bridge financing has been availed as on date, which is subject to being repaid from the Issue Proceeds.

As we operate in competitive environment, our Company may have to revise its business plan from time to time and consequently our fund requirements may also change. Our Company's historical expenditure may not be reflective of our future expenditure plans. Our Company may have to revise its estimated costs, fund allocation and fund requirements owing to various factors such as economic and business conditions, increased competition and other external factors which may not be within the control of our management. This may entail rescheduling or revising the planned expenditure and funding requirements, including the expenditure for a particular purpose at the discretion of the Company's management.

For further details on the risks involved in our business plans and executing our business strategies, please see the section titled **“Risk Factors”** beginning on page 28 of this Prospectus.

Details of Utilization of Net Proceeds

The details of utilization of the Net Proceeds are set forth herein below:

1) Funding of capital expenditure towards expansion of our existing manufacturing facility and construction of office Building:

We are an engineering company engaged in the manufacturing of ready-to-use components, assemblies, and subassemblies for Indian railways, defence, power generation and allied industries. Our product portfolio includes critical components such as traction motor components and bogie assembly components for the railway sector, sub-assemblies for thermal and hydro turbines used in the power generation sector and components for industrial machinery, equipment and the defence sector.

Our production operations are carried out at our manufacturing facility located at Plot No.66, Sector-3, Pithampur, Dhar, Madhya Pradesh, India. Additionally, Sleeploop India Pvt. Ltd. (SIPL), our wholly owned subsidiary, operates a machining division at Plot No. 821, Industrial Area, Pithampur, Sector-3, Dhar, Madhya Pradesh. Our steel components undergo machining at SIPL's machining unit, where they are processed to meet the required specifications.

At present, our manufacturing unit from where we carry all our ferrous casting operations has the capacity of 2400 MT per annum and is operating at 95.83% (As of September 2025) capacity utilisation. We propose to expand the production capacity of our casting process through the procurement of new plant and machinery i.e. induction furnace, heat treatment furnace and Girder EOT Crane. The said expansion will increase our existing casting capacity from 2,400 MT per annum to 6,100 MT per annum. In addition, our wholly owned subsidiary, Sleeploop India Private Limited ("SIPL"), has an installed capacity of machining 7,500 units per annum, and operates at 90.00% (As of September 2025) capacity utilization. Going ahead, as part of the expansion plan, we intend to expand our machining capabilities through procurement of a Horizontal Machining Center (Nexus 8800) for precision milling and drilling in mass production and a Ram Type Vertical Turn-Mill Center (BVL 1200-RL) for turning, milling and machining of large steel components. Our overall machining capacity of SIPL post expansion will increase from existing 7500 units p.a to 10,000 units p.a.

Additionally, to address space constraints, we propose to construct a G+1 administrative building on the unused portion of land within our existing facility. Both the manufacturing expansion and office building construction will be carried out on our existing leased land, requiring no additional land acquisition. For details, please refer to section “Objects of the Issue - Funding of capital expenditure towards expansion of our existing manufacturing facility and construction of office building” on page 82 of this Prospectus.

Our growth strategy focuses on expanding our capabilities in unmachined and machined castings. As part of this, we aim to strengthen our presence in the railway sector. In addition to supplying components for traction motors and bogie assemblies, we plan to broaden our product range to include motor frames and wagon components for the railway industry. Further, we intend to expand our presence in existing sectors such as defence, power generation and industrial machinery by enhancing our manufacturing capabilities to cater to a wider customer base. This expansion is expected to help us secure new orders from both existing and potential customers, capitalize on market opportunities and support business growth.

Our existing manufacturing facility at Plot No. 66, Sector-3, Pithampur, Dhar, Madhya Pradesh, includes a small office space, which has space constraints. In line with our proposed expansion plans, we intend to construct a new office building (G+1) to support administrative functions and operational requirements. Both the expansion of the manufacturing facility and the construction of the new office building will be carried out on our existing leased land and therefore, no additional land acquisition will be required for these developments.

To achieve the aforementioned objectives, the Board, in its meeting held on March 19, 2025, approved the said expansion plans.

Estimated Proposed Project Cost

The total estimated cost of the proposed expansion of existing manufacturing Facility and construction of office building is ₹ 2,169.90 lakhs, as per the Project Report dated November 4, 2025, issued by Rajul Garg & Gograj Kumawat, Chartered Engineers, Garg & Associates. The Company has already incurred ₹96.89 lakh towards Civil Works for Shed Construction. Balance our Company proposes to utilize an amount of up to ₹2,073.01 lakhs from

the Net Proceeds for funding capital expenditure requirements of our Company towards expansion of existing manufacturing Facility and construction of office building.

The fund requirements, the deployment of funds and the intended use of the Net Proceeds for the Proposed Project as described herein are based on our current business plan, management estimates, current and valid quotations from suppliers. However, such total estimated cost and related fund requirements have not been appraised by any bank or financial institution.

The total estimated project cost comprises the following:

(Rs. In Lakhs)

Sr. No.	Particulars#	Estimated Cost	Funds deployed from internal accruals	To be met from issue proceeds
1	Civil Works for Shed Construction	536.94	96.89	440.06

#The landing cost of the Horizontal Center Nexus 8800, which will be imported from Japan, has been determined as per the calculated cost mentioned in the Project Report dated November 4, 2025, issued by Rajul Garg & Gograj Kumawat, Chartered Engineers, Garg & Associates.

#The landing cost of the Horizontal Center Nexus 8800, which will be imported from Japan, has been determined as per the calculated cost mentioned in the Chartered accountant, S.N Gadiya certificate dated November 4, 2025

Notes:

- We have considered the above quotations for budgetary estimation purposes and, except for the Horizontal Center Nexus 8800 machine, have not placed any orders against them. The actual cost of procurement and the final supplier/dealer may vary from the current estimates. Further, the estimated costs and related fund requirements have not been appraised by any bank or financial institution. In case of any shortfall in funds, the same shall be met through internal accruals and/or borrowings.
- All quotations received from the vendors mentioned above are valid as on the date of this Prospectus. However, we have not entered into any definitive agreements with any of these vendors and there can be no assurance that the same vendors would be engaged to eventually supply the machineries/ equipment or at the same costs.
- We are not acquiring any second-hand machinery.
- The quotations relied upon by us in arriving at the above cost are valid for a specific period of time and may lapse after the expiry of the said period. Consequent upon which, there could be a possible escalation in the cost of machineries proposed to be acquired by us at the actual time of purchase, resulting in increase in the estimated cost. Further, cost will be escalated on account of Packing & Forwarding, Transportation, Transit Insurance, Octroi / Entry tax if any etc. Such cost escalation will be addressed through the contingency fund. In the event of a shortfall in the contingency fund, the additional amount will be met through internal accruals.

2) Repayment of a portion of certain borrowings availed by our Company

Our Company has entered into certain financing arrangements from time to time with banks and financial institutions. For Disclosure of our Company's secured and unsecured borrowings as on September 30, 2025, please refer to chapter titled "**Financial Indebtedness**" beginning on page 214.

Our Company proposes to utilise an estimated amount of ₹ 720.00 lakhs towards repayment of Term Loan by our Company from SIDBI & Yes Bank.

Given the nature of the borrowing and the terms of its repayment or pre-payment, the aggregate outstanding amounts under these borrowings shall vary from time to time and our Company shall, in accordance with the relevant repayment schedule, repay or refinance the existing borrowing or avail of additional credit facilities. If at the time of Prospectus, any of the below mentioned loans are repaid in part or full or refinanced or if any additional credit facilities are availed or drawn down, then our Company may utilise the Net Proceeds for part or full pre-payment / repayment of any such refinanced facilities or repayment of any additional facilities obtained by our Company and details of such borrowings will be included in the Prospectus. However, the aggregate amount to be utilised from the Net Proceeds towards repayment or pre-payment of certain of our borrowings (including refinanced or additional facilities availed, if any), in part or full, would not exceed ₹ 720.00 lakhs. Further, our Company shall pay the prepayment charges, if any, on the loans identified below, out of the portion of Net Proceeds earmarked for this Object. In the event the Net Proceeds are insufficient for payment of pre-payment penalty or accrued interest, as applicable, such payment shall be made from the internal accruals of our Company.

We believe that such repayment will help reduce our outstanding indebtedness, debt servicing costs, assist us in maintaining a favourable debt to equity ratio and enable utilisation of our internal accruals for further investment in our business growth and expansion. Additionally, we believe that the leverage capacity of our Company will improve our ability to raise further resources in the future to fund our potential business development opportunities and plans to grow and expand our business.

The details of the borrowings availed by our Company, which are proposed to be fully or partially repaid or pre-paid from the Net Proceeds is mentioned below:

(Rs. In Lakhs)

S . N o	Name of the lender	Nature of the borrowing	Sanctioned Amount	Amount Outstanding as on 30 th Sept'25	Rate of interest (%)	Repayment Date/ Schedule	Purpose for which the loan was sanctioned	Amount to be repaid from the issue proceeds	Prepayment conditions
1	SIDBI	Term Loan	500.00	221.34	9.05%	10 th of Every Month	Borrower for Machine parts (Project)	213.06	Refer Note 1 below

3	Yes Bank	Cash Credit	450.00	370.11	9.40%	On Demand	Working capital	340.69	Refer Note 2 below
Total								720.00	

Note 1: Our Company has obtained NOC dated March 18, 2025, from SIDBI stating that it has no objection to the prepayment of the loan availed by Gallard Steel Limited from SIDBI, either in full or in part, out of the net proceeds of its proposed Initial Public Offering (IPO), subject to the payment of interest/charges at the rate of 3% on the outstanding loan amount. Our Company will make payment of such prepayment interest/charges out of its internal accruals.

Note 2: Our Company has obtained NOC dated March 12, 2025, from Yes Bank stating that it has no objection to the prepayment of the loans (term loans and Overdraft facility) availed by Gallard Steel Limited from Yes Bank, either in full or in part, out of the net proceeds of its proposed Initial Public Offering (IPO). Further, no prepayment interest or penalty charges shall be applicable on such prepayment amount.

Note 3: The details included in the above table have been certified by GMCS & Co , Independent Chartered Accountants, pursuant to their certificate dated November 8, 2025.

Note 4: Our Statutory Auditors by way of their certificate dated October 17, 2025 have confirmed that the borrowings specified above has been utilized for the purposes availed, as per the sanction letters/loan agreements or any other required documents issued by the Banks.

3) General Corporate Purpose

Our management, in accordance with the policies of our Board, will have flexibility in utilizing the proceeds earmarked for general corporate purposes. We intend to deploy the balance Fresh Issue proceeds aggregating ₹ 476.73 Lakhs towards the general corporate purposes to drive our business growth. In accordance with the policies set up by our Board, we have flexibility in applying the remaining Net Proceeds, for general corporate purpose including but not restricted to, meeting operating expenses, initial development costs for projects other than the identified projects and the strengthening of our business development and marketing capabilities, meeting exigencies, which the Company in the ordinary course of business may not foresee or any other purposes as approved by our Board of Directors, subject to compliance with the necessary provisions of the Companies Act, 2013. We confirm that any issue related expenses shall not be considered as a part of General Corporate Purpose. Further in case, our actual issue expenses turn to be lesser than the estimated issue expenses of ₹ 490.88 lakhs,

such surplus amount shall be utilized for General Corporate Purpose in such a manner that the amount for general corporate purposes, as mentioned in the Prospectus, shall not exceed 15% of the amount raised by our Company through this Issue or Rs. 10 crores, whichever is less.

Proposed Schedule of Implementation:

The proposed year wise break up of deployment of funds and Schedule of Implementation of Net Issue Proceeds is as under:

(₹ in Lakhs)		
S. No.	Particulars	Estimated Amount to be deployed and utilized in F.Y. 25-26
1.	Funding of capital expenditure towards expansion of our existing manufacturing facility and construction of office Building	2,073.01
2.	Repayment of a portion of certain borrowings availed by our Company	720.00

3.	General Corporate Purpose	466.11
	Total	3,259.12

Appraisal

The fund requirements, deployment of funds and the intended use of the Net Proceeds as described in the Prospectus and the Prospectus are based on our current business plan, management estimates, prevailing market conditions and other commercial considerations. However, such fund requirements and deployment of funds have not been appraised by any external agency or any bank or financial institution or any other independent agency.

We may have to revise our funding requirements and deployment on account of a variety of factors such as our financial and market condition, our business and growth strategies, competitive landscape, general factors affecting our results of operations, financial condition and access to capital and other external factors such as changes in the business environment or regulatory climate and interest or exchange rate fluctuations, which may not be within the control of our management. This may entail reviewing the proposed utilization of the Net Proceeds and changing the allocation of funds from its planned allocation at the discretion of our management, subject to compliance with applicable law.

Shortfall of Funds

Any shortfall in meeting the fund requirements will be met by way of internal accruals and or unsecured Loans.

Bridge Financing Facilities

As on the date of the Prospectus, we have not raised any bridge loans which are proposed to be repaid from the Net Proceeds.

Monitoring Utilization of Funds

As the size of the Issue will not exceed ₹ 5,000 Lakhs, the appointment of Monitoring Agency would not be required as per Regulation 262(1) of the SEBI ICDR Regulations. Our Board and the management will monitor the utilization of the Net Issue Proceeds through our audit committee. Pursuant to Regulation 32 of the SEBI Listing Regulations, our Company shall on half-yearly basis disclose to the Audit Committee the Application of the proceeds of the Issue. On an annual basis, our Company shall prepare a statement of funds utilized for purposes other than stated in this Prospectus and place it before the Audit Committee. Such disclosures shall be made only until such time that all the proceeds of the Issue have been utilized in full.

Interim Use of Proceeds

Pending utilization of the Issue proceeds of the Issue for the purposes described above, our Company will deposit the Net Proceeds with scheduled commercial banks included in schedule II of the RBI Act.

Our Company confirms that it shall not use the Net Proceeds for buying, trading or otherwise dealing in shares of any listed company or for any investment in the equity markets or investing in any real estate product or real estate linked products.

Variation in Objects

In accordance with Section 27 of the Companies Act, 2013, our Company shall not vary the objects of the Issue without our Company being authorized to do so by the Shareholders by way of a Special Resolution through postal ballot. In addition, the notice issued to the Shareholders in relation to the passing of such special resolution shall specify the prescribed details as required under the Companies Act. The Postal Ballot Notice shall simultaneously be published in the newspapers, one in English and one in the vernacular language of the jurisdiction where our Registered Office is situated. As per the current provisions of the Companies Act, our Promoter or controlling Shareholders would be required to provide an exit opportunity to such shareholders who do not agree to the proposal to vary the objects, at such price and in such manner, as may be prescribed by SEBI, in this regard.

BASIS FOR ISSUE PRICE

Investors should read the following summary with the section titled “Risk Factors”, the details about our Company under the section titled “Our Business” and its financial statements under the section titled “Financial Information of the Company” beginning on page 28, 107 and 152. respectively of the Prospectus. The trading price of the Equity Shares of Our Company could decline due to these risks and the investor may lose all or part of his investment.

The Issue Price has been determined by our Company in consultation with the BRLM on the basis of the quantitative and qualitative factors as described below. The face value of the Equity Shares is ₹ 10.00 each and the Issue Price is ₹ 15.00 times of the face value.

QUALITATIVE FACTORS

We believe the following business strengths allow us to successfully compete in the industry:

- a) In-house manufacturing facilities
- b) Diverse Customer base
- c) Wide Geographical reach
- d) Stringent quality control mechanism ensuring standardized product quality

For a detailed discussion on the qualitative factors which form the basis for computing the price, please refer to sections titled “Our Business” beginning on page 107 of this Prospectus.

QUANTITATIVE FACTORS

The information presented below relating to our Company is based on the Restated Financial Statements. For details, please refer section titled “Financial Information of the Company” on page 152 of this Prospectus.

Some of the quantitative factors which may form the basis for calculating the Issue Price are as follows:

1. Basic & Diluted Earnings per share (EPS) (Face value of ₹ 10 each):

As per the Restated Financial Statements:

Sr. No.	Financial Year	Basis & Diluted (₹)	Weights
1.	Financial Year ended March 31, 2025	8.67	3
2.	Financial Year ended March 31, 2024	5.14	2
3.	Financial Year ended March 31, 2023	2.36	1
	Weighted Average	6.44	6
	For 6 months period ended September 30, 2025*	6.13	

**Figures for the period is not annualised*

Notes:

- i. *The figures disclosed above are based on the Restated Financial Statements of the Company.*
- ii. *The face value of each Equity Share is ₹10.00.*
- iii. *Earnings per Share has been calculated in accordance with Accounting Standard 20 – “Earnings per Share” issued by the Institute of Chartered Accountants of India.*
- iv. *The above statement should be read with Significant Accounting Policies and the Notes to the Restated Financial Statements as appearing in Annexure IV.*
- v. *Basic Earnings per Share = Net Profit/(Loss) after tax, as restated attributable to equity shareholders / Weighted average number of equity shares outstanding during the year/ period*
- vi. *Diluted Earnings per Share = Net Profit/(Loss) after tax, as restated attributable to equity shareholders / Weighted average number of diluted potential equity shares outstanding during the year/ period.*

2. Price Earning (P/E) Ratio in relation to the Price Band of ₹ 142 to ₹ 150 per Equity Share of Face Value of ₹ 10/- each fully paid up:

Particulars	(P/E) Ratio at the Floor Price	(P/E) Ratio at the Cap Price
P/E ratio based on the Basic & Diluted EPS, as restated for period ending March 31, 2025	16.38	17.31
P/E ratio based on the Weighted Average EPS, as restated.	22.05	23.30

Industry P/E Ratio*	(P/E) Ratio
Highest	39.22
Lowest	20.17
Industry Average	29.70

*We have mentioned listed peer which falls in the similar line of business as of our Company for broad comparison purpose, however there is a distinction in the product portfolio between our company and those of our selected peers i.e. Nitin Casting Limited and Pritika Engineering Components Limited.

Note:

- The P/E ratio of peers has been computed by dividing Market price as on November 07,2025 with EPS for the F.Y. 2024-25.

3. Return on Net worth (RoNW)

Sr. No	Period	RONW	Weights
1.	Period ending March 31, 2025	35.51%	3
2.	Period ending March 31, 2024	28.98%	2
3.	Period ending March 31, 2023	18.64%	1
	Weighted Average	30.52%	6
	For 6 months period ended September 30, 2025	20.08%	

Note:

- The figures disclosed above are based on the Restated Financial Statements of the Company.
- The RoNW has been computed by dividing restated net profit after tax (excluding exceptional items) with restated Net worth as at the end of the year
- Weighted average = Aggregate of year-wise weighted RoNW divided by the aggregate of weights i.e. (RoNW x Weight) for each year/Total of weights.

4. Net Asset Value (NAV) per Equity Share:

Sr. No	NAV Per Equity Share	(Amount in ₹)
1.	As at March 31, 2023	12.67
2.	As at March 31, 2024	17.72
3.	As at March 31, 2025	24.40
4.	As at September 30, 2025	30.54
5.	NAV per Equity Share after the Issue	56.81
6.	Issue Price	150

*The above NAV has been calculated based on weighted number of shares outstanding at the end of the respective year.

Notes:

- The figures disclosed above are based on the Restated Financial Statements of the Company.
- NAV per share=Restated Net worth at the end of the year divided by weighted average number of equity shares outstanding at the end of the year
- Net worth is computed as the sum of the aggregate of paid-up equity share capital, all reserves created out of the profits, securities premium account received in respect of equity shares and debit or credit balance of profit and loss account.
- Issue Price per Equity Share will be determined by our Company in consultation with the Book Running Lead Manager.

5. Comparison of Accounting Ratios with Industry Peers

Re: Statement of Possible Special Tax Benefit (‘the Statement’) available to Gallard Steel Limited and its shareholders and its Material Subsidiary Company namely, Sleeploop India Pvt. Ltd. prepared in accordance with the requirements under Schedule VI-Clause 9L of the Securities and Exchange Board of India (Issue of Capital and Disclosure Requirements) Regulations, 2018 as amended (the ‘Regulations’)

Dear Sirs,

We, **S N Gadiya & Co**, Chartered Accountants are the statutory auditors of the company and have received a request from the Company to draft a certificate on Statement of tax benefits. We hereby confirm that the enclosed annexure, prepared by **Gallard Steel Limited** (‘the Company’) states the possible special tax benefits available to the Company, its shareholders and Material Subsidiary Company namely, **Sleeploop India Pvt. Ltd.** under the Income Tax Act, 1961 (‘Act’) as amended from time to time, presently in force in India. Several of these benefits are dependent on the Company or its shareholders fulfilling the conditions prescribed under the relevant provisions of the Act. Hence, the ability of the Company or its shareholders to derive the tax benefits depends upon fulfilling such conditions, which are based on the business imperatives the company may or may not choose to fulfil.

The benefits discussed in the enclosed Annexure cover only special tax benefits available to the Company and its Shareholders and do not cover any general tax benefits. Further, these benefits are neither exhaustive nor conclusive and the preparation of the contents stated is the responsibility of the Company’s management. We are informed that this statement is only intended to provide general information to the investors and hence it is neither designed nor intended to be a substitute for professional tax advice. In view of the individual nature of the tax consequences, the changing tax laws, each investor is advised to consult his or her own tax consultant with respect to the specific tax implications arising out of their participation in the issue. We are neither suggesting nor advising the investor whether to invest money or not to invest money based on this statement.

Our views are based on the existing provisions of the Act and its interpretations, which are subject to change or modification by subsequent legislative, regulatory, administrative or judicial decisions. Any such change, which could also be retroactive, could have an effect on the validity of our views stated herein. We assume no obligation to update this statement on any event subsequent to its issue, which may have a material effect on the discussions herein.

We do not express any opinion or provide any assurance as to whether:

- the Company or its Shareholders will continue to obtain these benefits in future; or
- the conditions prescribed for availing of the benefits, where applicable have been/would be met.

The contents of this annexure are based on information, explanations and representations obtained from the Company and on the basis of our understanding of the business activities and operations of the Company and the provisions of the tax laws.

No assurance is given that the revenue authorities / courts will concur with the views expressed herein. The views are based on the existing provisions of law and its interpretation, which are subject to change from time to time. We would not assume responsibility to update the view, consequence to such change.

We shall not be liable to the Company for any claims, liabilities or expenses relating to this assignment except to the extent of fees relating to this assignment, as finally judicially determined to have resulted primarily from bad faith of intentional misconduct. The enclosed Annexure is intended solely for your information and for inclusion

in the Draft Red Herring Prospectus/Red Herring Prospectus/Prospectus or any other issue related material in connection with the proposed issue of equity shares and is not to be used, referred to or distributed for any other purpose without our prior written consent. Signed in terms of our separate report of even date.

Annexure to the statement of possible Tax Benefits

Outlined below are the possible Special tax benefits available to the Company and its shareholders under the Income Tax Act, 1961, presently enforced in India. It is not exhaustive or comprehensive and is not intended to be a substitute for professional advice. Investors are advised to consult their own tax consultant with respect to the tax implications of an investment in Equity Shares particularly in view of the fact that certain recently enacted legislation may not have a direct legal precedent or may have different interpretation on the benefits, which an investor can avail.

YOU SHOULD CONSULT YOUR OWN TAX ADVISORS CONCERNING THE INDIAN TAX IMPLICATIONS AND CONSEQUENCES OF PURCHASING, OWNING AND DISPOSING OF EQUITY SHARES IN YOUR PARTICULAR SITUATION.

1. Special Tax Benefits available to the Company or its Material Subsidiary under the Act:

The Company or the material subsidiary are not entitled to any Special tax benefits under the Act.

2. Special Tax Benefits available to the shareholders of the Company

The Shareholders of the company are not entitled to any Special tax benefits under the Act.

Notes:

1. All the above benefits are as per the current tax laws and will be available only to the sole / first name holder where the shares are held by joint holders.
2. The above statement covers only certain relevant direct tax law benefits and does not cover any indirect tax law benefits or benefits under any other law.

No assurance is given that the revenue authorities/courts will concur with the views expressed herein. Our views are based on the existing provisions of law and its interpretation, which are subject to changes from time to time. We do not assume responsibility for updating the views consequent to such changes. We do not assume responsibility for updating the views consequent to such changes. We shall not be liable to any claims, liabilities or expenses relating to this assignment except to the extent of fees relating to this assignment, as finally judicially determined to have resulted primarily from bad faith or intentional misconduct. We will not be liable to any other person in respect of this statement.

Signed in terms of our separate report of even date.

SECTION V – ABOUT THE COMPANY

INDUSTRY OVERVIEW

The information in this section has been extracted from various websites and publicly available documents from various industry sources. The data may have been re-classified by us for the purpose of presentation. Neither we nor any other person connected with the issue has independently verified the information provided in this section. Industry sources and publications, referred to in this section, generally state that the information contained therein has been obtained from sources generally believed to be reliable but their accuracy, completeness and underlying assumptions are not guaranteed and their reliability cannot be assured and, accordingly, investment decisions should not be based on such information.

GLOBAL ECONOMY

The global economy is holding steady, although the degree of grip varies widely across countries. Global GDP growth in the third quarter of 2024 was 0.1 percentage point below that predicted in the October 2024 WEO, after disappointing data releases in some Asian and European economies. Growth in China, at 4.7 percent in year-over-year terms, was below expectations. Faster-than-expected net export growth only partly offset a faster-than-expected slowdown in consumption amid delayed stabilization in the property market and persistently low consumer confidence. Growth in India also slowed more than expected, led by a sharper-than-expected deceleration in industrial activity. Growth continued to be subdued in the euro area (with Germany's performance lagging that of other euro area countries), largely reflecting continued weakness in manufacturing and goods exports even as consumption picked up in line with the recovery in real incomes. In Japan, output contracted mildly owing to temporary supply disruptions. By contrast, momentum in the United States remained robust, with the economy expanding at a rate of 2.7 percent in year-over-year terms in the third quarter, powered by strong consumption.

Global disinflation continues, but there are signs that progress is stalling in some countries and that elevated inflation is persistent in a few cases. The global median of sequential core inflation has been just slightly above 2 percent for the past few months. Nominal wage growth is showing signs of moderation, alongside indications of continuing normalization in labor markets. Although core goods price inflation has fallen back to or below trend, services price inflation is still running above pre-COVID-19 averages in many economies, most notably the United States and the euro area. Pockets of elevated inflation, reflecting a range of idiosyncratic factors, also persist in some emerging market and developing economies in Europe and Latin America.

Where inflation is proving more sticky, central banks are moving more cautiously in the easing cycle while keeping a close eye on activity and labor market indicators as well as exchange rate movements. A few central banks are raising rates, marking a point of divergence in monetary policy.

Global financial conditions remain largely accommodative, again with some differentiation across jurisdictions (see Box 1). Equities in advanced economies have rallied on expectations of more business-friendly policies in the United States. In emerging market and developing economies, equity valuations have been more subdued and a broad-based strengthening of the US dollar, driven primarily by expectations of new tariffs and higher interest rates in the United States, has kept financial conditions tighter.

Economic policy uncertainty has increased sharply, especially on the trade and fiscal fronts, with some differentiation across countries (Figure 1). Expectations of policy shifts under newly elected governments in 2024 have shaped financial market pricing in recent months. Bouts of political instability in some Asian and European countries have rattled markets and injected additional uncertainty regarding stalled progress on fiscal and structural policies. Geopolitical tensions, including those in the Middle East and global trade frictions remain elevated.

IMF staff projections assume current policies in place at the time of publication. They incorporate recent market developments and the impact of heightened trade policy uncertainty, which is assumed to be temporary, with the effects unwinding after about a year, but refrain from making any assumptions about potential policy changes that are currently under public debate. Energy commodity prices are expected to decline by 2.6 percent in 2025, more than assumed in October. This reflects a decline in oil prices driven by weak Chinese demand and strong supply from countries outside of OPEC+ (Organization of the Petroleum Exporting Countries plus selected nonmember countries, including Russia), partly offset by increases in gas prices as a result of colder-than-expected weather and supply disruptions, including the ongoing conflict in the Middle East and outages in gas fields. Nonfuel commodity prices are expected to increase by 2.5 percent in 2025, on account of upward revisions to food and beverage prices relative to the October 2024 WEO, driven by bad weather affecting large producers. Monetary policy rates of major central banks are expected to continue to decline, though at different paces, reflecting variations in growth and inflation outlooks. The fiscal policy stance is expected to tighten during 2025–26 in advanced economies including the United States and, to a lesser extent, in emerging market and developing economies.

Global growth is expected to remain stable, albeit lackluster. At 3.3 percent in both 2025 and 2026, the forecasts for growth are below the historical (2000–19) average of 3.7 percent and broadly unchanged from October (Table 1; see also Annex Table 1). The overall picture, however, hides divergent paths across economies and a precarious global growth profile (Figure 2).

Among advanced economies, growth forecast revisions go in different directions. In the United States, underlying demand remains robust, reflecting strong wealth effects, a less restrictive monetary policy stance and supportive financial conditions. Growth is projected to be at 2.7 percent in 2025. This is 0.5 percentage point higher than the October forecast, in part reflecting carryover from 2024 as well as robust labor markets and accelerating investment, among other signs of strength. Growth is expected to taper to potential in 2026.

In the euro area, growth is expected to pick up but at a more gradual pace than anticipated in October, with geopolitical tensions continuing to weigh on sentiment. Weaker-than-expected momentum at the end of 2024,

especially in manufacturing and heightened political and policy uncertainty explain a downward revision of 0.2 percentage point to 1.0 percent in 2025. In 2026, growth is set to rise to 1.4 percent, helped by stronger domestic demand, as financial conditions loosen, confidence improves and uncertainty recedes somewhat. In other advanced economies, two offsetting forces keep growth forecasts relatively stable. On the one hand, recovering real incomes are expected to support the cyclical recovery in consumption. On the other hand, trade headwinds—including the sharp uptick in trade policy uncertainty—are expected to keep investment subdued.

In emerging market and developing economies, growth performance in 2025 and 2026 is expected to broadly match that in 2024. With respect to the projection in October, growth in 2025 for China is marginally revised upward by 0.1 percentage point to 4.6 percent. This revision reflects carryover from 2024 and the fiscal package announced in November largely offsetting the negative effect on investment from heightened trade policy uncertainty and property market drag. In 2026, growth is projected mostly to remain stable at 4.5 percent, as the effects of trade policy uncertainty dissipate and the retirement age increase slows down the decline in the labor supply. In India, growth is projected to be solid at 6.5 percent in 2025 and 2026, as projected in October and in line with potential.

In the Middle East and Central Asia, growth is projected to pick up, but less than expected in October. This mainly reflects a 1.3 percentage point downward revision to 2025 growth in Saudi Arabia, mostly driven by the extension of OPEC+ production cuts. In Latin America and the Caribbean, overall growth is projected to accelerate slightly in 2025 to 2.5 percent, despite an expected slowdown in the largest economies of the region. Growth in sub-Saharan Africa is expected to pick up in 2025, while it is forecast to slow down in emerging and developing Europe.

World trade volume estimates are revised downward slightly for 2025 and 2026. The revision owes to the sharp increase in trade policy uncertainty, which is likely to hurt investment disproportionately among trade-intensive firms. That said, in the baseline, the impact of heightened uncertainty is expected to be transitory. Furthermore, the front-loading of some trade flows in view of elevated trade policy uncertainty and in anticipation of tighter trade restrictions, provides some offset in the near term.

Progress on disinflation is expected to continue. Deviations from the October 2024 WEO forecasts are minimal. The gradual cooling of labor markets is expected to keep demand pressures at bay. Combined with the expected decline in energy prices, headline inflation is projected to continue its descent toward central bank targets. That said, inflation is projected to be close to, but above, the 2 percent target in 2025 in the United States, whereas inflationary dynamics are expected to be more subdued in the euro area. Low inflation is projected to persist in China. Consequently, the gap between anticipated policy rates in the United States and other countries becomes wider.

INDIAN ECONOMY

India's economy outpaced other economies during the first half of FY24, propelled by robust demand and increased investment. As of October 2024, the annual retail price inflation in India rose to 6.21%, an increase from the previous month 5.49%, beyond the tolerance band set by the Reserve Bank of India (RBI). The real investment rate during Q2 of FY23, prevailing at a high level of 34.6%, demonstrates the Government's continued commitment towards asset creation.

The real GDP growth rate for FY25 is projected at 7.0% compared to the estimated growth rate of 8.2% in FY24. These figures highlight the Indian economy's resilience, driven by strong domestic demand, despite rising global uncertainties that are affecting global economies.

The nation has shifted to a modern economy, demonstrating increased global integration and exporting a fifth of its output, a significant rise from one-sixteenth at independence. The demographic transition, marked by a lower infant mortality rate and a consistent growth in literacy rates, further enhances India's advantageous position. With improved income distribution, heightened employment rates and globally competitive social amenity provisions, there is potential for India's per capita GDP to expand in the next 25 years, mirroring the growth seen in the preceding 75 years.

India's services exports demonstrated robust performance during April-December period of FY25 with an estimated value of services export amounting to US\$ 280.94 billion, registering ~11.55% growth compared to the same period of previous fiscal year. This growth is predominantly fuelled by the software and business services sector. With a projected 8% increase in global IT spending for 2024, India's services exports outlook remains favourable. The narrowing merchandise trade deficit and the upward trajectory of net services receipts are anticipated to contribute to an enhancement in India's current account deficit.

In the FY25 (Union Budget Estimate), there has been a 11.1% increase in the allocation for capital expenditure, rising from Rs. 10 lakh crore (US\$ 120.6 billion) in the previous year (2023-24) to Rs. 11.11 lakh crore (US\$ 134 billion). The strong growth of the Indian economy in the first half of FY24 has surpassed that of major economies, contributing to the reinforcement of macroeconomic stability.

In addition, steady growth momentum in service activity continues with healthy PMI levels during October to January, attributing to the growth in output and accommodating demand conditions, leading to a sustained upturn in sales. The growth impetus in rail freight and port traffic remains upbeat, with further improvement in the domestic aviation sector. Strong growth in fuel demand, domestic vehicle sales and high UPI transactions also reflect healthy demand conditions.

Strengthening the banking and financial sector is evident, given the stability in Foreign Direct Investment (FDI) inflows, a resurgence in Foreign Portfolio Investment (FPI) inflows and ample foreign exchange reserves providing a robust import cover of 9 months. The external front remains resilient, contributing to the commendable performance of the INR compared to other Emerging Market Economies (EMEs).

Recently, in 2024-25, the following key indicators highlighted improved performances:

- The total Foreign Direct Investment (FDI) equity inflow received by India in FY25 (July to September 2024) amounted to US\$ 19.81 billion.
- In FY25, as of January 03, 2025, foreign exchange reserves in India stood at US\$ 634.6 billion.
- The combined index of eight core industries stood at 160.9 for FY25 (April-November) against 154.4 for FY24 (April-November).
- Private consumption stood at 62.0% of the GDP in September 2024, compared to 60.4% in the previous quarter. The growth in the private consumption remained muted mainly due to the factors like subdued monsoon and persistent food inflation.
- India registered a broad-based expansion of 7% in FY23, supported by robust domestic demand and upbeat investment activity. Sectoral analysis reveals that growth was driven by demand from the services sector and enhanced agriculture export activity was aided by increased infrastructure investment. Private consumption has peaked, marking the highest level during all second quarters in the last 11 years, accounting for 60.6% of the Gross Domestic Product (GDP).

Market Size

Real GDP for Q2 of FY25 is estimated at Rs. 44.10 lakh crores (US\$ 509.36 billion) with growth rate of 5.4%, compared to Rs. 41.86 lakh crore (US\$ 484.27 billion) for Q2 of 2023-24. The growth in real GDP during 2023-24 is estimated at 8.2% as compared to 7.0% in 2022-23. There are 113 unicorn startups in India, with a combined valuation of over US\$ 350 billion. As many as 14 tech startups are expected to list in 2024 Fintech sector poised to generate the largest number of future unicorns in India. With India presently has the third-largest unicorn base in the world. The government is also focusing on renewable sources by achieving 40% of its energy from non-fossil sources by 2030.

According to the McKinsey Global Institute, India needs to boost its rate of employment growth and create 90 million non-farm jobs between 2023 to 2030 in order to increase productivity and economic growth. The net employment rate needs to grow by 1.5% per annum from 2023 to 2030 to achieve 8-8.5% GDP growth between same time periods. India's Current Account Deficit (CAD) narrowed to 0.7% of GDP in FY24. The CAD stood at Rs. 96,790 crore (US\$ 11.2 billion) for Q2 of FY25 from Rs. 97,655 crore (US\$ 11.3 billion) in Q2 of FY24 or 1.3% of GDP. This was largely due to decrease in merchandise trade deficit.

Recent Developments

India is primarily a domestic demand-driven economy, with consumption and investments contributing to 70% of the economic activity. With an improvement in the economic scenario and the Indian economy recovering from the Covid-19 pandemic shock, several investments and developments have been made across various sectors of the economy. According to World Bank, India must continue to prioritize lowering inequality while also putting growth-oriented policies into place to boost the economy. In view of this, there have been some developments that have taken place in the recent past. Some of them are mentioned below.

- As of January 10, 2025, India's foreign exchange reserves stood at Rs. 53,80,402 crore (US\$ 625.871 billion).
- India secured 39th position out of 133 economies in the Global Innovation Index 2024. India rose from 81st position in 2015 to 39th position in 2024. India ranks 3rd position in the global number of scientific publications.
- Between April 2000–September 2024, cumulative FDI equity inflows to India stood at Rs. 89.30 lakh crore (US\$ 1,033.40 billion).
- In November 2024, the overall IIP (Index of Industrial Production) stood at 148.4. The Indices of Industrial Production for the mining, manufacturing and electricity sectors stood at 133.8, 147.4 and 184.1, respectively.

- Foreign Institutional Investors (FII) inflows between April-July (2023-24) were close to Rs. 80,500 crore (US\$ 9.67 billion), while Domestic Institutional Investors (DII) sold Rs. 4,500 crore (US\$ 540.56 million) in the same period. As per depository data, Foreign Portfolio Investors (FPIs) invested (US\$ 13.89 billion) in India during January - (up to 15th July) 2024.

Government Initiatives

Over the years, the Indian government has introduced many initiatives to strengthen the nation's economy. The Indian government has been effective in developing policies and programmes that are not only beneficial for citizens to improve their financial stability but also for the overall growth of the economy. Over recent decades, India's rapid economic growth has led to a substantial increase in its demand for exports. Besides this, a number of the government's flagship programmes, including Make in India, Start-up India, Digital India, the Smart City Mission and the Atal Mission for Rejuvenation and Urban Transformation, is aimed at creating immense opportunities in India. In this regard, some of the initiatives taken by the government to improve the economic condition of the country are mentioned below:

- In July 2024, the Ministry of Finance held the Union Budget and announced that for 2024-25, the total receipts other than borrowings and the total expenditure are estimated at Rs. 32.07 lakh crore (US\$ 383.93 billion) and Rs. 48.21 lakh crore (US\$ 577.16 billion), respectively.
- In February 2024, the Finance Ministry announced the total expenditure in Interim 2024-25 estimated at Rs. 47,65,768 crore (US\$ 571.64 billion) of which total capital expenditure is Rs. 11,11,111 crore (US\$ 133.27 billion).
- On January 22, 2024, Prime Minister Mr. Narendra Modi announced the 'Pradhan Mantri Suryodaya Yojana'. Under this scheme, 1 crore households will receive rooftop solar installations.
- To enhance India's manufacturing capabilities by increasing investment and production in the sector, the government of India has introduced the Production Linked Incentive Scheme (PLI) for Pharmaceuticals
- On September 17, 2023, Prime Minister Mr. Narendra Modi launched the Central Sector Scheme PM-VISHWAKARMA in New Delhi. The new scheme aims to provide recognition and comprehensive support to traditional artisans & craftsmen who work with their hands and basic tools. This initiative is designed to enhance the quality, scale and reach of their products, as well as to integrate them with MSME value chains.
- On August 6, 2023, Amrit Bharat Station Scheme was launched to transform and revitalize 1309 railway stations across the nation. This scheme envisages development of stations on a continuous basis with a long-term vision.
- On June 28, 2023, the Ministry of Environment, Forests and Climate Change introduced the 'Draft Carbon Credit Trading Scheme, 2023'.
- From April 1, 2023, Foreign Trade Policy 2023 was unveiled to create an enabling ecosystem to support the philosophy of 'Aatmanirbhar Bharat' and 'Local goes Global'.

Road Ahead

In the second quarter of FY24, the growth momentum of the first quarter was sustained and High-Frequency Indicators (HFIs) performed well in July and August of 2023. India's comparatively strong position in the external sector reflects the country's positive outlook for economic growth and rising employment rates. India ranked 5th in foreign direct investment inflows among the developed and developing nations listed for the first quarter of 2022.

India's economic story during the first half of FY24 highlighted the unwavering support the government gave to its capital expenditure, which, in FY24, stood 37.4% higher than the same period last year. In the Union Budget of 2024-25, capital expenditure took lead by steeply increasing the capital expenditure outlay by 17.1 % to Rs. 11 lakh crore (US\$ 133.51 billion) over Rs. 9.48 lakh crore (US\$ 113.91 billion) in 2023-24. Stronger revenue generation because of improved tax compliance, increased profitability of the company and increasing economic activity also contributed to rising capital spending levels.

India's is experiencing resilient growth despite the global pandemic. India's exports climbed at the second-highest rate with a year-over-year (YoY) growth of 8.39% in merchandise exports and a 29.82% growth in service exports till April 2023.

With a reduction in port congestion, supply networks are being restored. The CPI-C inflation reduction from June 2022 already reflects the impact. In September 2023 (Provisional), CPI-C inflation was 5.02%, down from 7.01% in June 2022. With a proactive set of administrative actions by the government, flexible monetary policy and a softening of global commodity prices and supply-chain bottlenecks, inflationary pressures in India look to be on the decline overall.

STEEL INDUSTRY

One of the primary forces behind industrialization has been the use of metals. Steel has traditionally occupied a top spot among metals. Steel production and consumption are frequently seen as measures of a country's economic development because it is both a raw material and an intermediary product. Therefore, it would not be an exaggeration to argue that the steel sector has always been at the forefront of industrial progress and that it is the foundation of any economy. The Indian steel industry is classified into three categories - major producers, main producers and secondary producers.

India is the world's second-largest producer of crude steel, with an output of 125.32 million tonnes ("MT") of crude steel and finished steel production of 121.29 MT in FY23. The growth in the Indian steel sector has been driven by the domestic availability of raw materials such as iron ore and cost-effective labour.

India's finished steel consumption stood at 119.17 MT in FY23, 138.5 MT in FY24 and 85.71 MT in FY25. India's domestic steel demand is estimated to grow by 9-10% in FY25 as per ICRA. Under the Union Budget 2023-24, the government allocated Rs. 70.15 crore (US\$ 8.6 million) to the Ministry of Steel. India is home to fifth-highest reserves of iron ore in the world.

The Indian steel industry is modern, with state-of-the-art steel mills. It has always strived for continuous modernisation of older plants and up-gradation to higher energy efficiency levels.

Market Size

In the past 10–12 years, India's steel sector has expanded significantly. Production has increased by 75% since 2008, while domestic steel demand has increased by almost 80%. The capacity for producing steel has grown concurrently and the rise has been largely organic.

In April-October 2024, crude steel production in India stood at 84.94 MT. In April-October 2024, finished steel production stood at 82.65 MT.

In FY23, exports and imports of finished steel stood at 6.7 MT and 6.02 MT, respectively. In FY22, India exported 11.14 MT of finished steel. In April 2024 exports of finished steel stood at 5.1 lakh metric tonnes (LMT), while imports stood at 5.9 LMT. In FY24, the exports and imports of finished steel stood at 7.49 MT and 8.32 MT, respectively.

By 2030-31, crude steel production is projected to reach 255 million tonnes at 85% capacity utilisation achieving 230 million tonnes of finished steel production, assuming a 10% yield loss or a 90% conversion ratio for the conversion of raw steel to finished steel. With net exports of 24 million tonnes, consumption is expected to reach 206 million tonnes by the years 2030–1931. As a result, it is anticipated that per-person steel consumption will grow to 160 kg.

India's steel production capacity has expanded rapidly over the past few years, growing at a CAGR of 4.84% from 97 MT in FY13 to 171 MT in FY24*. The National Steel Policy 2017 has envisaged achieving up to 300 MT of production capacity by 2030-31. India will commission new steelmaking facilities with a capacity of about 40 MT per year by the 2025/2026 financial year.

BF-BOF route is expected to contribute 65% of the capacity, while the remaining 35% is expected to come from EAF & IF routes.

Expansion of production capacity to 300 MT will translate into additional investment of Rs. 10 lakh crore (US\$ 156.08 billion) by 2030-31. Steel companies are looking to restart expansion projects on the back of surging steel process with a capacity addition of 29 MT.

Note: P - Projection, BF-BOF - Blast Furnace-Blast Oxygen Furnace, EAF - Electric Arc Furnace, IF - Induction Furnace, MT- million tonnes , * December 2023

Investments

- According to the data released by the Department for Promotion of Industry and Internal Trade (DPIIT), between April 2000-June 2024, Indian metallurgical industries attracted FDI inflows of US\$ 17.59 billion.
- In January 2024, according to Mr. Lakshmi Mittal, Gujarat will host the world's largest steel manufacturing site by 2029 at the Vibrant Gujarat Summit
- In July 2023, Union Minister Mr. Jyotiraditya Scindia announced that Japan is eager to invest ¥ 5 trillion (US\$ 36 billion), in various sectors in India, including steel.
- 67 applications from 30 companies have been selected under the Production Linked Incentive (PLI) Scheme for Specialty Steel. This will attract committed investment of Rs. 42,500 crore (US\$ 5.19 billion) with a downstream capacity addition of 26 million tonnes and employment generation potential of 70,000.

Government Initiative

Some of the other recent Government initiatives in this sector are as follows:

- In February 2024, the government has implemented various measures to promote self-reliance in the steel industry.
- Under the Union Budget 2023-24, the government allocated Rs. 70.15 crore (US\$ 8.6 million) to the Ministry of Steel.
- In addition, an investment of Rs. 75,000 crore (US\$ 9.15 billion) (including Rs. 15,000 crore (US\$ 1.83 billion) from private sources) has been allocated for 100 critical transport infrastructure projects for last and first mile connectivity for various sectors such as ports, coal and steel.
- The Union Cabinet, Government of India approved the National Steel Policy (NSP) 2017, as it intends to create a globally competitive steel industry in India. NSP 2017 envisage 300 million tonnes (MT) steel-making capacity and 160 kgs per capita steel consumption by 2030-31.
- The Ministry of Steel is facilitating the setting up of an industry driven Steel Research and Technology Mission of India (SRTMI) in association with the public and private sector steel companies to spearhead research and development activities in the iron and steel industry at an initial corpus of Rs. 200 crore (US\$ 30 million).

Road Ahead

The steel industry has emerged as a major focus area given the dependence of a diverse range of sectors on its output as India works to become a manufacturing powerhouse through policy initiatives like Make in India. With the industry accounting for about 2% of the nation's GDP, India ranks as the world's second-largest producer of steel and is poised to overtake China as the world's second-largest consumer of steel. Both the industry and the nation's export manufacturing capacity have the potential to help India regain its favourable steel trade balance.

The National Steel Policy, 2017 envisage 300 million tonnes of production capacity by 2030-31. The per capita consumption of steel has increased from 57.6 kgs to 74.1 kgs during the last five years. The government has a fixed objective of increasing rural consumption of steel from the current 19.6 kg/per capita to 38 kg/per capita by 2030-31. As per Indian Steel Association (ISA), steel demand will grow by 7.2% in 2019-20 and 2020-21.

Huge scope for growth is offered by India's comparatively low per capita steel consumption and the expected rise in consumption due to increased infrastructure construction and the thriving automobile and railways sectors.

OVERVIEW

Incorporated in 2015, we are an engineering company engaged in the manufacturing of ready-to-use components, assemblies, and subassemblies for Indian railways, defence, power generation and allied industries. Our product portfolio includes critical components such as traction motor components and bogie assembly components for the railway sector, sub-assemblies for thermal and hydro turbines used in the power generation sector and components for industrial machinery, equipment and the defence sector. These components are manufactured using unmachined and machined castings made from metals including carbon steel, ductile iron, grey cast iron and medium and low alloy steels. Our clientele primarily comprises companies operating in the heavy engineering, railways and defence sector.

In the railway sector, we supply components for the production of traction motors and bogie assemblies, including control arms for FIAT LHB coaches, stator frames for various motors used by railways for manufacturing of traction motors serving the railway and heavy engineering industries. In the defence sector, we manufacture components such as cradles and recoiling assembly cylinders for government defence production units. In the power generation sector, we manufacture guide vanes, bush housings and fork systems for heavy engineering companies, which are used in hydro and thermal power generation. In components for industrial machinery and equipment, we manufacture High Temperature Resistance Liner and other components.

Our company holds Class ‘A’ Foundry Status from the Research Designs and Standards Organization (RDSO), Ministry of Railways, confirming compliance with IS: 12117:1996 (Reaffirmed 2022). In addition, we have been approved by the competent authority under Indian Railways for capacity-cum-capability assessment to develop, manufacture and supply various critical components for electric locomotives and traction motors, including Suspension Tubes, Axle Boxes, Gear Cases, Axle Box housing and Control Arms. We are also an approved vendor for supplying critical components for defense applications, including Cradle Assemblies and Steel Castings, as per specific technical requirements.

Our manufacturing operations are carried out at our foundry located in Pithampur, Dhar, Madhya Pradesh, spread over land area of 12,195 square meters and is ISO 9001:2015 certified. We utilize a range of in-house machinery and equipment to support processes such as melting, heat treatment, grinding, molding, sand mixing and finishing. This enables us to maintain a comprehensive production process, ensuring that our products meet the required standards for critical customer applications. In addition, we conduct in-house testing of our products using various equipment’s to evaluate parameters such as material composition, mechanical properties and defect detection, ensuring compliance with required client specifications.

As part of our strategic expansion, in February 2024, we acquired Sleeploop India Private Limited (SIPL), making it our wholly owned subsidiary. SIPL operates a manufacturing facility located at Pithampur, Dhar, Madhya Pradesh, which consists of two separate divisions — one dedicated to CNC machining and the other to rebounded foam manufacturing. Further, we have incorporated a foreign subsidiary company, namely, Gallard Steel Europe B.V., with the Netherlands Chamber of Commerce on October 21, 2025, having its office located at Kaneelhof 5, 3544 AM, Utrecht, Netherlands, for the purpose of establishing our presence in Europe and facilitating exports of steel castings and machined components to the European market. The said foreign subsidiary is yet to commence its business operations.

At SIPL’s CNC machining division, components produced at our foundry undergo precision machining processes, including surface finishing, removal of excess material, post-casting modifications and customization to meet specific customer requirements.

Additionally, SIPL's Rebonded Foam division manufactures foam sheets, which are supplied to mattress manufacturers. This process utilizes waste or discarded foam, which is shredded, cleaned, mixed with adhesive, pressed and cooled. Once processed, the foam is cut into specified sizes and delivered to customers.

Our Company is led by our Directors and Senior Management team, namely, Zakiuddin Sujauddin, Hakimuddin Ghantawala and Kaid Johar Kalabhai having an extensive experience in the steel components industry.

⁽³⁾'EBITDA Margin' is calculated as EBITDA divided by Revenue from Operations

⁽⁴⁾ PAT is calculated as Profit before tax – Tax Expenses

⁽⁵⁾'PAT Margin' is calculated as PAT for the period/year divided by revenue from operations.

⁽⁶⁾ Return on Equity is ratio of Profit after Tax and Average Shareholder Equity

⁽⁷⁾ Return on Capital Employed is calculated as EBIT divided by capital employed, which is defined as Shareholders Fund + Long term borrowing + Short term borrowing+ Deferred Tax Liability.

OUR COMPETITIVE STRENGTHS

In-house manufacturing facilities

We operate from our manufacturing unit located at Plot No. 66, Sector-3, Industrial Growth Centre, Pithampur, Dhar, Madhya Pradesh, built on land area of 12,195 sq. meters, obtained on lease for 30 years from November 4, 2015. This facility supports melting, molding, casting, painting, finishing processes and machining which enables us to cater to various industry requirements. Additionally, our wholly owned subsidiary, Sleeploop India Pvt. Ltd. (SIPL), operates a machining facility at Plot No. 821, Sector-3, Industrial Growth Centre, Pithampur, Dhar, Madhya Pradesh, built on land area of 5,000 sq. meters, leased for 30 years from March 11, 2011. The integration of in-house casting and machining operations allows for better process coordination, improved production planning, reduced dependence on external facilities and streamline inventory management.

Diverse Customer base

Our customer base spans multiple industries, enabling us to cater to a broad spectrum of requirements across key sectors. Our clientele includes entities in defence, power generation, engineering services, industrial solutions and railways, reflecting our ability to serve diverse sectors.

This broad customer reach not only diversifies our market presence but also reduces risk and allows us to capitalize on growth opportunities in multiple regions, further strengthening our business.

Stringent quality control mechanism ensuring standardized product quality

We have implemented a stringent quality control system to ensure standardized product quality throughout the manufacturing process. Beginning with the inspection of incoming raw materials, such as steel scrap and ferroalloys, each material is carefully tested for specific chemical compositions using methods like spectrometer analysis, test certificates by suppliers and wet analysis to ensure they meet predefined specifications. The quality assurance process extends to every stage of production, with in-process inspections that include both destructive and non-destructive testing to detect any potential defects early on. We also conduct dimensional and visual inspections, ensuring that every component adheres to precise tolerances and customer requirements. This stringent control mechanism assures uniformity and standardized product quality to our customers as per their pre-defined specifications.

OUR BUSINESS STRATEGIES

Expansion of manufacturing capabilities and infrastructure

Our business strategy focuses on expanding manufacturing capabilities and infrastructure to enhance production capacity. As part of this expansion, we plan to expand our casting and machining capabilities, through construction of new shed, on the vacant portion of land within our existing manufacturing unit at Plot No. 66, Sector-3, Pithampur, Dhar, Madhya Pradesh.

At present, our manufacturing unit from where we carry all our ferrous casting operations has the capacity of 2400 MT per annum and is operating at 95.83% capacity utilization (based on Apr.-Sept.'25 figures). We propose to expand the production capacity of our casting process through the procurement of new plant and machinery i.e. induction furnace, heat treatment furnace and Girder EOT Crane. The said expansion will increase our existing casting capacity from 2,400 MT per annum to 6,100 MT per annum. In addition, our wholly owned subsidiary, Sleeploop India Private Limited ("SIPL"), has an installed capacity of machining 7,500 units per annum, and operates at 90.00% capacity utilization (based on Apr.-Sept.'25 figures). Going ahead, as part of the expansion plan, we intend to expand our machining capabilities through procurement of a Horizontal Machining Center (Nexus 8800) for precision milling and drilling in mass production and a Ram Type Vertical Turn-Mill Center (BVL 1200-RL) for turning, milling and machining of large steel components. Our overall machining capacity, post expansion will increase from existing 7500 units p.a to 10,000 units p.a (Source: Project Report).

Additionally, to address space constraints, we propose to construct a G+1 administrative building on the unused portion of land within our existing facility. Both the manufacturing expansion and office building construction will be carried out on our existing leased land, requiring no additional land acquisition. For details, please refer to section "Objects of the Issue - Funding of capital expenditure towards expansion of our existing manufacturing facility and construction of office building" on page 82 of this Prospectus.

Strengthen our presence in the railway and other sectors

Our growth strategy focuses on expanding our capabilities in unmachined and machined castings. As part of this, we aim to strengthen our presence in the railway sector. In addition to supplying components for traction motors and bogie assemblies, we plan to broaden our product range to include motor frames and wagon components for the railway industry. Further, we intend to expand our presence in existing sectors such as defence, power generation and industrial machinery by enhancing our manufacturing capabilities to cater to a wider customer base. This expansion is expected to help us secure new orders from both existing and potential customers, capitalize on market opportunities and support business growth.

Focus on consistently meeting quality standards

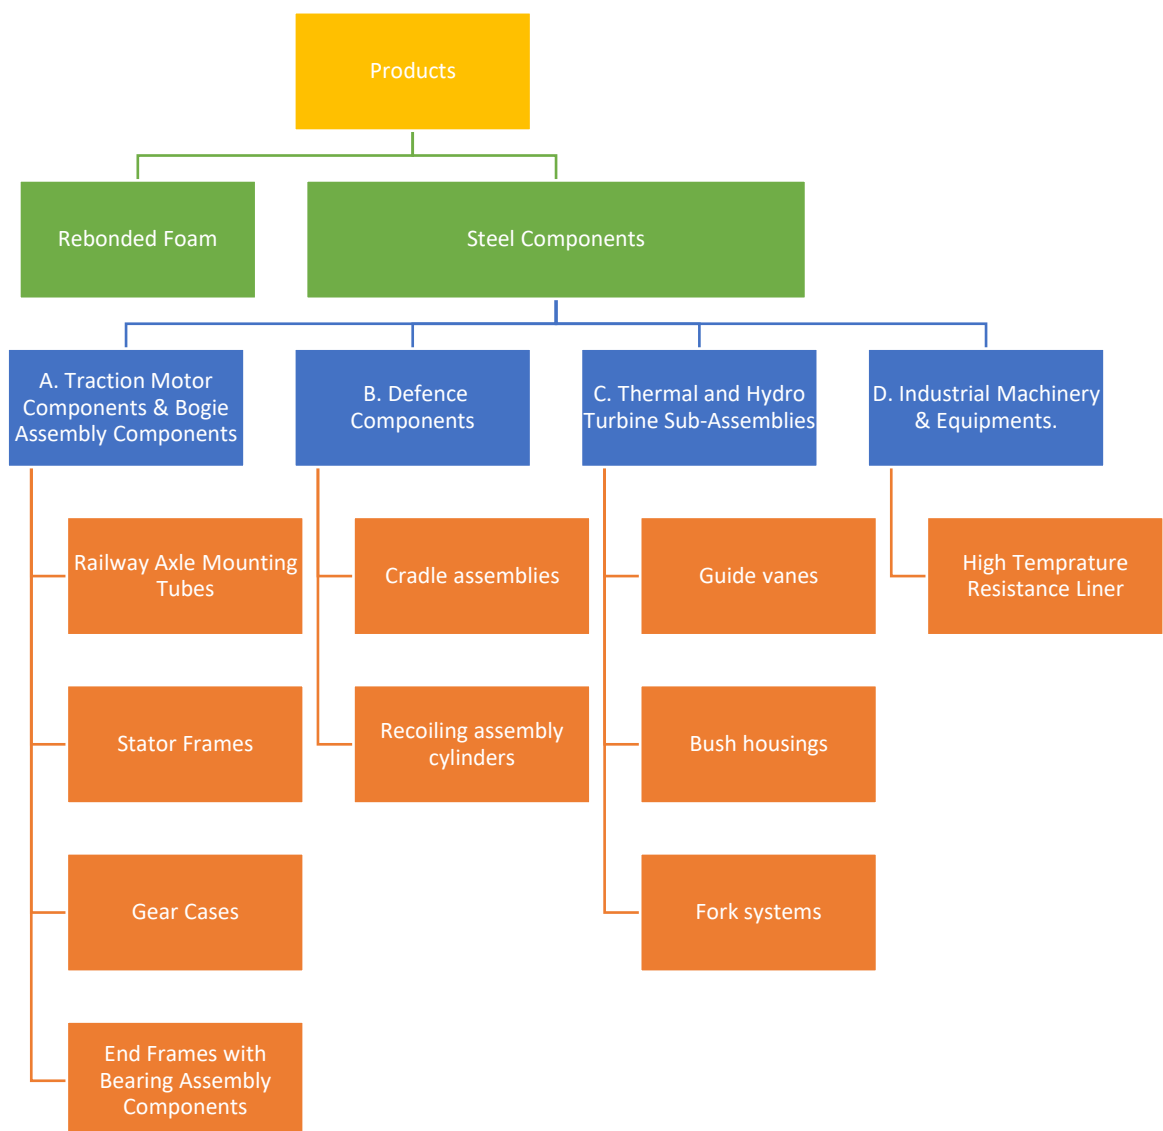

Our Company intends to focus on adhering to the quality standards of the products. Quality of the product is very important for the company from the customer's point of view. Continuous quality review of products, quality checks being undertaken and timely corrective measures in case of quality diversion are keys for maintaining quality standards of the products. Providing the desired and good quality products is the key to customer trust and goodwill that our company entails.

OUR COMPANY'S MANUFACTURING UNIT:

OUR PRODUCTS:

Our products can broadly be classified into the following heads:

I. Steel Components - We manufacture a wide range of **steel components**, comprising **unmachined and machined castings**. Unmachined castings are raw metal components obtained directly from the casting process and are suitable for non-critical applications. Machined castings, on the other hand, are processed further through grinding, milling and turning to achieve precise dimensions and smoother surfaces, making them suitable for applications where accuracy and surface finish are critical.

Our key product categories under steel components are as follows:

(a) Traction Motors Components & Bogie Assembly Components - We manufacture a wide range of cast components used in traction motors and bogie assemblies that are critical to the performance of electric locomotives and railway systems. Our product range includes stator frames, suspension tubes, railway axle mounting tubes, gear cases, end frames with bearing assembly components and control arms. These components are integral to the traction motor assembly, enabling efficient transmission of power from the motor to the wheels and are designed to meet the demanding performance and safety standards of the railway sector. Additionally, control arms used in FIAT LHB coaches play a vital role in axle mounting, ensuring the alignment and stability of axles within bogies, thereby enhancing operational safety and load-bearing capacity.

(b) Defence Components – We produce cast components for defence applications that are designed to meet high standards of structural integrity and precision. Our offerings include cradle assemblies for main battle tanks, recoiling assembly cylinders and trunnion housings, which are used in heavy-load and high-pressure environments. These components are integral to the functionality and durability of defence equipment, contributing to operational reliability in critical applications.

(c) Thermal and Hydro Turbine Sub-Assemblies - We manufacture sub-assemblies for thermal and hydro turbines, including guide vanes, bush housings and fork systems. These components are key to ensuring efficient energy conversion in thermal and hydroelectric power plants. They support the functioning of turbines by facilitating the controlled movement of steam, gas or water and are built to withstand the demanding conditions of power generation environments.

(d) Industrial Machinery & Equipments - We supply components used in various industrial machinery and equipment, including high-temperature resistance liners. These components are designed to enhance the efficiency and longevity of machinery operating under extreme conditions. Our products serve a wide range of industrial applications, supporting sectors such as power, engineering, manufacturing and construction by contributing to improved operational performance and reduced downtime.

II. Rebonded Foam – Rebonded foam is manufactured and marketed by our wholly owned subsidiary, Sleeploop India Private Limited (SIPL). It is produced by recycling shredded foam bonded with adhesives and is valued for its durability, density and cushioning properties. Rebonded foam is used across various applications, including furniture, mattresses and industrial products that require supportive and resilient material solutions.

MANUFACTURING PROCESS:

STEEL COMPONENTS: -

Pattern Designing - Pattern designing involves the creation of accurate patterns based on customer drawings and specifications. These patterns form the mold cavities into which molten metal is poured. Properly designed patterns are critical for achieving the required dimensional accuracy, surface finish and overall quality of the final casting. Patterns are designed to account for shrinkage, machining allowances and other technical considerations essential for precision casting.

Procurement of Raw Materials - The primary raw materials used in the casting process include scrap, pig iron, ferro silicon, ferro manganese, carbon additives and inoculants, which are sourced from approved vendors. Each batch of material undergoes stringent chemical composition testing to ensure it meets specified metallurgical standards. The selection of high-quality raw materials is essential for maintaining the structural integrity and performance of the final cast products.

Melting - The raw materials are melted in induction furnaces using a controlled process to achieve the desired chemical composition and temperature. Ferro alloys and carburizers are added to adjust and fine-tune the composition as required. Throughout the melting process, samples of molten metal are analyzed using a spectrometer to ensure that chemical properties align with customer specifications. The molten metal is carefully monitored to achieve uniformity and consistency before proceeding to casting.

Molding - Molds are prepared using both green sand molding and no-bake sand molding processes, depending on the complexity and specifications of the casting. In green sand molding, a mixture of silica sand, bentonite, coal dust and water is compacted around the pattern to form the mold cavity. For complex and large castings, chemically bonded no-bake sand is used to create molds that offer superior dimensional accuracy and surface finish. Cores are inserted in molds as needed to form internal cavities. Molding operations are supported by automatic green sand plants and automatic no-bake sand mixers for efficient production.

Pouring - Once the molten metal reaches the desired temperature and composition, it is poured into the prepared molds using ladles, ensuring controlled flow to avoid defects. Pouring is carefully managed to ensure complete filling of the mold cavities and proper formation of the cast component.

Knock-Out and Fettling - After cooling and solidification, the mold is broken to retrieve the casting in the knock-out process. Sand is separated and recycled for reuse in molding. The castings are then sent for fettling, which involves removing excess material such as runners, risers and fins using swing frame grinders and other tools. Fettling ensures that the casting conforms to the specified shape and dimensions.

Heat Treatment - Cast components undergo heat treatment in specialized heat treatment furnaces to improve mechanical properties such as hardness, tensile strength and ductility. The heat treatment process is customized depending on the application requirements of the castings, enhancing their performance under operational conditions.

Shot Blasting - To ensure a clean and uniform surface, castings are subjected to shot blasting using table and roller type shot blasting machines. This process removes any remaining sand, scale, or surface impurities, thereby improving the surface quality and preparing castings for inspection and further processing.

Machining - For components that require tight dimensional tolerances and specific surface finishes, machining is carried out. The machining process utilizes CNC machining centers, vertical turning lathes and horizontal machining centers to perform operations such as turning, milling, drilling and boring. Machined components are produced to precise specifications, ensuring they are ready for final assembly or direct use.

Testing and Inspection - Throughout the manufacturing process, stringent testing and inspection protocols are followed to ensure quality and compliance. Spectrometers are used to verify chemical composition, while Brinell and Rockwell hardness testers check hardness levels. Additionally, non-destructive testing (NDT) methods such as magnetic particle testing, ultrasonic flaw detection and tensile testing are used to detect surface and internal defects, as well as to validate the mechanical properties of the components. These testing processes ensure that all castings meet customer and industry standards before approval.

Painting and Surface Protection - Where required, castings are coated with protective primers and paints to enhance corrosion resistance and surface appearance. The painting process is carried out under controlled conditions to ensure even application and long-term protection of the components.

Packing and Dispatch - Upon final inspection and approval, cast components are packed using suitable protective materials to prevent damage during handling and transit. The packed products are then dispatched as per agreed timelines, ensuring safe and timely delivery to customers.

REBONDED FOAM MANUFACTURING PROSESS

Procurement of raw material - The production of rebonded foam begins with the collection of foam scraps and waste material, typically sourced from industries such as furniture manufacturing & mattress fabrication. These foam scraps, which would otherwise be discarded, are gathered and sorted based on type and quality. Proper sorting ensures that the final product has consistent properties, making it suitable for a wide range of applications.

Shredding - Once the foam scraps are sorted, they are fed into a shredding machine. This machine processes the foam into small, uniform pieces, which are easier to handle and mix in the subsequent steps. Shredding is a critical step in the recycling process, as it prepares the material for efficient bonding and compression.

Weighing and Mixing - The shredded foam pieces are weighed to achieve the desired density and quality of the final product. An adhesive is then added to the foam, acting as a bonding agent to hold the particles together. Additional materials may also be mixed in at this stage to customize the foam for specific applications.

Molding - The foam and adhesive mixture are transferred into molds, which determine the size and shape of the final product. These molds can be designed for various forms, such as sheets or blocks, depending on customer requirements. Ensuring even distribution of the foam mixture in the mold is essential for creating a consistent and high-quality product.

Compression - After the foam mixture is placed in the mold, it undergoes hydraulic or mechanical compression. This step binds the foam particles tightly together, ensuring the material achieves the required density and structural integrity. Compression is a key factor in determining the strength and durability of the rebonded foam.

Curing - Once compressed, the foam is allowed to cure, during which the bonding agent solidifies and locks the foam particles in place. Curing may occur under ambient conditions or in a controlled environment to accelerate the process. Proper curing ensures the foam achieves the desired physical and mechanical properties.

Demolding - After the curing process is complete, the hardened foam is removed from the molds. At this stage, the foam takes the desired shape and is ready for further processing. Demolding must be done carefully to avoid damaging the foam or affecting its structural integrity.

Trimming and cutting - The cured foam blocks or sheets are trimmed to remove irregular edges and ensure uniform dimensions. Specialized cutting equipment is used to shape the foam into the required sizes and forms for different applications. This step is crucial for meeting customer specifications and ensuring a high-quality finish.

Inspection and packaging - The final step involves a thorough inspection of the foam products to ensure they meet quality standards and specifications. After passing inspection, the foam is packaged securely for storage or transportation. Proper packaging protects the foam during transit and prepares it for delivery to customers in various industries.

LIST OF MAJOR MACHINERIES OWNED BY US (including Subsidiary)

S. No.	Name of Major Machines	Usage
1	Induction Furnace (2000 Kg)	Used for melting of scrap and raw materials.
2	Heat Treatment Furnace	Used for relieving internal stress and improving mechanical properties of castings.
3	Swing Frame Grinder (7.5 HP)	Used for removing risers and excess material from castings.
4	Shake Out Machine	Used for separating sand from solidified castings.
5	Crane (up to 7.5 Ton capacity)	Used for material handling including loading, unloading and shifting.
6	Shot Blasting Table and Roller Type	Used for cleaning and surface preparation of cast components.
7	Weight Scale (60 Ton capacity)	Used for weighing raw materials, molten metal and finished components.
8	Ladles (1 Ton to 3 Ton Capacity)	Used for transferring and pouring molten metal into molds.
9	Three Roll Electro Bending Machine	Used for forming and bending shapes (Farma making) for furnace construction and support components.
10	Automatic No-Bake Sand Mixture	Used for mixing sand and chemicals to prepare mold material for no-bake molding process.
11	Marking/Measuring Table	Used for accurate marking and measuring of patterns and castings.
12	Simultaneous Jolt Squeeze Moulding Machine	Used for mold making by compacting sand around patterns.
13	Automatic Green Sand Plant	Used for automatic mixing of green sand and mold making.
14	Vertical Machining Centres	Used for precision finishing machining of cast components.
15	Vertical Turning Lathes	Used for rough machining of castings.
16	Horizontal Machining Centres	Used for precision machining and finishing of cast components.
17	Horizontal Turning Centres	Used for rough turning and machining of cast components.
18	3D Coordinate Measuring Machine	Used for dimensional inspection, marking and measuring of castings to ensure accuracy.
19	Rebonded Foam Unit Machines	Used for mixing foam and chemicals for rebonded foam production.
20	Vertical Cutting Machine	Used for cutting foam sheets into required sizes.

**Note- All machines are owned and none of the machines are obtained on lease.*

SALES AND MARKETING

We participate in government and institutional tenders through platforms such as Government e-Marketplace (GeM), ensuring adherence to procurement guidelines. This process allows us to engage with a wider range of clients, including government agencies and public sector institutions, by aligning our offerings with the specific requirements outlined in tenders. By leveraging this platform, we are able to submit bids for various projects, enhancing our ability to secure contracts and establish a consistent presence in the market. This approach also facilitates structured interactions with stakeholders and contributes to our overall business growth by accessing new opportunities in diverse sectors.

COMPETITION

The industry in which we operate is quite competitive and fragmented. However, the competition we face is largely from international companies, with only a couple of domestic companies competing directly with us. We compete primarily on the basis of product quality, technology, cost, delivery, service and most importantly, the quality and depth of senior level relationships. Further, some of our current and potential competitors include large Multinational Corporations that have longer operating histories, better name recognition, greater ability to influence industry standards, access to larger customer bases and significantly greater financial, sales and marketing, etc. Some of our significant competitors in the organized segment includes Porwal Auto Components Ltd, Nipha Engineers Pvt Ltd & Cast Profiles Pvt. Ltd.

Utilities:

Raw Materials - The primary raw materials used in our manufacturing operations include steel end cut scrap, steel punching scrap, hydraulic compressed scrap blocks, casting sand, resins, binders, industrial chemicals and machining consumables. These materials are essential to achieving the desired chemical composition, mechanical properties and precision of our final products. All the raw materials are procured by us through domestic vendors.

	Total	64

In addition, we employ contract labour at our manufacturing unit on requirement basis. As on September 28, 2025, we have employed around 53 contract labours in our Company.

INSURANCE

Our operations are subject to risks inherent in manufacturing activities, including risks associated with machinery breakdown, industrial accidents, fire, earthquakes, floods and other natural calamities, as well as force majeure events, acts of terrorism and explosions. These hazards may result in injury or loss of life, significant damage to or destruction of property, plant and machinery and environmental damage. In order to mitigate such risks, the Company has availed an Industry Care Package Insurance Policy primarily covering risk relating to fire and allied perils and burglary risk. This policy also provides nominal coverage for machinery breakdown, electronic equipment, money in safe and limited third-party liability, which is not adequate to fully cover potential losses arising from such risks. Additionally, the Company has availed vehicle insurance. However, while the Company considers its insurance coverage adequate for its current operations, such policies may not be sufficient to cover all potential economic losses arising from insured or unforeseen events. For further details, please refer to the section titled “Risk Factors - Our insurance coverage may not be adequate to protect us against certain operating hazards, and this may have a material adverse effect on our business.” beginning on page 40 of this Prospectus.

APPLICABLE LAWS AND REGULATIONS

TAXATION LAWS

INCOME-TAX ACT, 1961

The government of India imposes an income tax on taxable income of all persons including individuals, Hindu Undivided Families (HUFs), companies, firms, association of persons, body of individuals, local authority and any other artificial judicial person. Levy of tax is separate on each of the persons. The levy is governed by the Indian Income Tax Act, 1961. The Indian Income Tax Department is governed by CBDT and is part of the Department of Revenue under the Ministry of Finance, Govt. of India. Income tax is a key source of funds that the government uses to fund its activities and serve the public. The quantum of tax determined as per the statutory provisions is payable as: a) Advance Tax; b) Self-Assessment Tax; c) Tax Deducted at Source (TDS); d) Tax Collected at Source (TCS); e) Tax on Regular Assessment.

GOODS AND SERVICES TAX

The Constitution (One Hundred and First Amendment) Act, 2016 which received presidential assent on September 8, 2016 paved the way for introduction of goods and services tax (GST) by making provisions with respect to goods and services tax.

GST is a single tax on the supply of goods and services, right from the manufacturer to the consumer. Credits of input taxes paid at each stage will be available in the subsequent stage of value addition, which makes GST essentially a tax only on value addition at each stage. The final consumer will thus bear only the GST charged by the last dealer in the supply chain, with set-off benefits at all the previous stages.

TAXES ON PROFESSIONS, TRADES, CALLINGS AND EMPLOYMENTS

Every person engaged in any profession, trade, callings and employment is liable to pay tax at the rate prescribed by the respective state government. It is considered necessary to levy tax on profession, trade callings and employment in order to augment state revenues. Every state is empowered by the Constitution of India to make laws relating to levy of taxes on professions, trades, callings and employments that shall serve as the governing provisions in that state.

INDUSTRIES SPECIFIC LAWS

THE INDUSTRIES (DEVELOPMENT AND REGULATION) ACT, 1951

The industries (Development and Regulation) Act, 1951 (“Industries Regulation Act”) is an act which governs the development and regulation of industries in India. The main objectives of the Industries Regulation Act is to empower the Government: - (i) to take necessary steps for the development of industries; (ii) to regulate the pattern and direction of industrial development; (iii) to control the activities, performance and results of industrial undertakings in the public interest. The Industries Regulation Act applies to the 'Scheduled Industries' listed in the First Schedule of the Act. However, small scale industrial undertakings and ancillary units are exempted from the provisions of the Industries Regulation Act.

The Industries Regulation Act is administered by the Ministry of Industries & Commerce through its Department of Industrial Policy & Promotion (DIPP). The DIPP is responsible for formulation and implementation of

promotional and developmental measures for growth of the industrial sector. It monitors the industrial growth and production, in general and selected industrial sectors. Certain categories of industries require industrial licensing under the Industries Regulation Act. An industrial undertaking, which is exempt from licensing, is required to file an Industrial Entrepreneurs Memorandum ("IEM") with the Secretariat for Industrial Assistance, Department of Industrial Policy and Promotion too acknowledgement.

THE BUREAU OF INDIAN STANDARDS ACT, 2016

This Act provides for the establishment of a national standards body for the harmonious development of the activities of standardization, conformity assessment and quality assurance of goods, articles, processes, systems and services and for matters connected therewith or incidental thereto.

The Act has enabling provisions for the Government to bring under compulsory certification regime any goods or article of any scheduled industry, process, system or service which it considers necessary in the public interest or for the protection of human, animal or plant health, safety of the environment, or prevention of unfair trade practices, or national security. Enabling provisions have also been made for making hallmarking of the precious metal articles mandatory.

INDUSTRIAL DISPUTES ACT, 1947 ("ID ACT") AND INDUSTRIAL DISPUTE (CENTRAL) RULES, 1957

The ID Act and the Rules made thereunder provide for the investigation and settlement of industrial disputes. The ID Act was enacted to make provision for investigation and settlement of industrial disputes and for other purposes specified therein. Workmen under the ID Act have been provided with several benefits and are protected under various labthe legislations, whilst those persons who have been classified as managerial employees and earning salary beyond prescribed amount may not generally be afforded statutory benefits or protection, except in certain cases.

Employees may also be subject to the terms of their employment contracts with their employer, which contracts are regulated by the provisions of the Indian Contract Act, 1872. The ID Act also sets out certain requirements in relation to the termination of the services of the workman. The ID Act includes detailed procedure prescribed for resolution of disputes with labour, removal and certain financial obligations up on retrenchment. The Industrial Dispute (Central) Rules, 1957 specify procedural guidelines for lockouts, closures, lay-offs and retrenchment.

INDIAN STEEL DEVELOPMENT ACT, 1951

The Indian Steel Development Act, 1951, is a key legislative framework that lays down the guidelines for the development and regulation of the steel industry in India. It aims to ensure the orderly development of the steel industry, taking into account the supply and demand for steel within the country. The Act empowers the Central Government to control the production, distribution and pricing of iron and steel products. It also enables the government to set up steel plants, prescribe standards and monitor the import and export of steel products.

The Act's regulations are designed to balance the industry's growth with the need to meet national industrial demands and ensure the quality of steel products.

ENVIRONMENTAL REGULATIONS UNDER THE ENVIRONMENT (PROTECTION) ACT, 1986

The steel industry is subject to various environmental regulations under the Environment Protection Act, 1986. The Central Pollution Control Board (CPCB) sets emission norms and pollution control guidelines specific to the steel industry. Steel plants must adhere to emission limits for particulate matter, sulphur dioxide, nitrogen oxides and carbon monoxide. Industries are required to install air pollution control equipment like electrostatic precipitators and bag filters to control emissions. Environmental Impact Assessments (EIA) are mandatory for setting up or expanding steel plants to assess potential environmental impacts.

THE WATER (PREVENTION AND CONTROL OF POLLUTION) ACT, 1974

Under the Water Act, 1974, steel manufacturing units are required to obtain consent from the State Pollution Control Boards before discharging any treated or untreated wastewater into water bodies. The Act mandates that the effluents be treated to prescribed standards to minimize pollution in rivers and other water sources. The Act also requires industries to set up wastewater treatment plants to treat water used in cooling, cleaning and processing activities.

AIR (PREVENTION AND CONTROL OF POLLUTION) ACT, 1981

The Air Act, 1981, mandates that steel industries obtain consent from the respective State Pollution Control Board to operate within a designated air pollution control area. The Act focuses on regulating emissions from various stages of steel production, including the burning of coke, use of blast furnaces and steel melting processes. Regular air quality monitoring is required to ensure compliance with the standards set by the CPCB for particulate matter, sulphur dioxide and other pollutants.

The Factories Act, 1948, is applicable to steel manufacturing units to ensure worker safety and regulate the working conditions in factories. It prescribes standards for the health, safety and welfare of workers, including provisions for adequate ventilation, dust control and noise reduction. Steel plants must adhere to regulations concerning safe handling and storage of raw materials, machinery maintenance and the use of personal protective equipment (PPE) by workers. The Act mandates regular safety inspections and training programs for employees to mitigate workplace hazards in the steel industry.

INDUSTRIAL DISPUTES ACT, 1947

The Industrial Disputes Act, 1947, governs the resolution of disputes between employers and employees in the steel industry, providing a framework for the settlement of disputes, strikes and layoffs. The Act seeks to ensure industrial peace and harmony by providing mechanisms like conciliation, arbitration and adjudication for the settlement of disputes. It also protects workers' rights related to layoffs, retrenchment and closure of steel plants.

THE MINES AND MINERALS (DEVELOPMENT AND REGULATION) ACT, 1957

This Act is crucial for the steel industry as it governs the extraction of iron ore, a key raw material for steel production. It regulates the mining activities, grant of mining leases and allocation of mineral resources. Steel companies that are involved in the mining of iron ore or other minerals must comply with the rules laid down by this Act. The Act ensures that mining activities are carried out in a sustainable manner with minimum impact on the environment and that the raw material supply for steel production is adequately regulated.

THE PATENT ACT, 1970 (AMENDED IN 2005)

The Patent Act, 1970, as amended in 2005, is relevant for steel manufacturers who wish to protect their innovations in steel production technologies, processes, or specialized alloys. This Act allows companies to apply for patents, thereby encouraging research and development in steel-making techniques. By protecting intellectual property rights, the Act supports the industry's innovation and technological advancement.

STEEL AND STEEL PRODUCTS (QUALITY CONTROL) ORDER, 2020

The Quality Control Order was issued by the Bureau of Indian Standards (BIS) to ensure that steel and steel products manufactured or imported into India meet the prescribed quality standards. It mandates that steel producers must obtain certification from BIS to use the ISI mark on their products, indicating compliance with Indian standards. This order aims to improve the quality of steel products in the market, ensuring safety, durability and suitability for various applications in construction, infrastructure and manufacturing sectors.

NATIONAL STEEL POLICY, 2017

The National Steel Policy, 2017, provides a vision for achieving self-sufficiency in steel production and establishing India as a global player in the steel industry. It aims to increase per capita steel consumption, create a technologically advanced and globally competitive steel industry and reduce import dependency. The policy encourages investment in research and development, modernizing existing facilities and promoting the use of energy-efficient and environment-friendly technologies in steel production.

LABOUR LAWS

India has extensive labour related legislations. Certain other laws and regulations that may be applicable to the Company in India include the following which is an indicative list of labour laws applicable to the business and operations of Indian companies engaged in manufacturing activities:

SEXUAL HARASSMENT AT WORKPLACE (PREVENTION, PROHIBITION AND REDRESSAL) ACT, 2013

The Sexual Harassment at Workplace (Prevention, Prohibition and Redressal) Act, 2013, aims to provide women protection against sexual harassment at the workplace, prevention of sexual harassment at the workplace and redressal of complaints of sexual harassment. The Act defines _sexual harassment to include any unwell come sexually determined behavior (whether directly or by implication). Workplace under the SHWPPR Act has been defined widely to include government bodies, private and public sector organisations, non-governmental organisations, organizations carrying on commercial, vocational, educational, entertainment, industrial, financial activities, hospitals and nursing homes, educational institutes, sports institutions and stadiums used for training individuals. The SHWPPR Act requires an employer to set up an internal complaints committee' at each office or branch, of an organization employing at least 10 employees. The government in turn is required to set up a _local complaint committed the district level to investigate complaints regarding sexual harassment from establishments where the internal complaints committee has not been constituted.

THE EMPLOYEE'S PROVIDENT FUNDS AND MISCELLANEOUS PROVISIONS ACT, 1952 ("EMPLOYEES PROVIDENT FUND AND MISCELLANEOUS PROVISIONS ACT")

The Employees' Provident Funds and Miscellaneous Provisions Act, 1952 is a social welfare legislation to provide for the institution of Provident Fund, Pension Fund and Deposit Linked Insurance Fund for employees working in factories and other establishments. The Act aims at providing social security and timely monetary assistance to industrial employees and their families when they are in distress.

The Act is administered by the Government of India through the Employees' Provident Fund Organisation (EPFO). The following three schemes have been framed under the Act by the Central Government:

- (a) The Employees Provident Fund Schemes, 1952;
- (b) The Employees' Pension Scheme, 1995; and
- (c) The Employees' Deposit-Linked Insurance Scheme;1976.

The Central Government has been constituted Employees' Provident Funds Appellate Tribunal to exercise the powers and discharge the functions conferred on such by Employees' Provident Funds and Miscellaneous Provisions Act,1952.

THE EMPLOYEES COMPENSATION ACT,1923

The Employees Compensation Act, 1923 (EC Act), provides for payment of compensation to injured employees or workmen by certain classes of employers for personal injuries caused due to an accident arising out of and during the employment. Under the EC Act, the amount of compensation to be paid depends on the nature and severity of the injury. There are separate methods of calculation or estimation of compensation for injury sustained by the employee. The employer is required to submit to the Commissioner for Employees' Compensation a report regarding any fatal or serious bodily injury suffered by an employee within seven days of receiving a notice.

THE EQUAL REMUNERATIONACT, 1976

The Equal Remuneration Act, 1976, as amended (ER Act) provides for the payment of equal remuneration to men and women workers for same or similar nature of work and prevention of discrimination, on the ground of sex, against women in the matter of employment and for matters connected therewith or incidental thereto. Under the ER Act, no discrimination is permissible in recruitment and service conditions, except where employment of women is prohibited or restricted by law. It also provides that every employer should maintain such registers and other documents in relation to the workers employed by him/ her in the prescribed manner.

THE MATERNITY BENEFIT ACT, 1961

The Maternity Benefit Act, 1961, as amended (Maternity Benefit Act) regulates the employment of pregnant women and ensures that they get paid leave for a specified period during and after their pregnancy. The Maternity Benefit Act is applicable to establishments in which 10 or more employees are employed, or were employed on any day of the preceding 12 months. Under the Maternity Benefit Act, a mandatory period of leave and benefits should be granted to female employees who have worked in the establishment for a minimum period of 80 days in the preceding 12 months from the date of her expected delivery. Such benefits essentially include payment of average daily wage for the period of actual absence of the female employee. The maximum period for which any woman shall be entitled to maternity benefit shall be 12 weeks, of which not more than six weeks shall precede the date of her expected delivery. Entitlement of six weeks of paid leave is also applicable in case of miscarriage or medical termination of pregnancy.

THE PAYMENT OF BONUS ACT, 1965

The Payment of Bonus Act, 1965 as amended (the—Payment of Bonus Act) was enacted to provide for the payment of bonus to persons employed in establishments where 20 or more persons are employed on any day during an accounting year. The Payment of Bonus Act ensures that a minimum annual bonus is payable to every employee regardless of whether the employer any allocable surplus in the accounting year in which the bonus is payable. Under the Payment of Bonus Act, every employer is bound to pay to every employee, in respect of the accounting year, a minimum bonus which is 8.33% of the salary or wage earned by the employee during the accounting year or ₹.100, whichever is higher. Contravention of the provisions of the Payment of Bonus Act by a company is punishable with imprisonment for a term of up to six months or a fine of up to ₹. 1,000 or both, against persons in charge of and responsible to the company for the conduct of the business of the company at the time of contravention, as well as the company.

THE PAYMENT OF GRATUITY ACT, 1972

The Payment of Gratuity Act, 1972 as amended (the —Payment of Gratuity Act) provides for payment of gratuity to an employee at the time of termination of services. Payment of Gratuity Act establishes a scheme for the payment of gratuity to employees engaged in establishments in which ten or more persons are employed or were employed on any day of the preceding 12 months; and as the Central Government may, by notification, specify. Gratuity under the Payment of Gratuity Act is payable to an employee after he has rendered his services for a period not less than five years: (a) on his / her superannuation; (b) on his / her retirement or resignation; or (c) on his / her death or disablement due to accident or disease (in this case the minimum requirement of five years does not apply). Under the Payment of Gratuity Act, the maximum gratuity payable may not exceed Rs.1,000,000/-

THE PAYMENT OF WAGES ACT, 1936

The Payment of Wages Act, 1936 (PWA) is applicable to the payment of wages to persons in factories and other establishments. PWA ensures that wages that are payable to the employee are disbursed by the employer within the prescribed time limit and no deductions other than those prescribed by the law are made by the employer.

ENVIRONMENTAL REGULATIONS

THE ENVIRONMENT PROTECTION ACT, 1986 (“ENVIRONMENT PROTECTION ACT”)

The purpose of the Environment Protection Act is to act as an "umbrella" legislation designed to provide a framework for Central government co-ordination of the activities of various central and state authorities established under previous laws. The Environment Protection Act authorizes the central government to protect and improve environmental quality, control and reduce pollution from all sources and prohibit or restrict the setting and /or operation of any industrial facility on environmental grounds. The Act prohibits persons carrying on business, operation or process from discharging or emitting any environmental pollutant in excess of such standards as may be prescribed. Where the discharge of any environmental pollutant in excess of the prescribed standards occurs or is apprehended to occur due to any accident or other unforeseen act, the person responsible for such discharge and the person in charge of the place at which such discharge occurs or is apprehended to occur is bound to prevent or mitigate the environmental pollution caused as a result of such discharge and should intimate the fact of such occurrence or apprehension of such occurrence; and (b) be bound, if called upon, to render all assistance, to such authorities or agencies as may be prescribed.

AIR (PREVENTION AND CONTROL OF POLLUTION) ACT, 1981

Air (Prevention and Control of Pollution) Act 1981 was enacted with an objective to protect the environment from smoke and other toxic effluents released in the atmosphere by industries. With a view to curb air pollution, the Act has declared several areas as air pollution control area and also prohibits the use of certain types of fuels and appliances. Prior written consent is required of the board constituted under the Act, if a person intends to commence an industrial plant in a pollution control area.

THE NOISE POLLUTION (REGULATION & CONTROL) RULES 2000 (“NOISE REGULATION RULES”)

The Noise Regulation Rules regulate noise levels in industrial, commercial and residential zones. The Noise Regulation Rules also establish zones of silence of not less than 100 meters near schools, courts, hospitals, etc. The rules also assign regulatory authority for these standards to the local district courts. Penalty for non-compliance with the Noise Regulation Rules shall be under the provisions of the Environment (Protection) Act, 1986.

WATER (PREVENTION AND CONTROL OF POLLUTION) ACT, 1974

The Water (Prevention and Control of Pollution) Act 1974 was enacted with an objective to protect the rivers and streams from being polluted by domestic and industrial effluents. The Act prohibits the discharge of toxic and poisonous matter in the river and streams without treating the pollutants as per the standard laid down by the

Pollution control boards constituted under the Act. A person intending to commence any new industry, operation or process likely to discharge pollutants must obtain prior consent of the board constituted under the Act.

NATIONAL ENVIRONMENTAL POLICY, 2006

The Policy seeks to extend the coverage and fill in gaps that still exist, in light of present knowledge and accumulated experience. This policy was prepared through an intensive process of consultation within the Government and inputs from experts. It does not displace, but builds on the earlier policies. It is a statement of India's commitment to making a positive contribution to international efforts. This is a response to the national commitment to a clean environment, mandated in the Constitution in Articles 48 A and 51 A (g), strengthened by judicial interpretation of Article 21. The dominant theme of this policy is that while conservation of environmental resource is necessary to secure livelihoods and well-being of all, the most secure basis for conservation is to ensure that people dependent on particular resource obtain better livelihoods from the fact of conservation, than from degradation of the resource. Following are the objectives of National Environmental Policy:

- Conservation of Critical Environmental Resources
- Intra-generational Equity: Livelihood Security for the Poor
- Inter-generational Equity
- Integration of Environmental Concerns in Economic and Social Development
- Efficiency in Environmental Resource Use
- Environmental Governance
- Enhancement of resource for Environmental Conservation

STATE LAW

URBAN DEVELOPMENT LAWS

State legislations provide for the planned development of urban areas and the establishment of regional and local development authorities charged with the responsibility of planning and development of urban areas within their jurisdiction. Real estate projects have to be planned and developed in conformity with the norms established in these laws and regulations made thereunder and require sanctions from the government departments and developmental authorities at various stages. For instance, in certain states such as Haryana, for developing a residential colony, a license is required from the relevant local authority. Where projects are undertaken on lands which form part of the approved layout plans and/or fall within municipal limits of a town, generally the building plans of the projects have to be approved by the concerned municipal or developmental authority. Building plans are required to be approved for each building within the project area. Clearances with respect to other aspects of development such as fire, civil aviation and pollution control are required from appropriate authorities depending on the nature, size and height of the projects. The approvals granted by the authorities generally prescribe a time limit for completion of the projects. These time limits are renewable upon payment of a prescribed fee. The regulations provide for obtaining a completion/occupancy certificate upon completion of the project.

PROPERTY RELATED LAWS

TRANSFER OF PROPERTY ACT, 1882

The transfer of property, including immovable property, between living persons, as opposed to the transfer of property by operation of law, is governed by the Transfer of Property Act, 1882. This Act establishes the general principles relating to the transfer of property, including among other things, identifying the categories of property that are capable of being transferred, the persons competent to transfer property, the validity of restrictions and conditions imposed on the transfer and the creation of contingent and vested interest in the property. The Act recognizes, among others, the following forms in which an interest in an immovable property may be transferred:

Sale: the transfer of ownership in property for a price paid or promised to be paid.

Mortgage: the transfer of an interest in property for the purpose of securing the payment of a loan, existing or future debt, or performance of an engagement which gives rise to a pecuniary liability. The Act recognizes several forms of mortgages over a property.

Charges: transactions including the creation of security over property for payment of money to another which are not classifiable as a mortgage. Charges can be created either by operation of law, e.g. decree of the attaching to specified immovable property, or by an act of the parties.

Leases: the transfer of a right to enjoy property for consideration paid or rendered periodically or on specified occasions.

REGISTRATION ACT, 1908 (THE “REGISTRATION ACT”)

The Registration Act has been enacted with the objective of providing public notice of the execution of documents affecting, inter alia, the transfer of interest in immovable property. The purpose of the Registration Act is the

conservation of evidence, assurances, title and publication of documents and prevention of fraud. It details the formalities for registering an instrument. Section 17 of the Registration Act identifies documents for which registration is compulsory and includes, among other things, any non-testamentary instrument which purports or operates to create, declare, assign, limit or extinguish, whether in present or in future, any right, title or interest, whether vested or contingent, in any immovable property of the value of one hundred rupees or more and a lease of immovable property for any term exceeding one year or reserving a yearly rent. A document will not affect the property comprised in it, nor be treated as evidence of any transaction affecting such property (except as evidence of a contract in a suit for specific performance or as evidence of part performance under the TP Act or as collateral), unless it has been registered. Evidence of registration is normally available through an inspection of the relevant land records, which usually contains details of the registered property. Further, registration of a document does not guarantee title of land.

THE INDIAN STAMP ACT, 1899

Stamp duty is payable on all instruments/ documents evidencing a transfer or creation or extinguishment of any right, title or interest in immoveable property. The Indian Stamp Act, 1899 (the —Stamp Act) provides for the imposition of stamp duty at the specified rates on instruments listed in Schedule I of the Stamp Act. However, under the Constitution of India, the states are also empowered to prescribe or alter the stamp duty payable on such documents executed within the state. Instruments chargeable to duty under the Stamp Act but which have not been duly stamped, are incapable of being admitted in as evidence of the transaction contained therein. The Stamp Act also provides for impounding of instruments by certain specified authorities and bodies and imposition of penalties, for instruments which are not sufficiently stamped or not stamped at all. Instruments which have not been properly stamped instruments can be validated by paying a penalty of up to 10 times of the total duty payable on such instruments.

INDIAN EASEMENTS ACT, 1882 (THE “EASEMENT ACT”)

An easement is a right which the owner or occupier of land possesses for the beneficial enjoyment of that land and which permits him to do or to prevent something from being done, in or upon, other land not his own. Under the Easements Act, a license is defined as a right to use property without any interest in favour of the licensee. The period and incident may be revoked and grounds for the same may be provided in the license agreement entered in between the licensee and the licensor.

THE RIGHT TO FAIR COMPENSATION AND TRANSPARENCY IN LAND ACQUISITION, REHABILITATION AND RESETTLEMENT ACT, 2013 (“2013 LAND ACQUISITION ACT”)

The 2013 Land Acquisition Act has replaced the Land Acquisition Act, 1894 and aims at establishing a participative, informed and transparent process for land acquisition for industrialization, development of essential infrastructural facilities and urbanization. While aiming to cause least disturbance to land owners and other affected families, it contains provisions aimed at ensuring just and fair compensation to the affected families whose land has been acquired or is proposed to be acquired. It provides for rehabilitation and resettlement of such affected persons. Under the 2013 Land Acquisition Act, the Right to Fair Compensation and Transparency in Land Acquisition, Rehabilitation and Resettlement (Maharashtra) Rules, 2014 have been notified which frame rules in relation to inter alia the consent process, the compensation mechanism and rehabilitation and resettlement.

THE REAL ESTATE (REGULATION AND DEVELOPMENT) ACT, 2016

This Act was notified by the Parliament on 26th March, 2016 and extends to the whole of India. It establishes the Real Estate Regulatory Authority for regulations and promotions of the real estate sector and to ensure sale of plot, apartment or building, as the case may be, or sale of real estate project, in an efficient and transparent manner and to protect the interest of consumers in the real estate sector and to establish an adjudicating mechanism for speedy dispute redressal and also to establish the Appellate Tribunal to hear appeals from the decisions, directions or orders of the Real Estate Regulatory Authority and the adjudicating officer and for matters connected therewith or incidental thereto. The salient features of the Act are as following:

Under the Act, instead of a regular forum of consumers, the purchasers of real estate units from a developer would have a specialized forum called the "Real Estate Regulatory Authority" which will be set up within one year from the date of coming into force of the Act. In the interim, the appropriate Government (i.e., the Central or State Government) shall designate any other regulatory authority or any officer preferably the Secretary of the department dealing with Housing, as the Regulatory Authority.

The promoter has to register their project (residential as well as commercial) with the Regulatory Authority before booking, selling or offering apartments for sale in such projects. In case a project is to be promoted in phases, then each phase shall be considered as a standalone project and the promoter shall obtain registration for each phase.

Under the Act, developers can sell units only on carpet area, which means the net usable floor area of an apartment. This excludes the area covered by the external walls, areas under services shafts, exclusive balcony or verandah area and exclusive open terrace area, but includes the area covered by the internal partition walls of the apartment.

The Act mandates that a promoter shall deposit 70% of the amount realised from the allottees, from time to time, in a separate account to be maintained in a scheduled bank. This is intended to cover the cost of construction and the land cost and the amount deposited shall be used only for the concerned project.

Stringent penal provisions have been prescribed under the Act against the promoter in case of any contravention or non-compliance of the provisions of the Act or the orders, decisions or directions of the Regulatory Authority or the Appellate Tribunal which are the following: a) If promoter does not register its project with the Regulatory Authority – the penalty may be up to 10% of the estimated cost of the project as determined by the Regulatory Authority; b) If promoter does not comply with the aforesaid order of the Regulatory Authority - imprisonment of up to three years and a further penalty of up to 10% of the estimated cost, or both; and c) In case the promoter provides any false information while making an application to the Regulatory Authority or contravenes any other provision of the Act – the penalty may be up to 5% of the estimated cost of the project or construction.

INTELLECTUAL PROPERTY LAWS

TRADEMARKS ACT, 1999 (TM ACT)

A trademark is used in relation to goods so as to indicate a connection in these of trade between the goods and a person having the right as proprietor or user to use the mark. The Trademarks Act, 1999, (Trademarks Act) governs the registration, acquisition, transfer and infringement of trademarks and remedies available to a registered proprietor or user of a trademark. Registration is valid for a period of 10 years but can be renewed in accordance with the specified procedure. As per the Trademarks (Amendment) Bill, 2009, Registrar of Trade Marks is empowered to deal with international applications originating from India as well as those received from the International Bureau and maintain a record of international registrations. It also removes the discretion of the Registrar to extend the time.

COPYRIGHTS ACT, 1957

The Copyrights Act governs copyright protection in India. Under the Copyright Act, copyright may subsist in original literary, dramatic, musical or artistic works, cinematograph films and sound recordings. Following the issuance of the International Copyright Order, 1999, subject to certain exceptions, the provisions of the Copyright Act apply to nationals of all member states of the World Trade Organization.

While copyright registration is not a prerequisite for acquiring or enforcing a copyright, registration creates a presumption favoring ownership of the copyright by the registered owner. Copyright registration may expedite infringement proceedings and reduce delay caused due to evidentiary considerations. Once registered, the copyright protection of a work lasts for 60 years.

The remedies available in the event of infringement of a copyright under the Copyright Act include civil proceedings for damages, account of profits, injunction and the delivery of the infringing copies to the copyright owner. The Copyright Act also provides for criminal remedies, including imprisonment of the accused, imposition of fines and seizure of infringing copies.

PATENTS ACT, 1970

The purpose of the Patent Act in India is to protect inventions. Patents provide the exclusive rights for the owner of a patent to make, use, exercise, distribute and sell a patented invention. The patent registration confers on the patentee the exclusive right to use, manufacture and sell his invention for the term of the patent. An application for a patent can be made by (a) person claiming to be the true and first inventor of the invention; (b) person being the assignee of the person claiming to be the true and first invention in respect of the right to make such an application; and (c) legal representative of any deceased person who immediately before his death was entitled to make such an application. Penalty for the contravention of the provisions of the Patents Act include imposition of fines or imprisonment or both.

THE INFORMATION TECHNOLOGY ACT, 2000 (“INFORMATION TECHNOLOGY ACT”)

This Act aims to provide the legal infrastructure for e-commerce in India. And the cyber laws have a major impact for e-businesses and the new economy in India. So, it is important to understand what are the various perspectives of the IT Act, 2000 and what it offers. The Information Technology Act, 2000 also aims to provide for the legal framework so that legal sanctity is accorded to all electronic records and other activities carried out by electronic means. The Act states that unless otherwise agreed, an acceptance of contract may be expressed by electronic means of communication and the same shall have legal validity and enforceability.

IN GENERAL

COMPANIES ACT, 2013

The Companies Act, 2013 deals with incorporation and post incorporation. The conversion of private company into public company and vice versa is also laid down under the Companies Act, 2013. The provisions of this act shall also apply to banking companies, companies engaged in generation or supply of electricity and any other

company governed by any special act for the time being in force. A company can be formed by seven or more persons in case of public company and by two or more persons in case of private company. A company can even be formed by one person i.e. One Person Company. The provisions relating to formation and allied procedures are mentioned in the act.

FOREIGN EXCHANGE MANAGEMENT ACT, 1999

The Foreign investment in India is governed primarily by the provisions of the FEMA which relates to regulation primarily by the RBI and the rules, regulations and notifications there under and the policy prescribed by the Department of Industrial Policy and Promotion, Ministry of Commerce & Industry, Government of India. As laid down by the FEMA Regulations no prior consents and approvals are required from the Reserve Bank of India, for Foreign Direct Investment under the automatic route within the specified sectoral caps. In respect of all industries not specified as FDI under the automatic route and in respect of investment in excess of the specified sectoral limits under the automatic route, approval may be required from the FIPB and/or the RBI. The RBI, in exercise of its power under the FEMA, has notified the Foreign Exchange Management (Transfer or Issue of Security by a Person Resident Outside India) Regulations, 2000 ("FEMA Regulations") to prohibit, restrict or regulate, transfer or issue security by a person resident outside India and Foreign Exchange Management (Export of Goods and Services) Regulations, 2000 for regulation on exports of goods and services.

THE COMPETITION ACT, 2002

The Competition Act, 2002 (the Competition Act) prohibits anti- competitive agreements, abuse of dominant positions by enterprises and regulates combinations in India. The Competition Act also established the Competition Commission of India (the —CCII) as the authority mandated to implement the Competition Act. The provisions of the Competition Act relating to combinations were notified recently on March 4, 2011 and came into effect on June 1, 2011. Combinations which are likely to cause an appreciable adverse effect on competition in a relevant market in India are void under the Competition Act. A combination is defined under Section 5 of the Competition Act as an acquisition, merger or amalgamation of enterprise(s) that meets certain asset or turnover thresholds.

There are also different thresholds for those categorized as Individuals and Group. The CCI may enquire into all combinations, even if taking place outside India, or between parties outside India, if such combination is Likely to have an appreciable adverse effect on competition in India. Effective June 1, 2011, all combinations have to be notified to the CCI within 30 days of the execution of any agreement or other document for any acquisition of assets, shares, voting rights or control of an enterprise under Section 5(a) and (b) of the Competition Act (including any binding document conveying an agreement or decision to acquire control, shares, voting rights or assets of an enterprise); or the board of directors of a company (or an equivalent authority in case of other entities) approving a proposal for a merger or amalgamation under Section 5(c) of the Competition Act. The obligation to notify a combination to the CCI falls upon the acquirer in case of an acquisition and on all parties to the combination jointly in case of a merger or amalgamation.

CONSUMER PROTECTION ACT, 2019 (COPRA)

The Consumer Protection Act, 2019 ("COPRA") aims at providing better protection to the interests of consumers and for that purpose makes provisions for the establishment of authorities for the settlement of consumer disputes. The COPRA provides a mechanism for the consumer to file a complaint against a trader or service provider in cases of unfair trade practices, restrictive trade practices, defects in goods, deficiency in services, price charged being unlawful and goods being hazardous to life and safety when used. The COPRA provides for a three tier consumer grievance redressal mechanism at the national, state and district levels. Noncompliance of the orders of these authorities attracts criminal penalties.

THE INDIAN CONTRACT ACT, 1872 ("CONTRACT ACT")

The Contract Act 1872 codifies the way in which a contract may be entered into, executed, implementation of the provisions of a contract and effects of breach of a contract. A person is free to contract on any terms he chooses. The Contract Act consists of limiting factors subject to which contract may be entered into, executed and the breach enforced. It provides a framework of rules and regulations that govern formation and performance of contract. The contracting parties themselves decide the rights and duties of parties and terms of agreement.

I. SIGNIFICANT ACCOUNTING POLICIES

A. Basis of preparation of Consolidated Financial Statements:

The Restated Statement of Assets and Liabilities as at September 30, 2025, and Restated Statement of Assets and Liabilities as at March 31, 2025, March 31, 2024 and March 31, 2023, the Restated Statements of Profit and Loss for the six months period ended September 30, 2025, the Restated Statements of Profit and Loss for the year ended March 31, 2025, March 31, 2024 and March 31, 2023, the Restated Cash Flow Statement for the six months period ended September 30, 2025, the Restated Cash Flow Statement for the period ended March 31, 2025, March 31, 2024 and March 31, 2023, the Summary Statement of Material Accounting Policies, the Notes and Annexures as forming part of these Restated Financial Statements (collectively, the “Restated Financial Information”), as approved by the Board of Directors of the company.

These financial statements are prepared in accordance with Indian Generally Accepted Accounting Principles (GAAP) under the historical cost convention on the accrual basis. GAAP comprises mandatory accounting standards as prescribed under Section 133 of the Companies Act, 2013 ('the Act') read with Rule 7 of the Companies (Accounts) Rules, 2014, the provisions of the Act.

The financial statements of the erstwhile Sleeploop India Private Limited for the period up to February 15, 2024 and for the financial year ended March 31, 2024, 2023 and 2022 have been revised by the Company to conform to the format prescribed for companies under the Companies Act, 2013 in accordance with Indian GAAP and adequate disclosures are made as required to be made by the company as per schedule III of the Companies Act, 2013

The accounting policies adopted in the preparation of financial statements have been consistently applied. All assets and liabilities have been classified as current or non-current as per the company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of operations and time difference between the provision of services and realization of cash and cash equivalents, the company has ascertained its operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities.

B. Use of Estimates

The preparation of financial statements is in conformity with Indian GAAP requires judgments, estimates and assumptions to be made that affect the reported amount of assets and liabilities, disclosure of contingent liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates are recognized in the period in which the results are known / materialized.

C. Basis Of Consolidation

The consolidated financial statements of Gallard Steel Limited ('the company'), and its subsidiary Sleeploop India Private Limited are prepared on the following basis:

a) The financial statements of the Company and its subsidiary company are combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after fully eliminating intra-group balances and intra-group transactions resulting in unrealized profits or losses in accordance with Accounting Standard (AS) 21 - "Consolidated Financial Statements" as specified in section 133 of the Companies Act, 2013 read with Rule 7 of Companies (Accounts) Rules, 2014

b) The consolidated financial statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented to the extent possible, in the same manner as the company's standalone financial statements.

c) For the purpose of consolidation, the audited financial statements of Sleeploop India Private Limited have been considered.

d) The difference between the costs of investment in the subsidiaries, over the net assets at the time of acquisition of subsidiary is recognized in the financial statements as Goodwill or Capital Reserve as the case may be.

e) Sleeploop India Private Limited became Wholly Owned subsidiary of Gallard Steel Limited, effective from 16th February 2024. The details are as follows:

Particulars	% of holding of shares in subsidiary		
	As at 30th September 2025	As at 31st March 2025	As at 31st March 2024
1. Sleeploop India Private Limited	100.00%	100.00%	100.00%

D. ACCOUNTING CONVENTION

The Company follows the mercantile system of accounting, recognizing income and expenditure on accrual basis. The accounts are prepared on historical cost basis and as a going concern. Accounting policies not referred to specifically otherwise, are consistent with the generally accepted accounting principles.

The following significant accounting policies are adopted in the preparation and presentation of these financial statements:

1. Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

Sales of goods are recognized on transfer of significant risks and rewards of ownership to the buyer, which generally coincides with the delivery of goods to customers.

Income from Services is recognized on an accrual basis when it is earned and the right to receive payment is reasonably assured.

Interest Income is Recognized on a time proportion basis taking into account the amount outstanding and the rate applicable i.e. on the basis of matching concept.

2. Property, Plant and Equipment and Intangible Assets

a) Property, Plant and Equipment Intangible Assets are stated as per Cost Model i.e., at cost less accumulated depreciation and impairment, if any; Costs directly attributable to acquisition are capitalized until the Property, Plant and Equipment and Intangible Assets are ready for use, as intended by the management;

b) Subsequent expenditures relating to Property, Plant and Equipment and Intangible Assets are capitalized only when it is probable that future economic benefits associated with these will flow to the Company and the cost of the item can be measured reliably. Repairs & maintenance costs are recognized in the Statement of profit & Loss when incurred;

c) The cost and related accumulated depreciated are eliminated from the financial statements upon sale or retirement of the asset and the resultant gains or losses are recognized in the Statement of Profit or Loss. Assets to be disposed of are reported at the lower of the carrying value or the fair value less cost to sell;

d) Depreciation on fixed assets will be calculated using the Written Down Value Method (WDV) method, which involves applying depreciation rates prescribed under Schedule II to the Companies Act 2013. to the carrying amount of the asset. The carrying amount is reduced each year by the amount of depreciation charged.

e) Depreciation methods, useful lives, and residual values are reviewed periodically, including at each financial year end;

3. Impairment

The Management periodically assesses, using external and internal sources, whether there is an indication that an asset may be impaired. An impairment loss is recognized wherever the carrying value of an asset exceeds its recoverable amount. The recoverable amount is higher of the asset's net selling price and value in use, which means the present value of future cash flows expected to arise from the continuing use of the asset and its eventual disposal. An impairment loss for an asset is reversed if, and only if, the reversal can be related objectively to an event occurring after the impairment loss was recognized. The carrying amount of an asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

4. Inventories

Raw material, Work in Progress and finished goods :

Raw Materials -Lower of cost and net realizable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost is determined on First in First out (FIFO) basis.

Finished goods and Work in progress are valued at the lower of cost and net realisable value. Cost is determined on First in First out (FIFO) basis.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated cost of completion and the estimated costs necessary to make the sale.

5. Foreign Exchange Transactions

All transactions in foreign currency are recorded at the rates of exchange prevailing at the date of transaction. Any gain/ loss on account of the fluctuation in the rate of exchange is recognized in the statement of Profit and Loss.

Monetary items in the form of Loans, Current Assets and Current Liabilities in foreign currencies outstanding at the close of the year are converted in Indian currency at the appropriate rates of exchange prevailing on the date of Balance Sheet. Resultant gain or loss on account of the fluctuation in the rate of exchange is recognized in the statement of Profit and Loss.

6. Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non- cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities are segregated.

7. Borrowing Costs

Borrowing costs that are directly attributable to the acquisition or construction of a qualifying asset are capitalized as part of the cost of that asset till such time the asset is ready for its intended use. A qualifying asset is an asset that necessarily takes a substantial period of time to get ready for its intended use. Costs incurred in raising funds are amortized equally over the period for which the funds are acquired. All other borrowing costs are charged to profit and loss account.

8. Income Tax

The accounting treatment for the Income Tax in respect of the Company's income is based on the Accounting Standard on 'Accounting for Taxes on Income' (AS-22). The provision made for Income Tax in Accounts comprises both, the current tax and deferred tax. Provision for Current Tax is made on the assessable Income Tax rate applicable to the relevant assessment year after considering various deductions available under the Income Tax Act, 1961.

Deferred tax is recognized for all timing differences; being the differences between the taxable income and accounting income that originate in one period and are capable of reversal in one or more subsequent periods.

Such deferred tax is quantified using the tax rates and laws enacted or substantively enacted as on the Balance Sheet date. The carrying amount of deferred tax asset/liability is reviewed at each Balance Sheet date and consequential adjustments are carried out.

9. Earnings Per Share

Basic earnings per share is computed by dividing the net profit after tax by the weighted average number of equity shares outstanding during the period. Diluted earnings per share is computed by dividing the profit after tax by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

The diluted potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value which is the average market value of the outstanding shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

10. Provisions and Contingent Liabilities

A provision is recognized if, as a result of a past event, the Company has a present legal obligation that is reasonably estimable, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by the best estimate of the likely future outflow of economic benefits required to settle the obligation at the reporting date.

Where no reliable estimate can be made, a disclosure is made as contingent liability. A disclosure for a contingent liability is also made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

11. Cash and Cash Equivalents

Cash and cash equivalents comprise cash and cash on deposit with banks. The Company considers all highly liquid investments with a remaining maturity at the date of purchase of three months or less and that are readily convertible to known amounts of cash to be cash equivalents.

12. Investments

"Investment which are readily realizable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as non-current investments.

On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties. "

13. Government Grants and Subsidies

"Government grants and subsidies are recognised when there is reasonable assurance that the Company will comply with the conditions attached to them and the grants / subsidy will be received. Government grants whose primary condition is that the Company should purchase, construct or otherwise acquire capital assets are presented by deducting them from the carrying value of the assets. The grant is recognised as income over the life of a depreciable asset by way of a reduced depreciation charge.

When the grant or subsidy relates to an expense item, it is recognized as income over the periods necessary to match them on a systematic basis to the costs, which it is intended to compensate. "

14. Contingencies and events occurring after the Balance Sheet date

Events that occur between balance sheet date and date on which these are approved, might suggest the requirement for an adjustment(s) to the assets and the liabilities as at balance sheet date or might need disclosure. Adjustments are required to assets and liabilities for events which occur after balance sheet date

which offer added information substantially affecting the determination of the amounts which relates to the conditions that existed at balance sheet date.

15. Related Party Transactions

Related parties as defined under Accounting Standard - 18 'Related Party Disclosures' have been identified based on representations made by management and information available with the Company. All transactions with related parties are in the ordinary course of business and on arms' length basis.

16. Leases

The company has taken Office & factory on lease and classified as an Operating lease and lease rentals are recognized in profit of loss account as per lease terms.

17. Segment Reporting

As per As -17 Segment Reporting is not applicable to the company for the reporting period.

18. Employee Benefits

Defined-contribution plans:

All short-term employee benefits are accounted on undiscounted basis during the accounting period based on services rendered by employees.

The Company's contribution to Provident Fund is determined based on a fixed percentage of the eligible employees' salary and charged to the Statement of Profit and Loss on accrual basis.

The Company has made provision for payment of Gratuity to its employees. This Provision is made as per the method prescribed under the Payment of Gratuity Act. The cost of providing gratuity under this plan is determined on the basis of actuarial valuation at year/period end. The Company has adopted the Accounting Standard 15 (revised 2005) on Employee Benefits during the restated financials period. The disclosure as envisaged under the Accounting Standard is provided hereunder:

* The corresponding post issue figures are based on Statutory Auditor's Certificate dated November 21, 2025.

Notes:

1. Short-term debts represent those which are expected to be paid/payable within 12 months and exclude installments of term loans repayable within 12 months.
2. Long-term debts represent debts other than short-term debts as defined above but include installments of term loans repayable within 12 months grouped under other current liabilities.
3. The figures disclosed above are based on the Restated Statement of Assets and Liabilities of the Company as at September 30, 2025.
4. While calculating the post-issue shareholders' funds, we have considered the impact of the fresh issue of 25,00,000 equity shares being offered through the IPO at a price of ₹150 per share. We have not taken into account the estimated issue expenses.
5. While calculating the short-term debt and long-term debt (post-issue), the impact of repayment of borrowings out of the issue proceeds has not been taken into account.

Note:

1) The ratios have been computed as below: The Below ratio's have not been annualized for the period ended 30th September, 2025.

(a) Basic earnings per share (Rs.) :- Net profit after tax as restated for calculating basic EPS / Weighted average number of equity shares outstanding at the end of the period or year.

(b) Diluted earnings per share (Rs.) :- Net profit after tax as restated for calculating diluted EPS / Weighted average number of equity shares outstanding at the end of the period or year for diluted EPS.

(c) Return on net worth (%) :- Net profit after tax (as restated) / Net worth at the end of the period or year.

(d) Net assets value per share :- Net Worth at the end of the period or year / Total number of equity shares outstanding at the end of the period or year.

2) Weighted average number of equity shares is the number of equity shares outstanding at the beginning of the period/year adjusted by the number of equity shares issued during period/year multiplied by the time weighting factor. The time weighting factor is the number of days for which the specific shares are outstanding as a proportion of total number of days during the period/year.

3) Net worth for ratios is = Equity share capital + Reserves and surplus (including, Securities Premium, General Reserve and surplus in statement of profit and loss).

4) The figures disclosed above are based on the restated summary statements of the Company.

5) EBITDA has been calculated as Profit before tax + Depreciation + Interest Expenses - Other Income

MANAGEMENT’S DISCUSSION AND ANALYSIS OF FINANCIAL CONDITIONS AND RESULTS OF OPERATIONS

You should read the following discussion in conjunction with our restated financial statements attached in the chapter titled “Financial Information of the Company” beginning on page 152. You should also read the section titled “Risk Factors” on page 28 and the section titled “Forward Looking Statements” on page 17 of this Prospectus, which discusses a number of factors and contingencies that could affect our financial condition and results of operations. The following discussion relates to us and, unless otherwise stated or the context requires otherwise, is based on our Restated financial Statements. Our financial statements have been prepared in accordance with Indian GAAP, the Companies Act and the SEBI (ICDR) Regulations and restated as described in the report of our auditor dated October 17, 2025 which is included in this Prospectus under “Financial Statements”. The Restated Financial Information has been prepared on a basis that differs in certain material respects from generally accepted accounting principles in other jurisdictions, including US GAAP and IFRS. Our financial year ends on March 31 of each year and all references to a particular financial year are to the twelve-month period ended March 31 of that year.

Business Overview

Incorporated in 2015, we are an engineering company engaged in the manufacturing of ready-to-use components, assemblies, and subassemblies for Indian railways, defence, power generation and allied industries. Our product portfolio includes critical components such as traction motor components and bogie assembly components for the railway sector, sub-assemblies for thermal and hydro turbines used in the power generation sector and components for industrial machinery, equipment and the defence sector. These components are manufactured using unmachined and machined castings made from metals including carbon steel, ductile iron, grey cast iron and medium and low alloy steels. Our clientele primarily comprises companies operating in the heavy engineering, railways and defence sector.

In the railway sector, we supply components for the production of traction motors and bogie assemblies, including control arms for FIAT LHB coaches, stator frames for various motors used by railways for manufacturing of traction motors serving the railway and heavy engineering industries. In the defence sector, we manufacture components such as cradles and recoiling assembly cylinders for government defence production units. In the power generation sector, we manufacture guide vanes, bush housings and fork systems for heavy engineering companies, which are used in hydro and thermal power generation. In components for industrial machinery and equipment, we manufacture High Temperature Resistance Liner and other components.

Our company holds Class ‘A’ Foundry Status from the Research Designs and Standards Organization (RDSO), Ministry of Railways, confirming compliance with IS: 12117:1996 (Reaffirmed 2022). In addition, we have been approved by the competent authority under Indian Railways for capacity-cum-capability assessment to develop, manufacture and supply various critical components for electric locomotives and traction motors, including Suspension Tubes, Axle Boxes, Gear Cases, Axle Box housing and Control Arms. We are also an approved vendor for supplying critical components for defense applications, including Cradle Assemblies and Steel Castings, as per specific technical requirements.

Our manufacturing operations are carried out at our foundry located in Pithampur, Dhar, Madhya Pradesh, spread over land area of 12,195 square meters and is ISO 9001:2015 certified. We utilize a range of in-house machinery and equipment to support processes such as melting, heat treatment, grinding, molding, sand mixing and finishing. This enables us to maintain a comprehensive production process, ensuring that our products meet the required standards for critical customer applications. In addition, we conduct in-house testing of our products using various equipment’s to evaluate parameters such as material composition, mechanical properties and defect detection, ensuring compliance with required client specifications.

As part of our strategic expansion, in February 2024, we acquired Sleeploop India Private Limited (SIPL), making it our wholly owned subsidiary. SIPL operates a manufacturing facility located at Pithampur, Dhar, Madhya Pradesh, which consists of two separate divisions — one dedicated to CNC machining and the other to rebounded foam manufacturing. Further, we have incorporated a foreign subsidiary company, namely, Gallard Steel Europe B.V., with the Netherlands Chamber of Commerce on October 21, 2025, having its office located at Kameelhof 5, 3544 AM, Utrecht, Netherlands, for the purpose of establishing our presence in Europe and facilitating exports of steel castings and machined components to the European market. The said foreign subsidiary is yet to commence its business operations.

At SIPL’s CNC machining division, components produced at our foundry undergo precision machining processes, including surface finishing, removal of excess material, post-casting modifications and customization to meet specific customer requirements. Additionally, SIPL’s Rebonded Foam division manufactures foam sheets, which are supplied to mattress manufacturers. This process utilizes waste or discarded foam, which is shredded, cleaned, mixed with adhesive, pressed and cooled. Once processed, the foam is cut into specified sizes and delivered to customers.

Our Company is led by our Directors and Senior Management team, namely, Zakiuddin Sujauddin, Hakimuddin Ghantawala and Kaid Johar Kalabhai having an extensive experience in the steel components industry.

These financial statements are prepared in accordance with Indian Generally Accepted Accounting Principles (GAAP) under the historical cost convention on the accrual basis. GAAP comprises mandatory accounting standards as prescribed under Section 133 of the Companies Act, 2013 ('the Act') read with Rule 7 of the Companies (Accounts) Rules, 2014, the provisions of the Act.

The financial statements of the erstwhile Sleeploop India Private Limited for the period up to February 15, 2024 and for the financial year ended March 31, 2024, 2023 and 2022 have been revised by the Company to conform to the format prescribed for companies under the Companies Act, 2013 in accordance with Indian GAAP and adequate disclosures are made as required to be made by the company as per schedule III of the Companies Act, 2013

The accounting policies adopted in the preparation of financial statements have been consistently applied. All assets and liabilities have been classified as current or non-current as per the company's normal operating cycle and other criteria set out in the Schedule III to the Companies Act, 2013. Based on the nature of operations and time difference between the provision of services and realization of cash and cash equivalents, the company has ascertained its operating cycle as 12 months for the purpose of current and non-current classification of assets and liabilities.

B. Use of Estimates

The preparation of financial statements is in conformity with Indian GAAP requires judgments, estimates and assumptions to be made that affect the reported amount of assets and liabilities, disclosure of contingent liabilities on the date of the financial statements and the reported amount of revenues and expenses during the reporting period. Difference between the actual results and estimates are recognized in the period in which the results are known / materialized.

C. Basis Of Consolidation

The consolidated financial statements of Gallard Steel Limited ('the company'), and its subsidiary Sleeploop India Private Limited are prepared on the following basis:

- a) The financial statements of the Company and its subsidiary company are combined on a line-by-line basis by adding together the book values of like items of assets, liabilities, income and expenses, after fully eliminating intra-group balances and intra-group transactions resulting in unrealized profits or losses in accordance with Accounting Standard (AS) 21 - "Consolidated Financial Statements" as specified in section 133 of the Companies Act, 2013 read with Rule 7 of Companies (Accounts) Rules, 2014.
- b) The consolidated financial statements have been prepared using uniform accounting policies for like transactions and other events in similar circumstances and are presented to the extent possible, in the same manner as the company's standalone financial statements.
- c) For the purpose of consolidation, the audited financial statements of Sleeploop India Private Limited have been considered.
- d) The difference between the costs of investment in the subsidiaries, over the net assets at the time of acquisition of subsidiary is recognized in the financial statements as Goodwill or Capital Reserve as the case may be.
- e) Sleeploop India Private Limited became Wholly Owned subsidiary of Gallard Steel Limited, effective from 16th February 2024. The details are as follows:

Particulars	% of holding of shares in subsidiary		
	As at 30th September 2025	As at 31st March 2025	As at 31st March 2024
1. Sleeploop India Private Limited	100.00%	100.00%	100.00%

D. Accounting Convention

The Company follows the mercantile system of accounting, recognizing income and expenditure on accrual basis. The accounts are prepared on historical cost basis and as a going concern. Accounting policies not referred to specifically otherwise, are consistent with the generally accepted accounting principles.

The following significant accounting policies are adopted in the preparation and presentation of these financial statements:

1. Revenue Recognition

Revenue is recognized to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured.

Sales of goods are recognized on transfer of significant risks and rewards of ownership to the buyer, which generally coincides with the delivery of goods to customers.

Income from Services is recognized on an accrual basis when it is earned and the right to receive payment is reasonably assured.

Interest Income is Recognized on a time proportion basis taking into account the amount outstanding and the rate applicable i.e. on the basis of matching concept.

2. Property, Plant and Equipment and Intangible Assets

i. Property, Plant & Equipment's:

a) Property, Plant and Equipment Intangible Assets are stated as per Cost Model i.e., at cost less accumulated depreciation and impairment, if any; Costs directly attributable to acquisition are capitalized until the Property, Plant and Equipment and Intangible Assets are ready for use, as intended by the management;

b) Subsequent expenditures relating to Property, Plant and Equipment and Intangible Assets are capitalized only when it is probable that future economic benefits associated with these will flow to the Company and the cost of the item can be measured reliably. Repairs & maintenance costs are recognized in the Statement of profit & Loss when incurred;

c) The cost and related accumulated depreciated are eliminated from the financial statements upon sale or retirement of the asset and the resultant gains or losses are recognized in the Statement of Profit or Loss. Assets to be disposed of are reported at the lower of the carrying value or the fair value less cost to sell;

d) Depreciation on fixed assets will be calculated using the Written Down Value Method (WDV) method, which involves applying depreciation rates prescribed under Schedule II to the Companies Act 2013. to the carrying amount of the asset. The carrying amount is reduced each year by the amount of depreciation charged.

e) Depreciation methods, useful lives, and residual values are reviewed periodically, including at each financial year end;

3. Impairment

The Management periodically assesses, using external and internal sources, whether there is an indication that an asset may be impaired. An impairment loss is recognized wherever the carrying value of an asset exceeds its recoverable amount. The recoverable amount is higher of the asset's net selling price and value in use, which means the present value of future cash flows expected to arise from the continuing use of the asset and its eventual disposal. An impairment loss for an asset is reversed if, and only if, the reversal can be related objectively to an event occurring after the impairment loss was recognized. The carrying amount of an asset is increased to its revised recoverable amount, provided that this amount does not exceed the carrying amount that would have been determined (net of any accumulated amortization or depreciation) had no impairment loss been recognized for the asset in prior years.

4. Inventories

Raw material, Work in Progress and finished goods ::

Raw Materials -Lower of cost and net realizable value. However, materials and other items held for use in the production of inventories are not written down below cost if the finished products in which they will be incorporated are expected to be sold at or above cost. Cost is determined on First in First out (FIFO) basis.

Finished goods and Work in progress are valued at the lower of cost and net realisable value. Cost is determined on First in First out (FIFO) basis.

Net realisable value is the estimated selling price in the ordinary course of business, less the estimated cost of completion and the estimated costs necessary to make the sale.

5. Foreign Exchange Transactions

All transactions in foreign currency are recorded at the rates of exchange prevailing at the date of transaction. Any gain/ loss on account of the fluctuation in the rate of exchange is recognized in the statement of Profit and Loss.

Monetary items in the form of Loans, Current Assets and Current Liabilities in foreign currencies outstanding at the close of the year are converted in Indian currency at the appropriate rates of exchange prevailing on the date of Balance Sheet. Resultant gain or loss on account of the fluctuation in the rate of exchange is recognized in the statement of Profit and Loss.

6. Cash Flow Statement

Cash flows are reported using the indirect method, whereby profit before tax is adjusted for the effects of transactions of a non-cash nature, any deferrals or accruals of past or future operating cash receipts or payments and item of income or expenses associated with investing or financing cash flows. The cash flows from operating, investing and financing activities are segregated.

7. Borrowing Costs

Borrowing costs that are directly attributable to the acquisition or construction of a qualifying asset are capitalized as part of the cost of that asset till such time the asset is ready for its intended use. A qualifying asset is an asset that necessarily takes a substantial period of time to get ready for its intended use. Costs incurred in raising funds are amortized equally over the period for which the funds are acquired. All other borrowing costs are charged to profit and loss account.

8. Income Tax

The accounting treatment for the Income Tax in respect of the Company's income is based on the Accounting Standard on 'Accounting for Taxes on Income' (AS-22). The provision made for Income Tax in Accounts comprises both, the current tax and deferred tax. Provision for Current Tax is made on the assessable Income Tax rate applicable to the relevant assessment year after considering various deductions available under the Income Tax Act, 1961.

Deferred tax is recognized for all timing differences; being the differences between the taxable income and accounting income that originate in one period and are capable of reversal in one or more subsequent periods. Such deferred tax is quantified using the tax rates and laws enacted or substantively enacted as on the Balance Sheet date. The carrying amount of deferred tax asset/liability is reviewed at each Balance Sheet date and consequential adjustments are carried out.

9. Earnings Per Share

Basic earnings per share is computed by dividing the net profit after tax by the weighted average number of equity shares outstanding during the period. Diluted earnings per share is computed by dividing the profit after tax by the weighted average number of equity shares considered for deriving basic earnings per share and also the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

The diluted potential equity shares are adjusted for the proceeds receivable had the shares been actually issued at fair value which is the average market value of the outstanding shares. Dilutive potential equity shares are deemed converted as of the beginning of the period, unless issued at a later date. Dilutive potential equity shares are determined independently for each period presented.

10. Provisions and Contingent Liabilities

A provision is recognized if, as a result of a past event, the Company has a present legal obligation that is reasonably estimable, and it is probable that an outflow of economic benefits will be required to settle the obligation. Provisions are determined by the best estimate of the likely future outflow of economic benefits required to settle the obligation at the reporting date.

Where no reliable estimate can be made, a disclosure is made as contingent liability. A disclosure for a contingent liability is also made when there is a possible obligation or a present obligation that may, but probably will not, require an outflow of resources. Where there is a possible obligation or a present obligation in respect of which the likelihood of outflow of resources is remote, no provision or disclosure is made.

11. Cash and Cash Equivalents

Cash and cash equivalents comprise cash and cash on deposit with banks. The Company considers all highly liquid investments with a remaining maturity at the date of purchase of three months or less and that are readily convertible to known amounts of cash to be cash equivalents.

12. Investments

Investment which are readily realizable and intended to be held for not more than one year from the date on which such investments are made, are classified as current investments. All other investments are classified as non-current investments.

On initial recognition, all investments are measured at cost. The cost comprises purchase price and directly attributable acquisition charges such as brokerage, fees and duties.

13. Government Grants and Subsidies

Government grants and subsidies are recognised when there is reasonable assurance that the Company will comply with the conditions attached to them and the grants / subsidy will be received. Government grants whose primary condition is that the Company should

purchase, construct or otherwise acquire capital assets are presented by deducting them from the carrying value of the assets. The grant is recognised as income over the life of a depreciable asset by way of a reduced depreciation charge. When the grant or subsidy relates to an expense item, it is recognized as income over the periods necessary to match them on a systematic basis to the costs, which it is intended to compensate.

14. Contingencies and events occurring after the Balance Sheet date

Events that occur between balance sheet date and date on which these are approved, might suggest the requirement for an adjustment(s) to the assets and the liabilities as at balance sheet date or might need disclosure. Adjustments are required to assets and liabilities for events which occur after balance sheet date which offer added information substantially affecting the determination of the amounts which relates to the conditions that existed at balance sheet date.

15. Related Party Transactions

Related parties as defined under Accounting Standard - 18 'Related Party Disclosures' have been identified based on representations made by management and information available with the Company. All transactions with related parties are in the ordinary course of business and on arms' length basis.

16. Leases

The company has taken Office & factory on lease and classified as an Operating lease and lease rentals are recognized in profit of loss account as per lease terms.

17. Segment Reporting

As per As -17 Segment Reporting is not applicable to the company for the reporting period.

18. Employee Benefits

Defined-contribution plans:

All short-term employee benefits are accounted on undiscounted basis during the accounting period based on services rendered by employees.

The Company's contribution to Provident Fund is determined based on a fixed percentage of the eligible employees' salary and charged to the Statement of Profit and Loss on accrual basis.

The Company has made provision for payment of Gratuity to its employees. This Provision is made as per the method prescribed under the Payment of Gratuity Act. The cost of providing gratuity under this plan is determined on the basis of actuarial valuation at year/period end. The Company has adopted Accounting Standard 15 (revised 2005) on Employee Benefits during the restated financials period. The disclosure as envisaged under the Accounting Standard is provided hereunder:

PAT	606.67	319.56	113.49
% PAT margin to revenue	11.38%	11.91%	5.51%

Rationale for increase/ decrease in Revenue, EBITDA and PAT from F.Y 2022-23 to F.Y 2023-24 to F.Y 2024- 25:

- The reasons for the increase/decrease in revenue have been discussed in detail in the section 'Comparative Financial Performance' for each of the respective years
- EBITDA increased to 23.39 % from Rs.506.53 lakhs in FY 2023-24 to Rs.1247.17 lakhs in FY 2024-25, primarily growth in revenue from operation and reduction in Cost of Goods Sold and finance cost.

EBITDA increased to 18.88 % from Rs.189.69 lakhs in FY 2022-23 to Rs.506.53 lakhs in FY 2023-24, primarily growth in revenue from operation and reduction in Cost of Goods Sold.
- PAT margin slightly decreased to 11.38% in FY 2024-25, compared to 11.91% in FY 2023-24; however, it shows a significant improvement from 5.51% in FY 2022-23.

Year-on-Year Analysis of Cost of Material Consumed in relation to Revenue from Operations:

The overall increase in receivables over the past years aligns with the significant growth in revenue from operations, which increased from ₹2,059.06 lakhs in FY 2022–23 to ₹3,156.02 lakhs for the half year ended September 30, 2025..

Trade Payables:

Our trade payables increased from ₹359.33 lakhs in FY 2022–23 to ₹638.78 lakhs in FY 2023–24 and further to ₹727.97 lakhs in FY 2024–25, with a balance of ₹415.88 lakhs as on September 30, 2025. The rise in trade payables was primarily driven by higher procurement of raw materials and components in line with the increase in production and sales volumes during the year. Additionally, extended credit terms negotiated with suppliers and timing differences in payments around the year-end also contributed to the higher outstanding balance.

Inventories:

Our inventories increased from ₹325.76 lakhs in FY 2022–23 to ₹527.60 lakhs in FY 2023–24 and further to ₹628.89 lakhs in FY 2024–25, representing a growth of 61.96% from FY 2022–23 to FY 2023–24 and 19.20% from FY 2023–24 to FY 2024–25. As on September 30, 2025, inventories stood at ₹632.11 lakhs. The increase was primarily driven by higher stocking of raw materials and finished goods to meet anticipated demand and support the growing scale of operations. The Company continues to maintain optimal inventory levels to ensure smooth production while effectively managing carrying costs.

Short Term Loans and Advances:

Our short-term loans and advances stood at ₹404.24 lakhs as on September 30, 2025, compared to ₹184.44 lakhs as on March 31, 2025, ₹346.20 lakhs in FY 2023–24, and ₹64.46 lakhs in FY 2022–23. The significant increase in FY 2023–24 was primarily due to higher advances to suppliers amounting to ₹331.74 lakhs, reflecting the procurement requirements for increased production. In FY 2024–25, the balance declined to ₹184.44 lakhs mainly due to a reduction in advances to suppliers to ₹166.94 lakhs. The subsequent rise to ₹404.24 lakhs as of September 30, 2025, was largely attributable to higher advances to suppliers of ₹376.75 lakhs and preliminary expenses of ₹13.45 lakhs related to the proposed IPO.

Disputed Input Tax Credit Claim

Gallard Steel Limited has received a tax intimation notice (GST DRC-01A) dated December 19, 2023 under Section 74(5) of the CGST Act, 2017, from State Tax Officer, Pithampur, Indore, M.P., regarding an alleged ineligible Input Tax Credit (ITC) claim of ₹38,558

availed from M/s Alpha Steels (GSTIN-23DYWPA8482F1Z1), which has been identified as a bogus entity by the tax authorities. The total demand, including interest of ₹16,810 and a penalty of ₹38,558, aggregates to ₹93,926 for the month January 2022. The notice, issued by the Assistant Commissioner, Commercial Tax, Pithampur, directed the company to clear the liability by 03/01/2024, failing which proceedings would be initiated under Section 74(1) of the CGST Act, 2017. In response, Gallard Steel Limited submitted its reply dated January 15, 2024 stating that the Input tax credit claimed was bona fide and should not be denied solely on the grounds that the supplier was later found to be fraudulent and requested the demand to be quashed. The case is pending for action by tax officer.

Shivam Joshi, Kaid Johar Kalabhai and 28 others (“Petitioners”) v/s State of Madhya Pradesh through Commissioner, Higher Education, Bhopal, Devi Ahliya Vishwa Vidyalaya, Additional Registrar (Examination), Shri Guru Govind Singh Law College and the Bar Council of India (“Respondents”)

A Writ petition No. 5190/2010 dated May 01, 2010 under article 226 of the constitution of India has been filed before the High Court of Madhya Pradesh, Indore Bench, by the petitioners’ i.e. students of Shri Guru Govind Singh Law College who were pursuing an LL.B. (Hons) degree. The students' examination forms for their first semester were cancelled by Devi Ahilya Vishwavidyalaya, citing non-compliance with the Bar Council of India's Rules of Legal Education, 2008, which mandate a minimum of 45% marks in undergraduate studies for general category applicants. The petitioners argued that their admissions were based on the state's Guiding Principles, which allowed eligibility with 40% marks if admitted via an entrance examination and that the university had accepted their fees and facilitated their admission without objections at the time. They contended that the cancellation was arbitrary, unconstitutional and detrimental to their academic careers, as they had completed a year of study in preparation for the examinations. Seeking relief, the students requested the quashing of the cancellation letters, permission to take their examinations and the issuance of admit cards. The matter is pending for final hearing and the case was last listed on May 01, 2014. The next date of hearing is not available.

Jurisdiction

Exclusive jurisdiction for the purpose of this Issue is with the competent courts/ authorities in Indore, Madhya Pradesh, India.

The Equity Shares have not been and will not be registered under the U.S Securities Act, 1933 or any state securities laws in the United States and may not be offered or sold within the United States, except pursuant to an exemption from or in a transaction not subject to, registration requirements of the Securities Act. Accordingly, the Equity Shares are only being offered or sold outside the United States in compliance with Regulation S under the U.S. Securities Act, 1933 and the applicable laws of the jurisdictions where those offers and sales occur.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold and applications may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

Joint Holders

Where 2 (two) or more persons are registered as the holders of any Equity Shares, they will be deemed to hold such Equity Shares as joint-holders with benefits of survivorship.

Nomination Facility to Investor

In accordance with Section 72 of the Companies Act, 2013 the sole or first applicant, along with other joint applicant, may nominate any one person in whom, in the event of the death of sole applicant or in case of joint applicant, death of all the applicants, as the case may be, the Equity Shares allotted, if any, shall vest. A person, being a nominee, entitled to the Equity Shares by reason of the death of the original holder(s), shall in accordance with Section 72 of the Companies Act, 2013 be entitled to the same advantages to which he or she would be entitled if he or she were the registered holder of the Equity Share(s). Where the nominee is a minor, the holder(s) may make a nomination to appoint, in the prescribed manner, any person to become entitled to Equity Share(s) in the event of his or her death during the minority. A nomination shall stand rescinded upon a sale of equity share(s) by the person nominating. A buyer will be entitled to make a fresh nomination in the manner prescribed. Fresh nomination can be made only on the prescribed form available on request at the Registered Office of our Company or to the Registrar and Transfer Agents of our Company.

SEBI through its UPI Circular No. SEBI/HO/CFD/DIL2/CIR/P/2018/138 dated November 1, 2018 read with its circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/50 dated April 3, 2019 and circular no. SEBI/HO/CFD/DIL2/CIR/P/2019/76 dated June 28, 2019, has introduced an alternate payment mechanism using Unified Payments Interface (UPI) and consequent reduction in timelines for listing in a phased manner. From January 1, 2019, the UPI Mechanism for individual investors who applies for minimum application size applying through Designated Intermediaries was made effective alongwith the existing process existing timeline of T+6 days (“UPI Phase I”). The UPI Phase I was effective till June 30, 2019.

Subsequently, for applications by individual investors who applies for minimum application size through Designated Intermediaries, the process of physical movement of forms from Designated Intermediaries to SCSBs for blocking of funds has been discontinued and only the UPI Mechanism with existing timeline of T+6 days is applicable for a period of three months or launch of five main board public issues, whichever is later (“UPI Phase II”), With effect from July 1, 2019, by SEBI circular (SEBI/HO/CFD/DIL2/CIR/P/2019/76) dated June 28, 2019, read with circular (SEBI/HO/CFD/DIL2/CIR/P/2019/85) dated July 26, 2019. Further, as per the SEBI circular (SEBI/HO/CFD/DCR2/CIR/P/2019/133) dated November 8, 2019, the UPI Phase II had been extended until March 31, 2020. However, due to the outbreak of COVID-19 pandemic, UPI Phase II has been further extended by SEBI until further notice, by its circular (SEBI/HO/CFD/DIL2/CIR/P/2020/50) dated March 30, 2020. Thereafter, the final reduced timeline of T+3 days may be made effective using the UPI Mechanism for applications by individual investors who applies for minimum application size (“UPI Phase III”), as may be prescribed by SEBI. Further, SEBI, vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2021/2480/1/M dated March 16, 2021 and circular no. SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021, has introduced certain additional measures for streamlining the process of initial public offers and redressing investor grievances. This circular is effective for initial public offers opening on/or after May 1, 2021, except as amended pursuant to SEBI circular SEBI/HO/CFD/DIL2/P/CIR/2021/570 dated June 2, 2021 and SEBI circular no. SEBI/HO/CFD/DIL2/CIR/P/2022/51 dated April 20, 2022 and the provisions of this circular are deemed to form part of this Prospectus. Furthermore, pursuant to SEBI circular no. SEBI/HO/CFD/DIL2/P/CIR/P/2022/45 dated April 5, 2022, all individual Investors in initial public offerings (opening on or after May 1, 2022) whose application sizes are up to ₹500,000 shall use the UPI Mechanism.

Furthermore, SEBI vide press release bearing number 12/2023 has approved the proposal for reducing the time period for listing of shares in public issue from existing 6 working days to 3 working days from the date of the closure of the issue. The revised timeline of T+3 days shall be made applicable in two phases i.e. voluntary for all public issues opening on or after September 1, 2023 and mandatory on or after December 1, 2023. Further, SEBI has vide its circular no. SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 reduced the time taken for listing of specified securities after the closure of a public issue to three Working Days. Accordingly, the Issue will be made under UPI Phase III on a mandatory basis, subject to any circulars, clarification or notification issued by the SEBI from time to time.

The list of Banks that have been notified by SEBI as Issuer Banks for UPI are provided on <https://www.sebi.gov.in/sebiweb/other/OtherAction.do?doRecognisedFpi=yes&intmId=40>. The list of Stockbrokers, Depository Participants (DP), Registrar to an Issue and Share Transfer Agent (RTA) that have been notified by SME Platform of BSE Limited (“BSE SME”) to act as intermediaries for submitting Application Forms are provided on www.bsesme.com For details on their designated branches for submitting Application Forms, please see the above-mentioned website of Platform of BSE Limited (“BSE SME”).

The BRLMs shall be the nodal entity for any Issues arising out of the public issuance process. In terms of Regulation 23(5) and Regulation 52 of SEBI ICDR Regulations, the timelines and processes mentioned in SEBI RTA Master Circular, shall continue to form part of the agreements being signed between the intermediaries involved in the public issuance process and lead managers shall continue to coordinate with intermediaries involved in the said process.

Please note that the information stated/covered in this section may not be complete and/or accurate and as such would be subject to modification/change. Our Company and Book Running Lead Manager do not accept any responsibility for the completeness and accuracy of the information stated in this section and the General Information Document. Bidders are advised to make their independent investigations and ensure that their application do not exceed the investment limits or maximum number of Equity Shares that can be held by them under applicable law or as specified in this Prospectus and the Prospectus.

Further, the Company and the BRLM are not liable for any adverse occurrence's consequent to the implementation of the UPI Mechanism for application in this Issue.

Phased implementation of Unified Payments Interface

SEBI has issued the "UPI Circulars" in relation to streamlining the process of public issue of inter alia, equity shares. Pursuant to the UPI Circulars, UPI mechanism has been introduced in a phased manner as a payment mechanism (in addition to mechanism of blocking funds in the account maintained with SCSBs under ASBA) for applications by individual investors who applies for minimum application size through Designated intermediaries with the objective to reduce the time duration from public issue closure to listing from six working days to up to three working days. Considering the time required for making necessary changes to the systems and to ensure complete and smooth transition to the UPI payment Mechanism, the UPI Circular have introduced the UPI Mechanism in three phases in the following manner:

Phase I: This phase was applicable from January 1, 2019 until March 31, 2019 or floating of five main board public issues, whichever is later. Subsequently, the timeline for implementation of Phase I was extended till June 30, 2019. Under this phase, a individual investors who applies for minimum application size had the option to submit the Application Form with any of designated intermediary and use his / her UPI ID for the purpose of blocking of funds. The time duration from public issue closure to listing continued to be six Working Days.

Phase II: This phase has become applicable from July 1, 2019. SEBI vide its circular no. SEBI/HO/CFD/DCR2/CIR/P/2019/133 dated November 8, 2019 had extended the timeline for implementation of UPI Phase II till March 31, 2020. Further, SEBI vide its circular no. SEBI/HO/CFD/DIL2/CIR/P/2020 dated March 30, 2020, decided to continue Phase II of Unified Payments Interface with Application Supported by Blocked Amount until further notice. Under this phase, submission of the ASBA Form by individual investors who applies for minimum application size through Designated Intermediaries (other than SCSBs) to SCSBs for blocking of funds will be discontinued and will be replaced by the UPI mechanism. However, the time duration from public issue closure to listing would continue to be six Working Days during this phase.

Phase III: This phase has become applicable on a voluntary basis for all issues opening on or after September 1, 2023 and on a mandatory basis for all issues opening on or after December 1, 2023, vide SEBI circular bearing number SEBI/HO/CFD/TPD1/CIR/P/2023/140 dated August 9, 2023 ("T+3 Notification"). In this phase, the time duration from public issue closure to listing has been reduced to three Working Days. The Issue shall be undertaken pursuant to the processes and procedures as notified in the T+3 Notification as applicable, subject to any circulars, clarification or notification issued by the SEBI from time to time, including any circular, clarification or notification which may be issued by SEBI.

The Issue is being made under Phase III of the UPI (on a mandatory basis).

All SCSBs offering facility of making application in public issues shall also provide facility to make application using the UPI Mechanism. The Issuers will be required to appoint one of the SCSBs as a sponsor bank to act as a conduit between the Stock Exchanges and NPCI in order to facilitate collection of requests and / or payment instructions of the individual investors who applies for minimum application size into the UPI mechanism.

For further details, refer to the General Information Document available on the websites of the Stock Exchanges and the Book Running Lead Manager.

BASIS OF ALLOCATION

- a) The SEBI (ICDR) Regulations specify the allocation or Allotment that may be made to various categories of Bidders in an Issue depending on compliance with the eligibility conditions. Certain details pertaining to the percentage of Issue size available for allocation to each category is disclosed overleaf of the Bid cum Application Form and in the Prospectus. For details in relation to allocation, the Bidder may refer to the Prospectus.

- b) Under-subscription in any category (except QIB Category) is allowed to be met with spill over from any other category or combination of categories at the discretion of the Issuer and in consultation with the BRLM and the Designated Stock Exchange and in accordance with the SEBI (ICDR) Regulations, Unsubscribed portion in QIB Category is not available for subscription to other categories.
- c) In case of under subscription in the issue, spill-over to the extent of such under- subscription may be permitted from the Reserved Portion to the Issue. For allocation in the event of an under-subscription applicable to the Issuer, Bidders may refer to the Prospectus.

ALLOTMENT PROCEDURE AND BASIS OF ALLOTMENT

The Allotment of Equity Shares to Bidders other than individual investors who applies for minimum application size and Anchor Investors may be on proportionate basis. For Basis of Allotment to Anchor Investors, Bidders may refer to Prospectus. No individual investors who applies for minimum application size will be Allotted less than the minimum Bid Lot subject to availability of shares in individual investors who applies for minimum application size Category and the remaining available shares, if any will be Allotted on a proportionate basis. The Issuer is required to receive a minimum subscription of 90% of the Issue. However, in case the Issue is in the nature of Offer for Sale only, then minimum subscription may not be applicable.

Flow of Events from the closure of Bidding period (T DAY) Till Allotment:

- On T Day, RTA to validate the electronic bid details with the depository records and also reconcile the final certificates received from the Sponsor Bank for UPI process and the SCSBs for ASBA and Syndicate ASBA process with the electronic bid details .
- RTA identifies cases with mismatch of account number as per bid file / FC and as per applicant's bank account linked to depository demat account and seek clarification from SCSB to identify the applications with third party account for rejection.
- Third party confirmation of applications to be completed by SCSBs on T+1 day.
- RTA prepares the list of final rejections and circulate the rejections list with BRLM(s)/ Company for their review/ comments.
- Post rejection, the RTA submits the basis of allotment with the Designated Stock Exchange (DSE).
- The DSE, post verification approves the basis and generates drawal of lots wherever applicable, through a random number generation software.
- The RTA uploads the drawal numbers in their system and generates the final list of allottees as per process mentioned below.

Process for generating list of Allottees: -

- Instruction is given by RTA in their Software System to reverse category wise all the application numbers in the ascending order and generate the bucket /batch as per the allotment ratio. For example, if the application number is 78654321 then system reverses it to 12345687 and if the ratio of allottees to applicants in a category is 2:7 then the system will create lots of 7. If the drawal of lots provided by Designated Stock Exchange (DSE) is 3 and 5 then the system will pick every 3rd and 5th application in each of the lot of the category and these applications will be allotted the shares in that category.
- In categories where there is proportionate allotment, the Registrar will prepare the proportionate working based on the oversubscription times.
- In categories where there is undersubscription, the Registrar will do full allotment for all valid applications.
- On the basis of the above, the RTA will work out the allottees, partial allottees and non- allottees, prepare the fund transfer letters and advice the SCSBs to debit or unblock the respective accounts.

MODIFICATION IN THE ALLOCATION TO THE NET ISSUE

The SEBI ICDR Regulation, 2018 read alongwith SEBI ICDR (Amendment) Regulations, 2025, permits the offer of securities to the public through the Book Building Process, which states that not less than 35% of the Net Offer shall be available for allocation to Individual Investors who applies for minimum application size. Not less than 15% of the Net Offer shall be available for allocation to Non-Institutional Investors of which one-third of the Non-Institutional Portion will be available for allocation to Bidders with an application size of more than two lots and up to such lots as equivalent to not more than ₹ 10.00 Lakhs and two-thirds of the Non-Institutional Portion will be available for allocation to Bidders with an application size of more than ₹ 10.00 Lakhs and under-subscription in either of these two sub-categories of Non-Institutional Portion may be allocated to Bidders in the other sub-category of Non-Institutional Portion. Subject to the availability of Equity Shares in the Non – Institutional investors category, the allotment to each Non-Institutional Investors shall not be less than the minimum application size in Non-Institutional Category and the remaining available Equity Shares, if any, shall be allocated on a proportionate basis in accordance with the conditions specified in

this regard in Schedule XIII of the SEBI (ICDR) (Amendment) Regulations, 2025. Not more than 50% of the Net Offer shall be allotted to QIBs, subject to valid Bids being received at or above the Offer Price.

BASIS OF ALLOTMENT

a. For individual investors who applies for minimum application size

Bids received from the individual investors who applies for minimum application size at or above the Issue Price shall be grouped together to determine the total demand under this category. The Allotment to all the successful individual investors who applies for minimum application size will be made at the Issue Price.

The Issue size less Allotment to Non-Institutional and QIB Bidders shall be available for Allotment to individual investors who applies for minimum application size who have Bid in the Issue at a price that is equal to or greater than the Issue Price. If the aggregate demand in this category is less than or equal to 8,32,000 Equity Shares at or above the Issue Price, full Allotment shall be made to the individual investors who applies for minimum application size to the extent of their valid Bids.

If the aggregate demand in this category is greater than 8,32,000 Equity Shares at or above the Issue Price, the Allotment shall be made on a proportionate basis up to a minimum of 2000 Equity Shares and in multiples of 1000 Equity Shares thereafter. For the method of proportionate Basis of Allotment, refer below.

b. For Non-Institutional Bidders

Bids received from Non-Institutional Bidders at or above the Issue Price shall be grouped together to determine the total demand under this category. The Allotment to all successful Non- Institutional Bidders will be made at the Issue Price.

The Issue size less Allotment to QIBs and individual investors who applies for minimum application size shall be available for Allotment to Non- Institutional Bidders who have Bid in the Issue at a price that is equal to or greater than the Issue Price. If the aggregate demand in this category is less than or equal to 3,60,000 Equity Shares at or above the Issue Price, full Allotment shall be made to Non-Institutional Bidders to the extent of their demand.

In case the aggregate demand in this category is greater than 3,60,000 Equity Shares at or above the Issue Price, Allotment shall be made on a proportionate basis up to a minimum of 2000 Equity Shares and in multiples of 1000 Equity Shares thereafter.

The Allocation to non-institutional investors' category shall be as follows:-

(a) one third of the portion available to non-institutional investors shall be reserved for applicants with application size of more than two lots and up to such lots equivalent to not more than ₹10 lakhs;

(b) two third of the portion available to non-institutional investors shall be reserved for applicants with application size of more than ₹10 lakhs:

Provided that the unsubscribed portion in either of the sub-categories specified in clauses (a) or (b), may be allocated to applicants in the other sub-category of non-institutional investors."

For the method of proportionate Basis of Allotment refer below.

c. For QIBs

Not more than 50% of the Net Issue shall be allocated on a proportionate basis to QIBs, provided that our Company may, in consultation with the Book Running Lead Manager, allocate up to 60% of the QIB Portion to Anchor Investors on a discretionary basis in accordance with the SEBI ICDR Regulations, of which one-third shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the Anchor Investor Allocation Price.

In the event of under-subscription, or non-allotment in the Anchor Investor Portion, the balance Equity Shares shall be added to the Net QIB Portion. Further, 5% of the Net QIB Portion shall be available for allocation on a proportionate basis only to Mutual Funds, and the remainder of the Net QIB Portion shall be available for allocation on a proportionate basis to all QIBs (other than Anchor Investors), including Mutual Funds, subject to valid Bids being received at or above the Offer Price.

Bids received from QIBs Bidding in the QIB Category (net of Anchor Portion) at or above the Issue Price may be grouped together to determine the total demand under this category. The QIB Category may be available for Allotment to QIBs who have Bid at a price that is equal to or greater than the Issue Price. Allotment may be undertaken in the following manner: Allotment shall be undertaken in the following manner:

- a) In the first instance allocation to Mutual Funds for 5% of the Net QIB Portion shall be determined as follows:
- In the event that Bids by Mutual Fund exceeds 5% of the Net QIB Portion, allocation to Mutual Funds shall be done on a proportionate basis for 5% of the QIB Portion.
 - In the event that the aggregate demand from Mutual Funds is less than 5% of the Net QIB Portion then all Mutual Funds shall get full Allotment to the extent of valid Bids received above the Issue Price.
 - Equity Shares remaining unsubscribed, if any, not allocated to Mutual Funds shall be available for Allotment to all QIB Bidders (other than Anchor Investors), including Mutual Funds, subject to valid Bids being received at or above the Issue Price;

d. ALLOTMENT TO ANCHOR INVESTOR (IF APPLICABLE)

a) Allocation of Equity Shares to Anchor Investors at the Anchor Investor Allocation Price will be at the discretion of the Issuer, in consultation with the BRLM, subject to compliance with the following requirements:

- i) not more than 60% of the QIB Portion will be allocated to Anchor Investors;
- ii) one-third of the Anchor Investor Portion shall be reserved for domestic Mutual Funds, subject to valid Bids being received from domestic Mutual Funds at or above the price at which allocation is being done to other Anchor Investors; and
- iii) allocation to Anchor Investors shall be on a discretionary basis and subject to:
 - a maximum number of two Anchor Investors for allocation up to ₹ 2 crores;
 - a minimum number of two Anchor Investors and maximum number of 15 Anchor Investors for allocation of more than ₹ 2 crores and up to ₹ 25 crores subject to minimum allotment of ₹ 1 crores per such Anchor Investor; and
 - in case of allocation above twenty five crore rupees; a minimum of 5 such investors and a maximum of 15 such investors for allocation up to twenty five crore rupees and an additional 10 such investors for every additional twenty five crore rupees or part thereof, shall be permitted, subject to a minimum allotment of one crore rupees per such investor.
- b) A physical book is prepared by the Registrar on the basis of the Anchor Investor Application Forms received from Anchor Investors. Based on the physical book and at the discretion of the Issuer, in consultation with the BRLM, selected Anchor Investors will be sent a CAN and if required, a revised CAN.
- c) 50% of the Equity Shares Allotted to the Anchor Investors in the Anchor Investor Portion shall be locked in for a period of 90 days from the date of Allotment, while the remaining 50% of the Equity Shares Allotted to Anchor Investors in the Anchor Investor Portion shall be locked in for a period of 30 days from the date of Allotment.
- d) In the event that the Offer Price is higher than the Anchor Investor Allocation Price:

Anchor Investors will be sent a revised CAN within one day of the Pricing Date indicating the number of Equity Shares allocated to such Anchor Investor and the pay-in date for payment of the balance amount. Anchor Investors are then required to pay any additional amounts, being the difference between the Offer Price and the Anchor Investor Allocation Price, as indicated in the revised CAN within the pay-in date referred to in the revised CAN. Thereafter, the Allotment Advice will be issued to such Anchor Investors

- e) In the event the Offer Price is lower than the Anchor Investor Allocation Price:

Anchor Investors who have been Allotted Equity Shares will directly receive Allotment Advice.

- f) Basis of Allotment for QIBs (other than Anchor Investors) and NIIs in case of Over Subscribed Offer:

In the event of the Offer being Over-Subscribed, the Issuer may finalise the Basis of Allotment in consultation with the BSE SME (The Designated Stock Exchange). The allocation may be made in marketable lots on proportionate basis as set forth hereunder:

- a) The total number of Shares to be allocated to each category as a whole shall be arrived at on a proportionate basis i.e. the total number of Shares applied for in that category multiplied by the inverse of the oversubscription ratio (number of Bidders in the category multiplied by number of Shares applied for).

b) The number of Shares to be allocated to the successful Bidders will be arrived at on a proportionate basis in marketable lots (i.e. Total number of Shares applied for into the inverse of the over subscription ratio).

c) For Bids where the proportionate allotment works out to less than 4,74,000 equity shares the allotment will be made as follows:

- Each successful Bidder shall be allotted 3000 equity shares; and
- The successful Bidder out of the total bidders for that category shall be determined by draw of lots in such a manner that the total number of Shares allotted in that category is equal to the number of Shares worked out as per (b) above.

d) If the proportionate allotment to a Bidder works out to a number that is not a multiple of 1000 equity shares, the Bidder would be allotted Shares by rounding off to the nearest multiple of 1000 equity shares subject to a minimum allotment of 1000 equity shares.

e) If the Shares allotted on a proportionate basis to any category is more than the Shares allotted to the Bidders in that category, the balance available Shares or allocation shall be first adjusted against any category, where the allotted Shares are not sufficient for proportionate allotment to the successful Bidder in that category, the balance Shares, if any, remaining after such adjustment will be added to the category comprising Bidder applying for the minimum number of Shares. If as a result of the process of rounding off to the nearest multiple of 1000 Equity Shares, results in the actual allotment being higher than the shares offered, the final allotment may be higher at the sole discretion of the Board of Directors, up to 110% of the size of the Offer specified under the Capital Structure mentioned in this Prospectus.

Individual investors who applies for minimum application size means an investor who applies for two lots. Investors may note that in case of over subscription allotment shall be on proportionate basis and will be finalized in consultation with BSE.

The Executive Director/ Managing Director of BSE - the Designated Stock Exchange in addition to Book Running Lead Manager and Registrar to the Public Offer shall be responsible to ensure that the basis of allotment is finalized in a fair and proper manner in accordance with the SEBI (ICDR) Regulations.

RESTRICTIONS ON FOREIGN OWNERSHIP OF INDIAN SECURITIES

Foreign investment in Indian securities is regulated through the Industrial Policy, 1991 of the Government of India and Foreign Exchange Management Act, 1999 ("FEMA"). While the Industrial Policy, 1991 prescribes the limits and the conditions subject to which foreign investment can be made in different sectors of the Indian economy, FEMA regulates the precise manner in which such investment may be made. Under the Industrial Policy, unless specifically restricted, foreign investment is freely permitted in all sectors of Indian economy up to any extent and without any prior approvals, but the foreign investor is required to follow certain prescribed procedures for making such investment. The government bodies responsible for granting foreign investment approvals are the Reserve Bank of India ("RBI") and Department of Industrial Policy and Promotion, Ministry of Commerce and Industry, Government of India ("DIPP").

The Government of India has from time to time made policy pronouncements on FDI through press notes and press releases. The DPIIT issued the Consolidated Foreign Direct Investment Policy notified by the DPIIT File No. 5(2)/2020-FDI Policy dated October 15, 2020, with effect from October 15, 2020 (the "FDI Policy"), which consolidates and supersedes all previous press notes, press releases and clarifications on FDI issued by the DPIIT or the DPIIT that were in force and effect prior to October 15, 2020. The Government of India proposes to update the consolidated circular on FDI Policy once every year and therefore, the FDI Policy will be valid until the DPIIT issues an updated circular.

In terms of the FEMA NDI Rules, a person resident outside India may make investments into India, subject to certain terms and conditions and provided that an entity of a country, which shares land border with India or the beneficial owner of an investment into India who is situated in or is a citizen of any such country, shall invest only with government approval.

The transfer of shares between an Indian resident and a non-resident does not require the prior approval of the RBI, provided that (i) the activities of the investee company are under the automatic route under the foreign direct investment policy and transfer does not attract the provisions of the Takeover Regulations; (ii) the non-resident shareholding is within the sectoral limits under the FDI policy; and (iii) the pricing is in accordance with the guidelines prescribed by the SEBI / RBI.

Further, in accordance with Press Note No. 3 (2020 Series), dated April 17, 2020 issued by the DPIIT and the Foreign Exchange Management (Non-debt Instruments) Amendment Rules, 2020 which came into effect from April 22, 2020, any investment, subscription, purchase or sale of equity instruments by entities of a country which shares land border with India or where the beneficial owner of an investment into India is situated in or is a citizen of any such country ("Restricted Investors"), will require prior approval of the Government, as prescribed in the Consolidated FDI Policy and the FEMA Rules. Further, in the event of transfer of ownership of any existing or future foreign direct investment in an entity in India, directly or indirectly, resulting in the beneficial ownership falling within the aforesaid restriction/ purview, such subsequent change in the beneficial ownership will also require approval of the Government. Furthermore, on April 22, 2020, the Ministry of Finance, Government of India has also made a similar amendment to the FEMA Rules. Pursuant to the Foreign Exchange Management (Non-debt Instruments) (Fourth Amendment) Rules, 2020, a multilateral bank or fund, of which India is a member, shall not be treated as an entity of a particular country nor shall any country be treated as the beneficial owner of the investments of such bank or fund in India. Each Bidder should seek independent legal advice about its ability to participate in the Issue. In the event such prior approval of the Government of India is required and such approval has been obtained, the Bidder shall intimate our Company and the Registrar to the Issue in writing about such approval along with a copy thereof within the Issue Period.

As per the existing policy of the Government of India, OCBs cannot participate in this Issue and in accordance with the extant FDI guidelines on sectoral caps, pricing guidelines etc. as amended by Reserve bank of India, from time to time. Investors are advised to confirm their eligibility under the relevant laws before investing and / or subsequent purchase or sale transaction in the Equity Shares of our Company. Investors will not Issue, sell, pledge or transfer the Equity Shares of our Company to any person who is not eligible under applicable laws, rules, regulations, guidelines. Our Company, the Underwriters and their respective directors, officers, agents, affiliates and representatives, as applicable, accept no responsibility or liability for advising any investor on whether such investor is eligible to acquire Equity Shares of our Company.

Investment conditions/restrictions for overseas entities

Under the current FDI Policy 2020, the maximum amount of Investment (sectoral cap) by foreign investor in an issuing entity is composite unless it is explicitly provided otherwise including all types of foreign investments, direct and indirect, regardless of whether it has been made for FDI, FPI, NRI/OCI, LLPs, FVCI, Investment Vehicles and DRs under Foreign Exchange Management. (Non-debt Instruments) Rules, 2019. Any equity holding by a person resident outside India resulting from conversion of any debt instrument under any arrangement shall be reckoned as foreign investment under the composite cap.

Portfolio Investment upto aggregate foreign investment level of 49% or sectoral/statutory cap, whichever is lower, will not be subject to either Government approval or compliance of sectoral conditions, if such investment does not result in transfer of ownership and/or control of Indian entities from resident Indian citizens to non-resident entities. Other foreign investments will be subject to conditions of Government approval and compliance of sectoral conditions as per FDI Policy. The total foreign investment, direct and indirect, in the issuing entity will not exceed the sectoral/statutory cap.

Investment by FPIs under Portfolio Investment Scheme (PIS)

With regards to purchase/sale of capital instruments of an Indian company by an FPI under PIS the total holding by each FPI or an investor group as referred in SEBI (FPI) Regulations, 2014 shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or less than 10% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all FPIs put together shall not exceed 24% of paid-up equity capital on fully diluted basis or paidup value of each series of debentures or preference shares or share warrants. The said limit of 10% and 24% will be called the individual and aggregate limit, respectively. However, this limit of 24 % may be increased up to sectoral cap/statutory ceiling, as applicable, by the Indian company concerned by passing a resolution by its Board of Directors followed by passing of a special resolution to that effect by its general body.

Investment by NRI or OCI on repatriation basis:

The purchase/sale of equity shares, debentures, preference shares and share warrants issued by an Indian company (hereinafter referred to as "Capital Instruments") of a listed Indian company on a recognised stock exchange in India by Non-Resident Indian (NRI) or Overseas Citizen of India (OCI) on repatriation basis is allowed subject to certain conditions under Foreign Exchange Management (Non-debt Instruments) Rules, 2019.

The total holding by any individual NRI or OCI shall not exceed 5% of the total paid-up equity capital on a fully diluted basis or should not exceed 5% of the paid-up value of each series of debentures or preference shares or share warrants issued by an Indian company and the total holdings of all NRIs and OCIs put together shall not exceed 10% of the total paid-up equity capital on a fully diluted basis or shall not exceed 10% of the paid-up value of each series of debentures or preference shares or share warrants; provided that the aggregate ceiling of 10% may be raised to 24% if a special resolution to that effect is passed by the general body of the Indian company.

Investment by NRI or OCI on non-repatriation basis

As per current FDI Policy 2020, Foreign Exchange Management (Non-debt Instruments) Rules, 2019, Purchase/ sale of Capital Instruments or convertible notes or units or contribution to the capital of an LLP by a NRI or OCI on non- repatriation basis – will be deemed to be domestic investment at par with the investment made by residents. This is further subject to remittance channel restrictions.

The Equity Shares have not been and will not be registered under the U.S. Securities Act of 1933, as amended ("US Securities Act") or any other state securities laws in the United States of America and may not be sold or offered within the United States of America, or to, or for the account or benefit of "US Persons" as defined in Regulation S of the U.S. Securities Act, except pursuant to exemption from, or in a transaction not subject to, the registration requirements of US Securities Act and applicable state securities laws.

Accordingly, the equity shares are being offered and sold only outside the United States of America in an offshore transaction in reliance upon Regulation S under the US Securities Act and the applicable laws of the jurisdiction where those offers and sale occur.

Further, no issue to the public (as defined under Directive 2003/71/EC, together with any amendments) and implementing measures thereto, (the "Prospectus Directive") has been or will be made in respect of the issue in any member State of the European Economic Area which has implemented the Prospectus Directive except for any such issue made under exemptions available under the Prospectus Directive, provided that no such Issue shall result in a requirement to publish or supplement a prospectus pursuant to the Prospectus Directive, in respect of the Issue.

Any forwarding, distribution or reproduction of this document in whole or in part may be unauthorised. Failure to comply with this directive may result in a violation of the Securities Act or the applicable laws of other jurisdictions. Any investment decision should be made on the basis of the final terms and conditions and the information contained in this Prospectus.

The Equity Shares have not been and will not be registered, listed or otherwise qualified in any other jurisdiction outside India and may not be offered or sold and Application may not be made by persons in any such jurisdiction, except in compliance with the applicable laws of such jurisdiction.

The above information is given for the benefit of the Applicants. Our Company and the Book Running Lead Manager are not liable for any amendments or modification or changes in applicable laws or regulations, which may occur after the date of this Prospectus. Applicants are advised to make their independent investigations and ensure that the Applications are not in violation of laws or regulations applicable to them and do not exceed the applicable limits under the laws and regulations.

(ii) The provisions of Articles (2) and (3) shall mutatis mutandis apply to debentures of the company.

4. Except as required by law, no person shall be recognized by the company as holding any share upon any trust, and the company shall not be bound by, or be compelled in any way to recognize (even when having notice thereof) any equitable, contingent, future or partial interest in any share, or any interest in any fractional part of a share, or (except only as by these regulations or by law otherwise provided) any other rights in respect of any share except an absolute right to the entirety thereof in the registered holder.

5. (i) The company may exercise the powers of paying commissions conferred by sub-section (6) of section 40, provided that the rate per cent or the amount of the commission paid or agreed to be paid shall be disclosed in the manner required by that section and rules made there under.

(ii) The rate or amount of the commission shall not exceed the rate or amount prescribed in rules made under sub-section (6) of section 40.

(iii) The commission may be satisfied by the payment of cash or the allotment of fully or partly paid shares or partly in the one way and partly in the other.

6. (i) If at any time the share capital is divided into different classes of shares, the rights attached to any class (unless otherwise provided by the terms of issue of the shares of that class) may, subject to the provisions of section 48, and whether or not the company is being wound up, be varied with the consent in writing of the holders of three-fourths of the issued shares of that class, or with the sanction of a special resolution passed at a separate meeting of the holders of the shares of that class.

(ii) To every such separate meeting, the provisions of these regulations relating to general meetings shall mutatis mutandis apply, but so that the necessary quorum shall be at least two persons holding at least one-third of the issued shares of the class in question.

7. The rights conferred upon the holders of the shares of any class issued with preferred or other rights shall not, unless otherwise expressly provided by the terms of issue of the shares of that class, be deemed to be varied by the creation or issue of further shares ranking paripassu therewith.

8. Subject to the provisions of section 55, any preference shares may, with the sanction of an ordinary resolution, be issued on the terms that they are to be redeemed on such terms and in such manner as the company before the issue of the shares may, by special resolution, determine.

Lien

9. (i) The company shall have a first and paramount lien --

(a) on every share (not being a fully paid share), for all monies (whether presently payable or not) called, or payable at a fixed time, in respect of that share; and

(b) on all shares (not being fully paid shares) standing registered in the name of a single person, for all monies presently payable by him or his estate to the company;

Provided that the Board of directors may at any time declare any share to be wholly or in part exempt from the provisions of this clause.

(ii) The company's lien, if any, on a share shall extend to all dividends payable and bonuses declared from time to time in respect of such shares.

(c) Fully paid up shares shall be free from all lien and that in the case of partly paid shares the Issuer's lien shall be restricted to moneys called or payable at a fixed time in respect of such shares.

10. The company may sell, in such manner as the Board thinks fit, any shares on which the company has a lien:

Provided that no sale shall be made --

(a) Unless a sum in respect of which the lien exists is presently payable; or

(b) a notice in writing stating and demanding payment of such part of the amount in respect of which the lien exists as is presently payable, has been given to the registered holder for the time being of the share or the person entitled thereto by reason of his death or insolvency.

11. (i) To give effect to any such sale, the Board may authorize some person to transfer the shares sold to the purchaser thereof

(ii) The purchaser shall be registered as the holder of the shares comprised in any such transfer.

(iii) The purchaser shall not be bound to see to the application of the purchase money, nor shall his title to the shares be affected by any irregularity or invalidity in the proceedings in reference to the sale.

12. (i) The proceeds of the sale shall be received by the company and applied in payment of such part of the amount in respect of which the lien exists as is presently payable.

(ii) The residue, if any, shall, subject to a like lien for sums not presently payable as existed upon the shares before the sale, be paid to the person entitled to the shares at the date of the sale.

Calls on shares

13. (i) The Board may, from time to time, make calls upon the members in respect of any monies unpaid on their shares (whether on account of the nominal value of the shares or by way of premium) and not by the conditions of allotment thereof made payable at fixed times:

Provided that no call shall exceed one-fourth of the nominal value of the share or be payable at less than one month from the date fixed for the payment of the last preceding call.

(ii) Each member shall, subject to receiving at least fourteen days' notice specifying the time or times and place of payment, pay to the company, at the time or times and place so specified, the amount called on his shares.

(iii) A call may be revoked or postponed at the discretion of the Board.

(iv) The option or right to call of shares shall not be given to any person except with the sanction of the Issuer in general meetings

14. A call shall be deemed to have been made at the time when the resolution of the Board authorizing the call was passed and may be required to be paid by installments.

15. The joint holders of a share shall be jointly and severally liable to pay all calls in respect thereof.

16. (i) If a sum called in respect of a share is not paid before or on the day appointed for payment thereof, the person from whom the sum is due shall pay interest thereon from the day appointed for payment thereof to the time of actual payment at ten per cent per annum or at such lower rate, if any, as the Board may determine.

(ii) The Board shall be at liberty to waive payment of any such interest wholly or in part.

17. (i) Any sum which by the terms of issue of a share becomes payable on allotment or at any fixed date, whether on account of the nominal value of the share or by way of premium, shall, for the purposes of these regulations, be deemed to be a call duly made and payable on the date on which by the terms of issue such sum becomes payable.

(ii) In case of non-payment of such sum, all the relevant provisions of these regulations as to payment of interest and expenses, forfeiture or otherwise shall apply as if such sum had become payable by virtue of a call duly made and notified.

18. The Board –

(a) may, if it thinks fit, receive from any member willing to advance the same, all or any part of the monies uncalled and unpaid upon any shares held by him; and

(b) upon all or any of the monies so advanced, may (until the same would, but for such advance, become presently payable) pay interest at such rate not exceeding, unless the company in general meeting shall otherwise direct, twelve per cent per annum, as may be agreed upon between the Board and the member paying the sum in advance.

Transfer of shares

19. (i) The instrument of transfer of any share in the company shall be executed by or on behalf of both the transferor and transferee.

(ii) The transferor shall be deemed to remain a holder of the share until the name of the transferee is entered in the register of members in respect thereof.

(iii) A common form of transfer shall be used in case of transfer of Shares, in accordance with the Act and Rules and the Securities Contracts (Regulation) Rules, 1957.

(iv) Registration of transfer shall not be refused on the ground of the transferor being either alone or jointly with any other person or persons indebted to the Issuer on any account whatsoever;

20. The Board may, subject to the right of appeal conferred by section 58 decline to register --

- (a) the transfer of a share, not being a fully paid share, to a person of whom they do not approve; or
- (b) any transfer of shares on which the company has a lien.

21. The Board may decline to recognize any instrument of transfer unless --

- (a) the instrument of transfer is in the form as prescribed in rules made under sub-section (1) of section 56;
- (b) the instrument of transfer is accompanied by the certificate of the shares to which it relates, and such other evidence as the Board may reasonably require to show the right of the transferor to make the transfer; and
- (c) the instrument of transfer is in respect of only one class of shares.

22. On giving not less than seven days' previous notice in accordance with section 91 and rules made there under, the registration of transfers may be suspended at such times and for such periods as the Board may from time to time determine:

Provided that such registration shall not be suspended for more than thirty days at any one time or for more than forty-five days in the aggregate in any year.

Transmission of shares

23. (i) On the death of a member, the survivor or survivors where the member was a joint holder, and his nominee or nominees or legal representatives where he was a sole holder, shall be the only persons recognized by the company as having any title to his interest in the shares.

(ii) Nothing in clause (i) shall release the estate of a deceased joint holder from any liability in respect of any share which had been jointly held by him with other persons.

24. (i) Any person becoming entitled to a share in consequence of the death or insolvency of a member may, upon such evidence being produced as may from time to time properly be required by the Board and subject as hereinafter provided, elect, either --

- (a) to be registered himself as holder of the share; or
- (b) to make such transfer of the share as the deceased or insolvent member could have made.

(ii) The Board shall, in either case, have the same right to decline or suspend registration as it would have had, if the deceased or insolvent member had transferred the share before his death or insolvency.

25. (i) If the person so becoming entitled shall elect to be registered as holder of the share himself, he shall deliver or send to the company a notice in writing signed by him stating that he so elects.

(ii) If the person aforesaid shall elect to transfer the share, he shall testify his election by executing a transfer of the share.

(iii) All the limitations, restrictions and provisions of these regulations relating to the right to transfer and the registration of transfers of shares shall be applicable to any such notice or transfer as aforesaid as if the death or insolvency of the member had not occurred and the notice or transfer were a transfer signed by that member.

26. A person becoming entitled to a share by reason of the death or insolvency of the holder shall be entitled to the same dividends and other advantages to which he would be entitled if he were the registered holder of the share, except that he shall not, before being registered as a member in respect of the share, be entitled in respect of it to exercise any right conferred by membership in relation to meetings of the company:

Provided that the Board may, at any time, give notice requiring any such person to elect either to be registered himself or to transfer the share, and if the notice is not complied with within ninety days, the Board may thereafter withhold payment of all dividends, bonuses or other monies payable in respect of the share, until the requirements of the notice have been complied with.

27. In case of a One Person Company on the death of the sole member the person nominated by such member shall be the person recognized by the company as having title to all the shares of the member the nominee on becoming entitled to such shares in case of the members death shall be informed of such event by the Board of the company such nominee shall be entitled to the same dividends and other rights and liabilities to which such sole member of the company was entitled or liable on becoming member such nominee shall nominate any other person with the prior written consent of such person who shall in the event of the death of the member become the member of the company.

Forfeiture of shares

28. If a member fails to pay any call, or installment of a call, on the day appointed for payment thereof, the Board may, at any time thereafter during such time as any part of the call or installment remains unpaid, serve a notice on him requiring payment of so much of the call or installment as is unpaid, together with any interest which may have accrued.

29. The notice aforesaid shall --

- (a) name a further day (not being earlier than the expiry of fourteen days from the date of service of the notice) on or before which the payment required by the notice is to be made; and
- (b) state that, in the event of non-payment on or before the day so named, the shares in respect of which the call was made shall be liable to be forfeited.

30. If the requirements of any such notice as aforesaid are not complied with, any share in respect of which the notice has been given may, at any time thereafter, before the payment required by the notice has been made, be forfeited by a resolution of the Board to that effect.

31. (i) A forfeited share may be sold or otherwise disposed of on such terms and in such manner as the Board thinks fit.

(ii) At any time before a sale or disposal as aforesaid, the Board may cancel the forfeiture on such terms as it thinks fit.

32. (i) A person whose shares have been forfeited shall cease to be a member in respect of the forfeited shares, but shall, notwithstanding the forfeiture, remain liable to pay to the company all monies which, at the date of forfeiture, were presently payable by him to the company in respect of the shares.

(ii) The liability of such person shall cease if and when the company shall have received payment in full of all such monies in respect of the shares.

33. (i) A duly verified declaration in writing that the declarant is a director, the manager or the secretary, of the company, and that a share in the company has been duly forfeited on a date stated in the declaration, shall be conclusive evidence of the facts therein stated as against all persons claiming to be entitled to the share;

(ii) The company may receive the consideration, if any, given for the share on any sale or disposal thereof and may execute a transfer of the share in favour of the person to whom the share is sold or disposed of;

(iii) The transferee shall thereupon be registered as the holder of the share; and

(iv) The transferee shall not be bound to see to the application of the purchase money, if any, nor shall his title to the share be affected by any irregularity or invalidity in the proceedings in reference to the forfeiture, sale or disposal of the share.

34. The provisions of these regulations as to forfeiture shall apply in the case of nonpayment of any sum which, by the terms of issue of a share, becomes payable at a fixed time, whether on account of the nominal value of the share or by way of premium, as if the same had been payable by virtue of a call duly made and notified. There shall be no forfeiture of unclaimed dividends before the claim becomes barred by law.

Alteration of capital

35. The company may, from time to time, by ordinary resolution increase the share capital by such sum, to be divided into shares of such amount, as may be specified in the resolution.

36. Subject to the provisions of section 61, the company may, by ordinary resolution, --

- (a) Consolidate and divide all or any of its share capital into shares of larger amount than its existing shares;
- (b) Convert all or any of its fully paid-up shares into stock, and reconvert that stock into fully paid-up shares of any denomination;
- (c) Sub-divide its existing shares or any of them into shares of smaller amount than is fixed by the memorandum;
- (d) Cancel any shares which, at the date of the passing of the resolution, have not been taken or agreed to be taken by any person.

37. Where shares are converted into stock, -

(a) the holders of stock may transfer the same or any part thereof in the same manner as, and subject to the same regulations under which, the shares from which the stock arose might before the conversion have been transferred, or as near thereto as circumstances admit:

Provided that the Board may, from time to time, fix the minimum amount of stock transferable, so, however, that such minimum shall not exceed the nominal amount of the shares from which the stock arose.

(b) the holders of stock shall, according to the amount of stock held by them, have the same rights, privileges and advantages as regards dividends, voting at meetings of the company, and other matters, as if they held the shares from which the stock arose; but no such privilege or advantage (except participation in the dividends and profits of the company and in the assets on winding up) shall be conferred by an amount of stock which would not, if existing in shares, have conferred that privilege or advantage.

(c) such of the regulations of the company as are applicable to paid-up shares shall apply to stock and the words "share" and "shareholder" in those regulations shall include "stock" and "stock-holder" respectively.

38. The company may, by special resolution, reduce in any manner and with, and subject to, any incident authorized and consent required by law, --

- (a) Its share capital;
- (b) Any capital redemption reserve account; or
- (c) Any share premium account.

Capitalization of profits

39.(i) The Company in general meeting may, upon the recommendation of the Board, resolve --

- (a) that it is desirable to capitalise any part of the amount for the time being standing to the credit of any of the company's reserve accounts, or to the credit of the, profit and loss account, or otherwise available for distribution; and
- (b) That such sum be accordingly set free for distribution in the manner specified in clause (ii) amongst the members who would have been entitled thereto, if distributed by way of dividend and in the same proportions.

(ii) The sum aforesaid shall not be paid in cash but shall be applied, subject to the provision contained in clause (iii), either in or towards --

- (A) paying up any amounts for the time being unpaid on any shares held by such members respectively;
- (B) paying up in full, unissued shares of the company to be allotted and distributed, credited as fully paid-up, to and amongst such members in the proportions aforesaid;
- (C) Partly in the way specified in sub-clause (A) and partly in that specified in sub-clause (B);
- (D) A securities premium account and a capital redemption reserve account may, for the purposes of this regulation, be applied in the paying up of unissued shares to be issued to members of the company as fully paid bonus shares;
- (E) The Board shall give effect to the resolution passed by the company in pursuance of this regulation.

40. (i) Whenever such a resolution as aforesaid shall have been passed, the Board shall -

- (a) Make all appropriations and applications of the undivided profits resolved to be capitalized thereby, and all allotments and issues of fully paid shares if any; and
- (b) Generally, do all acts and things required to give effect thereto.

(ii) The Board shall have power --

- (a) to make such provisions, by the issue of fractional certificates or by payment in cash or otherwise as it thinks fit, for the case of shares becoming distributable in fractions; and
- (b) to authorize any person to enter, on behalf of all the members entitled thereto, into an agreement with the company providing for the allotment to them respectively, credited as fully paid-up, of any further shares to which they may be entitled upon such capitalization, or as the case may require, for the payment by the company on their behalf, by the application thereto of their respective proportions of profits resolved to be capitalized, of the amount or any part of the amounts remaining unpaid on their existing shares;

(iii) Any agreement made under such authority shall be effective and binding on such members.

Buy-back of shares

41. Notwithstanding anything contained in these articles but subject to the provisions of sections 68 to 70 and any other applicable provision of the Act or any other law for the time being in force, the company may purchase its own shares or other specified securities.

General meetings

42. All general meetings other than annual general meeting shall be called extraordinary general meeting.

43. (i) The Board may, whenever it thinks fit, call an extraordinary general meeting.

(ii) If at any time directors capable of acting who are sufficient in number to form a quorum are not within India, any director or any two members of the company may call an extraordinary general meeting in the same manner, as nearly as possible, as that in which such a meeting may be called by the Board.

Proceedings at general meetings

(a) Voting at a general meeting may be undertaken by show of hands, poll or proxy and/ or in any other the manner prescribed under the Act.

(b) on a show of hands every member present in person shall have one vote.

(c) on a poll, the voting rights of members shall be in proportion to his share in the paid-up equity share capital of the company.

51. A member may exercise his vote at a meeting by electronic means in accordance with section 108 and shall vote only once.

52. (i) In the case of joint holders, the vote of the senior who tenders a vote, whether in person or by proxy, shall be accepted to the exclusion of the votes of the other joint holders.

(ii) For this purpose, seniority shall be determined by the order in which the names stand in the register of members.

53. A member of unsound mind, or in respect of whom an order has been made by any court having jurisdiction in lunacy, may vote, whether on a show of hands or on a poll, by his committee or other legal guardian, and any such committee or guardian may, on a poll, vote by proxy.

54. Any business other than that upon which a poll has been demanded may be preceded with, pending the taking of the poll.

55. No member shall be entitled to vote at any general meeting unless all calls or other sums presently payable by him in respect of shares in the company have been paid

56. (i) No objection shall be raised to the qualification of any voter except at the meeting or adjourned meeting at which the vote objected to is given or tendered, and every vote not disallowed at such meeting shall be valid for all purposes.

(ii) Any such objection made in due time shall be referred to the Chairperson of the meeting, whose decision shall be final and conclusive.

Proxy

57. The instrument appointing a proxy and the power-of-attorney or other authority, if any, under which it is signed or a notarized copy of that power or authority, shall be deposited at the registered office of the company not less than 48 hours before the time for

holding the meeting or adjourned meeting at which the person named in the instrument proposes to vote, or, in the case of a poll, not less than 24 hours before the time appointed for the taking of the poll; and in default the instrument of proxy shall not be treated as valid.

58. An instrument appointing a proxy shall be in the form as prescribed in the rules made under section 105 of the Act

59. A vote given in accordance with the terms of an instrument of proxy shall be valid, notwithstanding the previous death or insanity of the principal or the revocation of the proxy or of the authority under which the proxy was executed, or the transfer of the shares in respect of which the proxy is given:

Provided that no intimation in writing of such death, insanity, revocation or transfer shall have been received by the company at its office before the commencement of the meeting or adjourned meeting at which the proxy is used.

Board of Directors

60. (i) The number of the directors and the names of the first directors shall be determined in writing by the subscribers of the memorandum or a majority of them.

The following shall be first Directors of the Company:

- 1. Mr. Kaid Johar Kalabhai**
- 2. Mr. Anshul Kanungo**
- 3. Mr. Juzer Biaorawala**

(ii) Until otherwise determined by a General Meeting of the Company and subject to the provisions of Section 149 of the Act, the number of Directors shall not be less than 3 (three) and not more than 15 (fifteen). Provided that a Company may appoint more than 15 (fifteen) directors after passing a special resolution.

61. (i) The remuneration of the directors shall, in so far as it consists of a monthly payment, be deemed to accrue from day-to-day.

(ii) In addition to the remuneration payable to them in pursuance of the Act, the directors may be paid all travelling, hotel and other expenses properly incurred by them --

- (a) in attending and returning from meetings of the Board of Directors or any committee thereof or general meetings of the company;
- or
- (b) in connection with the business of the company.

62. The Board may pay all expenses incurred in getting up and registering the company.

63. The company may exercise the powers conferred on it by section 88 with regard to the keeping of a foreign register; and the Board may (subject to the provisions of that section) make and vary such regulations as it may think fit respecting the keeping of any such register.

64. All cheques, promissory notes, drafts, hundis, bills of exchange and other negotiable instruments, and all receipts for monies paid to the company, shall be signed, drawn, accepted, endorsed, or otherwise executed, as the case may be, by such person and in such manner as the Board shall from time to time by resolution determine.

65. Every director present at any meeting of the Board or of a committee thereof shall sign his name in a book to be kept for that purpose.

66. (i) Subject to the provisions of section 149, the Board shall have power at any time, and from time to time, to appoint a person as an additional director, provided the number of the directors and additional directors together shall not at any time exceed the maximum strength fixed for the Board by the articles.

(ii) Such person shall hold office only up to the date of the next annual general meeting of the company but shall be eligible for appointment by the company as a director at that meeting subject to the provisions of the Act.

Proceedings of the Board

67. (i) The Board of Directors may meet for the conduct of business, adjourn and otherwise regulate its meetings, as it thinks fit.

(ii) A director may, and the manager or secretary on the requisition of a director shall, at any time, summon a meeting of the Board.

68. (i) Save as otherwise expressly provided in the Act, questions arising at any meeting of the Board shall be decided by a majority of votes.

(ii) In case of an equality of votes, the Chairperson of the Board, if any, shall have a second or casting vote.

69. The continuing directors may act notwithstanding any vacancy in the Board; but, if and so long as their number is reduced below the quorum fixed by the Act for a meeting of the Board, the continuing directors or director may act for the purpose of increasing the number of directors to that fixed for the quorum, or of summoning a general meeting of the company, but for no other purpose.

70. (i) The Board may elect a Chairperson of its meetings and determine the period for which he is to hold office.

(ii) If no such Chairperson is elected, or if at any meeting the Chairperson is not present within five minutes after the time appointed for holding the meeting, the directors present may choose one of their number to be Chairperson of the meeting.

71. (i) The Board may, subject to the provisions of the Act, delegate any of its powers to committees consisting of such member or members of its body as it thinks fit.

(ii) Any committee so formed shall, in the exercise of the powers so delegated, conform to any regulations that may be imposed on it by the Board.

72. (i) A committee may elect a Chairperson of its meetings.

(ii) If no such Chairperson is elected, or if at any meeting the Chairperson is not present within five minutes after the time appointed for holding the meeting, the members present may choose one of their members to be Chairperson of the meeting.

73. (i) A committee may meet and adjourn as it thinks fit.

(ii) Questions arising at any meeting of a committee shall be determined by a majority of votes of the members present, and in case of an equality of votes, the Chairperson shall have a second or casting vote.

74. All acts done in any meeting of the Board or of a committee thereof or by any person acting as a director, shall, notwithstanding that it may be afterwards discovered that there was some defect in the appointment of any one or more of such directors or of any person acting as aforesaid, or that they or any of them were disqualified, be as valid as if every such director or such person had been duly appointed and was qualified to be a director.

75. Save as otherwise expressly provided in the Act, a resolution in writing, signed by all the members of the Board or of a committee thereof, for the time being entitled to receive notice of a meeting of the Board or committee, shall be valid and effective as if it had been passed at a meeting of the Board or committee, duly convened and held.

76. In case of a One Person Company where the company is having only one director all the businesses to be transacted at the meeting of the Board shall be entered into minutes book maintained under section 118 such minutes book shall be signed and dated by the director the resolution shall become effective from the date of signing such minutes by the director.

Chief Executive Officer, Manager, Company Secretary or Chief Financial Officer

77. Subject to the provisions of the Act, --

(i) A chief executive officer, manager, company secretary or chief financial officer may be appointed by the Board for such term, at such remuneration and upon such conditions as it may think fit; and any chief executive officer, manager, company secretary or chief financial officer so appointed may be removed by means of a resolution of the Board;

(ii) A director may be appointed as chief executive officer, manager, company secretary or chief financial officer.

(iii) Subject to the approval of the Board of Directors of the Company, the Chairman of the Board of Directors of the Company can hold the position of the Managing Director and /or the Chief Executive Officer of the Company at the same time.

78. A provision of the Act or these regulations requiring or authorising a thing to be done by or to a director and chief executive officer, manager, company secretary or chief financial officer shall not be satisfied by its being done by or to the same person acting both as director and as, or in place of, chief executive officer, manager, company secretary or chief financial officer.

The Seal

79. (i) The Board shall provide for the safe custody of the seal.

(ii) The seal of the company shall not be affixed to any instrument except by the authority of a resolution of the Board or of a committee of the Board authorized by it in that behalf, and except in the presence of at least two directors and of the secretary or such other person as the Board may appoint for the purpose; and those two directors and the secretary or other person aforesaid shall sign every instrument to which the seal of the company is so affixed in their presence.

Dividends and Reserve

80. The company in general meeting may declare dividends, but no dividend shall exceed the amount recommended by the Board.

81. Subject to the provisions of section 123, the Board may from time to time pay to the members such interim dividends as appear to it to be justified by the profits of the company.

82. (i) The Board may, before recommending any dividend, set aside out of the profits of the company such sums as it thinks fit as a reserve or reserves which shall, at the discretion of the Board, be applicable for any purpose to which the profits of the company may be properly applied, including provision for meeting contingencies or for equalizing dividends; and pending such application, may, at the like discretion, either be employed in the business of the company or be invested in such investments (other than shares of the company) as the Board may, from time to time, think fit.

(ii) The Board may also carry forward any profits which it may consider necessary not to divide, without setting them aside as a reserve.

83. (i) Subject to the rights of persons, if any, entitled to shares with special rights as to dividends, all dividends shall be declared and paid according to the amounts paid or credited as paid on the shares in respect whereof the dividend is paid, but if and so long as nothing is paid upon any of the shares in the company, dividends may be declared and paid according to the amounts of the shares.

(ii) No amount paid or credited as paid on a share in advance of calls shall be treated for the purposes of this regulation as paid on the share.

(iii) That any amount paid up in advance of calls on any share may carry interest but shall not in respect thereof confer a right to dividend or to participate in profits.

(iv) All dividends shall be apportioned and paid proportionately to the amounts paid or credited as paid on the shares during any portion or portions of the period in respect of which the dividend is paid; but if any share is issued on terms providing that it shall rank for dividend as from a particular date such share shall rank for dividend accordingly.

84. The Board may deduct from any dividend payable to any member all sums of money, if any, presently payable by him to the company on account of calls or otherwise in relation to the shares of the company.

85. (i) Any dividend, interest or other monies payable in cash in respect of shares may be paid by cheque or warrant sent through the post directed to the registered address of the holder or, in the case of joint holders, to the registered address of that one of the joint holders who is first named on the register of members, or to such person and to such address as the holder or joint holders may in writing direct.

(ii) Every such cheque or warrant shall be made payable to the order of the person to whom it is sent.

86. Any one of two or more joint holders of a share may give effective receipts for any dividends, bonuses or other monies payable in respect of such share.

87. Notice of any dividend that may have been declared shall be given to the persons entitled to share therein in the manner mentioned in the Act.

88. No dividend shall bear interest against the company.

Accounts

89. (i) The Board shall from time to time determine whether and to what extent and at what times and places and under what conditions or regulations, the accounts and books of the company, or any of them, shall be open to the inspection of members not being directors.

(ii) No member (not being a director) shall have any right of inspecting any account or book or document of the company except as conferred by law or authorized by the Board or by the company in general meeting.

Winding up

90. Subject to the provisions of Chapter XX of the Act and rules made there under –

(i) If the company shall be wound up, the liquidator may, with the sanction of a special resolution of the company and any other sanction required by the Act, divide amongst the members, in specie or kind, the whole or any part of the assets of the company, whether they shall consist of property of the same kind or not.

(ii) For the purpose aforesaid, the liquidator may set such value as he deems fair upon any property to be divided as aforesaid and may determine how such division shall be carried out as between the members or different classes of members.

(iii) The liquidator may, with the like sanction, vest the whole or any part of such assets in trustees upon such trusts for the benefit of the contributories if he considers necessary, but so that no member shall be compelled to accept any shares or other securities whereon there is any liability.

Indemnity

91. Every officer of the company shall be indemnified out of the assets of the company against any liability incurred by him in defending any proceedings, whether civil or criminal, in which judgment is given in his favour or in which he is acquitted or in which relief is granted to him by the court or the Tribunal
